Magic Body And Social Order

Regina F. Bendix, Galit Hasan-Rokem

Magic Body And Social Order:

Magic, Body and Social Order Laura Stark-Arola, 1998 Magic rituals and belief were an important part of everyday life in rural Finland surviving even into this century Numerous descriptions of Finnish women's magic rituals have been recorded over the past 150 years yet we actually know little about the unusual world of women's private magic and women's own motivations in performing it This book focuses on magic rituals practised by and for women as well as pollution beliefs about women and explores how these rituals and taboos reveal gender dynamics and symbolism in traditional Finnish culture By applying anthropological perspectives to the folklore materials the author provides new insights into concepts of body and pollution female sexuality and gender inequality Many of the original source materials on women's magic rituals are translated into English for the first time here This book will be of major interest to students and scholars of Finnish folk belief gender studies and women's folklore

Magic, Body and the Self in Eighteenth-Century Sweden Jacqueline Van Gent, 2009 Contrary to previous assumptions magic remained an integral part of everyday life in Enlightenment Europe This book demonstrates that the endurance of magical practices both benevolent and malevolent was grounded in early modern perceptions of an interconnected body self and spiritual cosmos Drawing on eighteenth century Swedish witchcraft trials which are exceptionally detailed these notions of embodiment and selfhood are explored in depth The nuanced analysis of healing magic the role of emotions the politics of evidence and proof and the very ambiguity of magical rituals reveals a surprising syncretism of Christian and pre Christian elements The book provides a unique insight to the history of magic and witchcraft the study of eighteenth century religion and culture and to our understanding of body and self in the past

Witchcraft continued Willem De Blecourt, Owen Davies, 2018-07-30 This electronic version has been made available under a Creative Commons BY NC ND open access license The study of witchcraft accusations in Europe during the period after the end of the witch trials is still in its infancy Witches were scratched in England swum in Germany beaten in the Netherlands and shot in France The continued widespread belief in witchcraft and magic in nineteenth and twentieth century France has received considerable academic attention The book discusses the extent and nature of witchcraft accusations in the period and provides a general survey of the published work on the subject for an English audience It explores the presence of magical elements in everyday life during the modern period in Spain The book provides a general overview of vernacular magical beliefs and practices in Italy from the time of unification to the present with particular attention to how these traditions have been studied By functioning as mechanisms of social ethos and control narratives of magical harm were assured a place at the very heart of rural Finnish social dynamics into the twentieth century The book draws upon over 300 narratives recorded in rural Finland in the late nineteenth and early twentieth centuries that provide information concerning the social relations tensions and strategies that framed sorcery and the counter magic employed against it It is concerned with a special form of witchcraft that is practised only amongst Hungarians living in Transylvania

The Magical Body

Richard Eves, 2014-01-09 An intriguing exploration of the role and significance of the body in the world of a Pacific Islands People the Lelet of New Ireland Papua New Guinea In vivid ethnographic detail the monograph captures the fluidity and complexity of Lelet conceptions of corporeality and their significance to identity as they encounter the influences of modernity in the form of colonialism Christianity and cash cropping The author examines the importance of the body to constructions of identity and difference and its role in the constitution of place and space The book provides a richly detailed ethnographic study of magical belief and the body whilst paying particular attention to the polyvalent meanings of bodily images and metaphors as they are used in numerous contexts of magic **Storied and Supernatural Places** Ülo

