how that question has been answered in American popular culture It begins with five framing essays that provide historical and intellectual background on ideas about the afterlife in Western culture These essays are followed by more than 100 entries each focusing on specific cultural products or authors that feature the afterlife front and center Entry topics include novels film television shows plays works of nonfiction graphic novels and more all of which address some aspect of what may await us after our passing This book is unique in marrying a historical overview of the afterlife with detailed analyses of particular cultural products such as films and novels In addition it covers these topics in nonspecialist language written with a student audience in mind The book provides historical context for contemporary depictions of the afterlife addressed in the entries which deal specifically with work produced in the 20th and 21st centuries *The Merry Men of the Riverworld* John Gregory Betancourt, 2016-07-18 When an actor who played Robin Hood on a 1950s children's TV show wakes up in Riverworld he decides to live out his dreams and forms a new band of Merry Men including Abraham Lincoln as Little John Unfortunately he didn't count on running into Al Capone who has hijacked a thriving technocracy run by Jules Verne Set in Philip Jose Farmer's Riverworld universe this novelet was written with Farmer's permission **Aphra Behn** Mary Ann O'Donnell, 2017-03-02 This annotated bibliography constitutes a thoroughly revised and more easily readable study of Behn's publications of those edited or translated by her of publications that included her works and of writings ascribed to her along with an annotated bibliography of over 1600 works about her from 1671 to 2001 with an unannotated update covering 2002 The augmented primary bibliography describes all known editions and issues of her works to 1702 and adds a catalogue of editions to 2002 including on line sources The secondary bibliography adds close to 1000 items published since 1984 to the original 600 of the first edition along with about 175 more from 1671 to 1984 with attention to materials not in English New appendices include a list of dedicatees actors recent productions with reviews and provenances This volume will be invaluable for book dealers collectors and librarians as well as students and scholars of Aphra Behn and of Restoration literature **Northrop Frye and Others** Robert D. Denham, 2018-09-05 Robert D Denham pursues his quest to uncover the links between Northrop Frye and writers and others who directly influenced his thinking but about whom he did not write an extensive commentary The first chapter is about Frye's reading of Patanjali the founder of the philosophy of Hindu yoga while the second discusses cultural mythographer Giambattista Vico literary history and poetic language The focus of Frye's criticism was the verbal arts but he also had an abiding interest in both the visual arts and music hence Frye's admiration of J S Bach The essay on Tolkien examines the tendency in literary history to return from irony to myth as well as the role that Tolkien played in Frye's fiction writing fantasies In subsequent chapters Denham explores Frye's preference for romance and his critique of realism which run parallel to the views of Oscar Wilde and their strong shared convictions about the centripetal thrust of art and about criticism being as creative as literature Frye's appreciation for Whitehead's concept of interpenetration in *Science in the Modern World* became a key feature of Frye's speculations about the highest reaches of

literature and religion Frye is clearly indebted to Martin Buber particularly his influential meditation I and Thou Aristotle an important influence upon Frye was partially filtered through R S Crane and his *The Languages of Criticism and the Structure of Poetry* Finally the relationship between Frye and his Oxford tutor Edmund Blunden are explored while the last is an essay on Frye and M H Abrams on how Frye's critical project might be viewed developed in Abrams's *The Mirror and the Lamp* This book is published in English Robert D Denham poursuit son examen d'ouvrages et autres influences qui ont marqué l'important critique Northrop Frye mais sur lesquels celui-ci n'avait pas consacré de réflexions développées Le premier chapitre porte sur la lecture que fait Frye de Patanjali le fondateur de la philosophie du yoga hindou et le deuxième sur le mythographe culturel Giambattista Vico l'histoire littéraire et le langage poétique Frye s'intéressait aux arts visuels et la musique et Denham approfondit l'influence de J S Bach sur Frye Le chapitre sur Tolkien porte sur la tendance en histoire littéraire de passer de l'ironie au mythe mais aussi sur l'ascendant de Tolkien sur la fiction fantaisiste de Frye Dans les chapitres suivants Denham explore la préférence de Frye pour le romantique et sa critique du réalisme qui trouvent chez Oscar Wilde de même que leur conviction partagée de l'importance de l'art et de la critique comme tant aussi créative que la littérature L'admiration de Frye pour le concept d'interprétation présent dans le *Science in the Modern World* de Whitehead est devenue un élément clé des réflexions de Frye sur la portée de la littérature et de la religion Denham explore aussi le lien entre Frye et Martin Buber dont la méditation I and Thou l'a beaucoup inspiré et celui entre Frye et R S Crane qui parle beaucoup d'Aristote dans son ouvrage *The Languages of Criticism and the Structure of Poetry* Le chapitre 9 explore la relation entre Frye et son tuteur d'Oxford Edmund Blunden alors que le dernier chapitre porte sur Frye et M H Abrams et notamment sur le projet critique de Frye compris la lumière du cadre sur la théorie critique développée par Abrams dans *The Mirror and the Lamp* Ce livre est publié en anglais
