The Magic Mountain is a novel by Thomas Mann first published in German in November 1924 It is widely considered to be one of the most influential works of twentieth century German literature Mann started writing what was to become The Magic Mountain in 1912 It began as a much shorter narrative which revisited in a comic manner aspects of Death in Venice a novella that he was preparing for publication The newer work reflected his experiences and impressions during a period when his wife who was suffering from a lung complaint resided at Dr Friedrich Jessen's Waldsanatorium in Davos Switzerland for several months In May and June 1912 Mann visited her and became acquainted with the team of doctors and patients in this cosmopolitan institution According to Mann in the afterword that was later included in the English translation of his novel this stay inspired his opening chapter Arrival The outbreak of World War I interrupted his work on the book The savage conflict and its aftermath led the author to undertake a major re-examination of European bourgeois society He explored the sources of the destructiveness displayed by much of civilised humanity He was also drawn to speculate about more general questions related to personal attitudes to life health illness sexuality and *Magic Mountain* Robert McLaughlin, 2016 Nestled in the foothills of Golden Colorado construction began on Magic Mountain just two years after Disneyland's opening season Through never before seen photographs Magic Mountain tells the exciting story of the first attempt in America to spread the Disneyland model The dream of a theme park in Colorado was conceived by Walter F Cobb and designed by Marco Engineering of Los Angeles The park saw tens of thousands of visitors even during the construction period They witnessed live gunfights and playhouse melodramas and took a ride on the Magic Mountain railroad Unfortunately the park closed at the end of its premier season in 1960 but it would eventually evolve into Heritage Square For over 40 years this venue brought fun and entertainment to the young and young at heart following Cobb's vision of a clean entertaining and educational park for the whole family **The Magic Mountain** Thomas Mann, 2025-09-07T22:50:38Z Hans Castorp is a young man ready to start a career in shipbuilding but before he does he decides to visit his cousin Joachim a patient residing at a tuberculosis sanatorium in the mountains of Switzerland Castorp enjoys meeting and chatting with the wide array of colorful personalities living at the sanatorium until its director delivers some bad news Castorp too has symptoms of disease and must remain at the sanatorium indefinitely Thus begins a black comedy spanning years in which he lives and learns in this self-contained world in the mountains The Magic Mountain is a Bildungsroman and an allegory of the years surrounding World War I in which Castorp a naive blank slate symbolizing the Weimar Republic spends time with the motley crew in the sanatorium who each represent the nations and ideologies of

Europe vying for his attention World War I broke out and concluded as Mann was writing the novel at first he was opposed to the Weimar Republic but he later changed his mind and this development in his personal philosophy is reflected in how Castorp and the patients interact over the years and in Castorp's ultimate fate Adding to the novel's staying power are its many layers of allegory and allusion including Greek mythology European fable music opera and theater literature mysticism numerology medicine and philosophy Above these layers is Mann's overarching message of illness and death as necessary struggles to overcome before reaching a fulfilled life a theme from his earlier novella *Death in Venice* that he explicitly wished to revisit and expand upon This book is part of the Standard Ebooks project which produces free public domain ebooks

[The Weimar Moment](#) Leonard V. Kaplan, Rudy Koshar, 2012-01-26 *The Weimar Moment's* evocative assault on closure and political reaction its offering of democracy against the politics of narrow self interest cloaked in nationalist appeals to Volk and community or as would be the case in Nazi Germany race cannot but appeal to us today This appeal its historical grounding and content its complexities and tensions its variegated expressions across the networks of power and thought is the essential context of the present volume whose basic premise is unhappiness with Hegel's remark that we learn no more from history than we cannot learn from it The challenge of the papers in this volume is to provide the material to confront the present effectively drawing from what we can and do understand
