*Natural Essential Oils for Health* IntroBooks,2018-02-21 Modern cooking is probably one of the most criticised forms of art of modern era Industrialised food has without doubt made a mark of its own in deteriorating the average health markers around the world Starting from the 1980s a secret movement had started to improve the health of people and to go back to our grandparents and great grandparents time when strokes and heart disorders rarely did exist Science has been the biggest ally in this fight against packaged industrialised food as it keeps up its march of revelation unheeded and unstoppable by the returning fire that most industrial houses and privately funded laboratories provide in the form of researches and reports for certain food materials trying to convince the people that they can be beneficial for health Since health has become one of the primary issues for state as well as private levels selecting the best oil for maintaining a good health can be a task of its own Cooking is an art and just like all other forms of art it requires the right focus and the right brushes to make a perfect picture Just like the right amount of paint orientation and the right choice of brushes make way for a perfect picture similarly a healthy platter requires one to use the right cooking and food oils to maintain a healthy outlook in life