Valk, Daniel Sävborg, 2018-05-09 This book addresses the narrative construction of places the relationship between tradition communities and their environments the supernatural dimensions of cultural landscapes and wilderness as they are manifested in European folklore and in early literary sources such as the Old Norse sagas The first section Explorations in Place Lore discusses cursed and sacred places churches graveyards haunted houses cemeteries grave mounds hill forts and other tradition dominants in the micro geography of the Nordic and Baltic countries both retrospectively and from synchronous perspectives The supernaturalisation of places appears as a socially embedded set of practices that involves storytelling and ritual behaviour Articles show how places accumulate meanings as they are layered by stories and how this shared knowledge about environments can actualise in personal experiences Articles in the second section Regional Variation Environment and Spatial Dimensions address ecotypes milieu morphological adaptation in Nordic and Baltic Finnic folklores and the active role of tradition bearers in shaping beliefs about nature as well as attitudes towards the environment The meaning of places and spatial distance as the marker of otherness and sacrality in Old Norse sagas is also discussed here The third section of the book Traditions and Histories Reconsidered addresses major developments within the European social histories and mentalities It scrutinizes the history of folkloristics its geopolitical dimensions and its connection with nation building as well as looking at constructions of the concepts Baltic Nordic and Celtic It also sheds light on the social base of folklore and examines vernacular views toward legendry and the supernatural *The Oxford Handbook of Feminist Theology* Mary McClintock Fulkerson, Sheila Briggs, 2012 This volume highlights the relevance of globalization and the insights of gender studies and religious studies for feminist theology It focuses on the changing global contexts for the field and its movement towards new models of theology distinct from the forms of traditional Christian systematic theology and of secular feminism *Magic* Owen Davies, 2012-01-26 Defining magic is a maddening task Over the last century numerous philosophers anthropologists historians and theologians have attempted to pin down its essential meaning sometimes analysing it in such complex and abstruse depth that it all but loses its sense altogether For this reason many people often shy away from providing a detailed definition assuming it is generally understood as the human control of supernatural forces Magic continues to pervade the popular imagination and idiom People feel comfortable with its contemporary multiple

meanings unaware of the controversy conflict and debate its definition has caused over two and a half millennia In common usage today magic is uttered in reference to the supernatural superstition illusion trickery religious miracles fantasies and as a simple superlative The literary confection known as magical realism has considerable appeal and many modern scientists have ironically incorporated the word into their vocabulary with their magic acid magic bullets and magic angles Since the so called European Enlightenment magic has often been seen as a marker of primitivism of a benighted earlier stage of human development Yet across the modern globalized world hundreds of millions continue to resort to magic and also to fear it Magic provides explanations and remedies for those living in extreme poverty and without access to alternatives In the industrial West with its state welfare systems religious fundamentalists decry the continued moral threat posed by magic Under the guise of neo Paganism its practice has become a religion in itself Magic continues to be a truly global issue This Very Short Introduction does not attempt to provide a concluding definition of magic it is beyond simple definition Instead it explores the many ways in which magic as an idea and a practice has been understood and employed over the millennia ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

More than Mythology Catharina Raudvere, Jens Peter Schjødt, 2012-01-07 Written by distinguished scholars from multiple perspectives this account widens the interpretative scope on religious life among the pre Christian Scandinavian people The religion of the Viking Age is conventionally identified through its mythology the ambiguous character Odin the forceful Thor and the end of the world approaching in Ragnar k However pre Christian religion consisted of so much more than mythic imagery and legends and has long lingered in folk tradition Exploring the religion of the North through an interdisciplinary approach the book sheds new light on a number of topics including rituals gender relations social hierarchies and interregional contacts between the Nordic tradition and the Sami and Finnish regions **A Companion to Folklore** Regina F. Bendix, Galit Hasan-Rokem, 2014-08-25 A Companion to Folklore contains an original and comprehensive set of essays from international experts in the field of folklore studies This state of the art collection uniquely displays the vitality of folklore research across the globe The Companion covers four main areas the first section engages with the practices and theoretical approaches developed to understand the phenomena of folklore the second discusses the distinctive shapes that folklore studies have taken in different locations in time and space the third examines the interaction of folklore with various media as well as folklore s commoditization In the final section on practice essays offer insights into how folklorists work what they do and ways in which they have institutionalized their field Throughout contributors investigate the interplay of folklore and folkloristics in both academic and political arenas they evaluate key issues in the folk life of communities from around the world including China post communist Russia post colonial India South America Israel and Japan The result is a unique

reflection and understanding of the profoundly different research histories and current perspectives on international research in the field

