Magic Mirror:

The Magic Mirrors Of Old Japan Silvanus P Thompson, 2019-01-25 Lovers of the Occult and the unusual will love this book. It gives a deep insight into the ancient Japanese tradition of magic mirrors and their connection to the Sun Goddess. In Japan, mirrors had a peculiar place in society and spirituality. Mirrors were often decorated and surrounded with flowers like we see icons from the West decorated and some of them are told to have magical properties. This book digs into the special properties. It seems that due to an old technique, some Japanese mirrors can present patterns or images not to the onlooker but at the mirror's reflection in the room if the light source is just right. How to Make and Use a Magic Mirror Donald Tyson, 1990 The only complete guide to making and using a black mirror. A must for the developing magician. MAGIC MIRROR, THE SACRED QUIMBANDA ORACLE OF EXU CARLOS MONTENEGRO, 2012-05-26 The Quimbanda Magic Mirror is a scrying mirror that can be used to see the movements of your enemies and to spy on them. The word scrying comes from the old English word *descry* meaning to see or to observe. Scrying is a form of clairvoyance that usually uses mirrors, crystals, a bowl of water or other scrying devices. The Quimbanda Magic Mirror is a great addition to your spiritual tools as it can foretell things both good and bad to come. By using this magic mirror, you will be able to be one step ahead of your occult enemies and thus it will allow you to prepare and to take action to stop them from continuing to harm you. Once you have prepared your Quimbanda Magic Mirror, you can keep it on your spiritual altar until ready to use. THIS BOOK TELLS HOW TO PREPARE THE MONTENEGRO AFRO QUIMBANDA MAGIC MIRROR. *Voodoo Rituals* Heike Owusu, 2002 Influence the unconscious mind. To practice Voodoo is to enter the ancient world of Magik where secret arts developed from rituals held by ancient pagans, Native American tribes, Haitians and Wiccans. Understand Voodoo's underlying ideas and learn to make use of its powers with illustrated instructions and exercises. Use charms to bring good luck to your relationships, finances and health or curses to keep away harmful forces and persons. Make and employ the full range of sacred objects: dolls, candles, incense, ritual clothing, swords, knives, needles and nails, goblets, keys, mirrors, musical instruments, amulets and masks for charm or curse, symbols to place in your room, car or clothing. Breathing exercises enable you to enter trances, contact the unconscious and even the dead. *THE QUIMBANDA MAGIC MIRROR - THE SACRED BRAZILIAN QUIMBANDA ORACLE OF CHICO ITA-MONTENEGRO* CARLOS ANTONIO DE BOURBON-GALDIANO-MONTENEGRO, 2011-09-23 The following partial manuscript was taken from the original magical Grimoire of my Great Uncle Chico Ita Montenegro which is now in my possession. It is a translation from its original Portuguese version. A sacred world shrouded in mystery, rich folklore and forgotten ancient magical mysteries to invoke and to awaken the power of the Universe. The following magical formula of how to prepare the Montenegro Quimbanda Magic Mirror and how to give it life. *Working with a Magic Mirror* Draja Mickaharic, 2013-08-04 This book is intended for those who have had some experience with Magic Mirrors. It is not intended for the novice. Some of the information in this pamphlet

requires prior knowledge of the elements of magic as well as some Ceremonial Magical techniques These are not explained for the novice

A Course of Instruction of Theory & Practice of Magic + *Magical Evocation* + *Magical Words* Franz Bardon, 2021-01-19 This volume contains all three books of theoretical and practical use by Franz Bardon Franz Bardon needs no introduction in the field of Magic Evocation occultism practical use of the first three tarot cards use of magical words and letters *A Course of Instruction of Theory Practice of Magic* *Magical Evocation* *Magical Words* Anyone who should believe to find in this work nothing else but a collection of recipes with the aid of which he can easily and without any effort attain to honor and glory riches and power and aim at the annihilation of his enemies might be told from the very inception that he will put aside this book being very disappointed Numerous sects and religions do not understand the expression of magic otherwise than black art witchcraft or conspiracy with evil powers It is therefore not astonishing that many people are frightened by a certain horror whenever the word magic is pronounced Jugglers conjurers and charlatans have discredited this term and considering this circumstance there is no surprise that magic knowledge has always been looked upon with a slight disregard Even in the remotest times the MAGUS has been regarded as one of the highest adepts and it might be of interest to learn that as a matter of fact the word magic is derived from this word The so called sorcerers are by no means initiates but only imitators of the mysteries who counting partly on the ignorance and partly on the credulity of the individuality or a whole nation in order to reach their selfish aims by lies and fraud The true magician will always despise such practices In reality magic is a sacred science it is in the very true sense the sum of all knowledge because it teaches how to know and utilize the sovereign rules There is no difference between magic and mystic or any other conception of the name Wherever authentic initiation is at stake one has to proceed on the same basis according to the same rules irrespective of the name given by this or that creed Considering the universal polarity rules of good and evil active and passive light and shadow each science can serve good as well as bad purposes Let us take the example of a knife an object that virtually ought to be used for cutting bread only which however can become a dangerous weapon in the hands of a murderer All depends on the character of the individual This principle goes just as well for all the spheres of the occult sciences In my book I have chosen the term of magician for all of my disciples it being a symbol of the

deepest initiation and the highest wisdom Many of the readers will know of course that the word tarot does not mean a game of cards serving mantical purposes but a symbolic book of initiation which contains the greatest secrets in a symbolic form The first tablet of this book introduces the magician representing him as the master of the elements and offering the key to the first Arcanum the secret of the ineffable name of Tetragrammaton the quabbalistic Yod He Vau He Here we will therefore find the gate to the magician s initiation The reader will easily realize how significant and how manifold the application of this tablet is Not one of the books published up to date does describe the true sense of the first Tarot card so distinctly as I have done in my book It is let it be noted born from the own practice and destined for the practical use of a lot of other people and all my disciples have found it to be the best and most serviceable system Tetragrammaton literally means the four letter word It was a subterfuge to avoid the sin of uttering the sacred name YHVH Yahveh or Jehova as it later became when the vowels of another word were combined with the consonants of YHVH But I would never dare to say that my book describes or deals with all the magic or mystic problems If anyone should like to write all about this sublime wisdom he ought to fill folio volumes It can however be affirmed positively that this work is indeed the gate to the true initiation the first key to using the universal rules I am not going to deny the fact of fragments being able to be found in many an author s publications but not in a single book will the reader find so exact a description of the first Tarot card I have taken pains to be as plain as possible in the course of the lectures to make the sublime Truth accessible to everybody although it has been a hard task sometimes to find such simple words as are necessary for the understanding of all the readers I must leave it to the judgment of all of you whether or not my efforts have been successful At certain points I have been forced to repeat myself deliberately to emphasize some important sentences and to spare the reader any going back to a particular page There have been many complaints of people interested in the occult sciences that they had never got any chance at all to be initiated by a personal master or leader guru Therefore only people endowed with exceptional faculties a poor preferred minority seemed to be able to gain this sublime knowledge Thus a great many of serious seekers of the truth had to go through piles of books just to catch one pearl of it now and again The one however who is earnestly interested in his progress and does not pursue this sacred wisdom from sheer curiosity or else is yearning to satisfy his own lust will find the right leader to initiate him in this book No incarnate adept however high his rank may be can give the disciple more for his start than the present book does If both the honest trainee and the attentive reader will find in this book all they have been searching for in vain all the years then the book has fulfilled its purpose completely The Author
