

If I Had A Real Magic Wand...

When we are young, we all have many dreams. We wish for so many things also. I, too, wish for many things. But there is one thing I wish for with all my heart and that is a real magic wand. How happy that would make me!

There are many good things that I would do with my magic wand. Our world is becoming unsafe day by day. People are only interested in themselves and are mean to others. There are thieves and murderers. Good people live in fear all the time. Even rich people are not happy even though they have so much money. They are always scared that someone will take it away. I would use my magic wand to make this world a safer place to live in. People would not be afraid any more.

People have no time for family and friends because they only think of themselves. Some have so much and some have nothing. There are so many people who have nothing to eat and no home to live in. It would be so nice if people were kinder and shared their time and wealth with others. I do not like to see sadness on anyone's face. I would use my magic wand to create beautiful homes for the homeless. I would also make sure that no one would be without food.

I want to live in a world that is good and where people love each other. So, if I had a real magic wand, I would change all the bad things in the world. I would make it a better and happier place for all human beings.

essays and how to go about the whole process Most students find it comfortable to work with sample or model essays these days Needless to say there are zillions of ideas on the internet and Google will simply spill vast ideas on essay and letter writing in a jiffy There are sites which will give you essay samples at a consistent price unasked for that most students may not wish to pay for NOTHING is actually free And so is this book too In school boarding school those days teachers would give us a 1000 or more worded essay for homework and of course give us ample time for research and reading Internet and smart technology were unheard of we had the radio and colour TV then for entertainment and ideas however Gosh do I sound so old I m just about half a century only And so to cut the long story short I wish to make English language learners HAPPIER with the models I ve written here I hope that in reading this book you would have an idea as to present better writing and learn to work with bullet points and questions No teacher likes the idea of plagiarism as would anyone else As always use your own ideas facts and fantasies and flow of thoughts besides playing around with words to build your own masterpiece Enter your own world of imagination Make believe and believe you can make it Take a break a breather and then come back to where you ve left off Best of luck with good wishes in moving forward with writing Kind regards Yours truly Kesh Genga