Ethnologia Europaea vol. 46:1 Laura Stark, 2016-05-30 Special issue Muslim Intimacies In every society individual choice and freedom are shaped at least to some degree by the needs of familial and marital institutions Currently negotiations between individuals and families are undergoing transformations due to late modern processes such as recent waves of mass migration the increasing transnationalism of everyday practices global commerce in ideas and images and the expansion of information technology into all corners of people's lives Some of the greatest challenges are experienced by Muslim families the majority of the world's Muslims live in extreme poverty and in Europe anti Muslim sentiment has found a firm foothold in public attitudes and debates This special issue explores the dilemmas facing transnational Muslim families as well as those who feel the impact of late modern transformations in societies where they have lived for generations Five scholarly articles address family dynamics among Muslims in Finland Anne H. K. Kinen Ethiopia Outi Fingerroos Italy and Sweden Pia Karlsson Minganti Morocco Raquel Gil Carvalheira and Tanzania Laura Stark these are complemented by the insightful commentary by Garbi Schmidt The aim of this theme issue is to develop new ways of talking about the links between Islam family and the individual which move away from the ethnocentrism of Western concepts and pay greater attention to the desires and goals of those studied This volume includes two open issue contributions Magdalena Elchinova scrutinizes identity construction among Orthodox Bulgarians based in Istanbul and in the context of the post Fordist creative city Ove Sutter analyses the playful and performative protests of activists following the declaration of the so called Danger Zone 2014 in Hamburg Germany

The Social and Political Body Theodore R. Schatzki, Wolfgang Natter, 1996-01-01 Beginning with the provocative premise that the body is the anchor of the social order this book delves into the multidimensional relationship between sociopolitical bodies and human bodies It explores the way that prevailing economic and political institutions affect our experience of our physical selves and in turn the ways that our bodily senses energies activities and desires reinforce or challenge the status quo

The Witch Ronald Hutton, 2017-01-01 This book sets the notorious European witch trials in the widest and deepest possible perspective and traces the major historiographical developments of witchcraft

The Magical Self Laura Stark, 2006

Body, Soul, Spirits and Supernatural Communication Éva Pócs, 2019-01-17 This book provides a nuanced picture of the notions of body and soul held by the peoples of Europe through the soul concepts associated with the Judeo Christian tradition and other religions and denominations and the alternative traditions preserved alongside Christianity in folklore collections linguistic and literary records The studies also emphasize the connections between these notions and beliefs related to death and the dead as well as questions of communication between the human world and the spirit world The essays here focus on the roles notions of the soul and the spirit world play in the everyday life religion and mentality of various communities their folklore and literary representations as well as the narrative metaphors motifs topoi and genres of ideas about the soul and about supernatural

communication along with questions of the relationship between narratives and religious notions This book will appeal to researchers and students of religion mythology folklore and the anthropology of religion as well as general readers interested in the humanities

Popular Magic: Cunning-folk in English History Owen Davies, 2007-06-01 Cunning folk were local practitioners of magic providing small scale but valued service to the community They were far more representative of magical practice than the arcane delvings of astrologers and necromancers Mostly unsensational in their approach cunning folk helped people with everyday problems how to find lost objects how to escape from bad luck or a suspected spell and how to attract a lover or keep the love of a husband or wife While cunning folk sometimes fell foul of the authorities both church and state often turned a blind eye to their existence and practices distinguishing what they did from the rare and sensational cases of malvolent witchcraft In a world of uncertainty before insurance and modern science cunning folk played an important role that has previously been ignored

The Routledge Handbook of Psychoanalysis in the Social Sciences and Humanities Anthony Elliott, Jeffrey Prager, 2016-04-14 The Routledge Handbook of Psychoanalysis in the Social Sciences and Humanities provides a comprehensive critical overview of the historical theoretical and applied forms of psychoanalytical criticism This path breaking Handbook offers students new ways of understanding the powers and limits of psychoanalysis and of the social cultural and political possibilities of psychoanalytic critique The book offers students and professionals clear and concise chapters on the development of psychoanalysis introducing key theories that have influenced debates over the psyche desire and emotion in the social sciences and humanities There are substantive chapters on classical Freudian theory Kleinian and Bionian theory object relations psychoanalysis Lacanian and post Lacanian approaches feminist psychoanalysis as well as postmodern trends in psychoanalysis There is a strong emphasis on interdisciplinary approaches to psychoanalytic critique with contributions drawing from developments in sociology politics history cultural studies women s studies and architecture

Myth and Mentality Anna-Leena Siikala, 2002-05-15 The recent fascination in Finnish folklore studies with popular thought and the values and emotions encoded in oral tradition began with the realisation that the vast collections of the Finnish folklore archives still have much to offer the modern day researcher These archive materials were not only collected by scholars but also by the ordinary rural populace interested in their own traditions by performers and their audiences With its myriad voices this body of source material thus provides new avenues for the researcher seeking to penetrate popular thought What does oral tradition tell us about the way its performers think and feel What sorts of beliefs and ideas are transmitted in traditional songs and narratives Perspectives from the study of mentalities and cultural cognition research provide a framework for investigating these issues This collection of articles works from the premise that the cultural models which shape mentalities give rise to manifest expressions of culture including folklore These models also become embedded in the representations appearing in folklore and are handed down from one generation to the next The topics of the book cover age old myths and world views concepts of witchcraft and the Devil stretching back to the Middle

Ages and the values and collective emotions of Finnish and Hungarian agrarian communities Revisiting Gender in European History, 1400–1800 Elise M. Dermineur, Åsa Karlsson Sjögren, Virginia Langum, 2018-04-17 Do women have a history Did women have a renaissance These were provocative questions when they were raised in the heyday of women's studies in the 1970s But how relevant does gender remain to premodern history in the twenty first century This book considers this question in eight new case studies that span the European continent from 1400 to 1800 An introductory essay examines the category of gender in historiography and specifically within premodern historiography as well as the issue of source material for historians of the period The eight individual essays seek to examine gender in relation to emerging fields and theoretical considerations as well as how premodern history contributes to traditional concepts and theories within women's and gender studies such as patriarchy **Body Problematic** Laura Hengehold, 2010-11-01 *The Palgrave Handbook of Magical Realism in the Twenty-First Century* Richard Perez, Victoria A. Chevalier, 2020-04-30 The Palgrave Handbook of Magical Realism in the Twenty First Century examines magical realism in literatures from around the globe Featuring twenty seven essays written by leading scholars this anthology argues that literary expressions of magical realism proliferate globally in the twenty first century due to travel and migrations the shrinking of time and space and the growing encroachment of human life on nature In this global context magical realism addresses twenty first century politics aesthetics identity and social national formations where contact between and within cultures has exponentially increased altering how communities and nations imagine themselves This text assembles a group of critics throughout the world the Americas Europe Africa Asia the Middle East and Australia who employ multiple theoretical approaches to examine the different ways magical realism in literature has transitioned to a global practice thus signaling a new stage in the history and development of the genre

Magic Body And Social Order Introduction

In today's digital age, the availability of Magic Body And Social Order books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Magic Body And Social Order books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Magic Body And Social Order books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Magic Body And Social Order versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Magic Body And Social Order books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Magic Body And Social Order books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Magic Body And Social Order books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to

borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Magic Body And Social Order books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Magic Body And Social Order books and manuals for download and embark on your journey of knowledge?

FAQs About Magic Body And Social Order Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Magic Body And Social Order is one of the best book in our library for free trial. We provide copy of Magic Body And Social Order in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Magic Body And Social Order. Where to download Magic Body And Social Order online for free? Are you looking for Magic Body And Social Order PDF? This is definitely going to save you time and cash in something you should think about.
