Princess Ruby Lal,2024-02-27 A captivating biography of one of the world s greatest adventurers the itinerant Mughal Princess Gulbadan based on her long forgotten memoir Finally a serious consideration of Gulbadan s achievement Kirkus Reviews Situated in the early decades of the magnificent Mughal Empire this first ever biography of Princess Gulbadan offers an enthralling portrait of a charismatic adventurer and unique pictures of the multicultural society in which she lived Following a migratory childhood that spanned Kabul and north India Gulbadan spent her middle years in a walled harem established by her nephew Akbar to showcase his authority as the Great Emperor Gulbadan longed for the exuberant

itinerant lifestyle she'd known. With Akbar's blessing she led an unprecedented sailing and overland voyage and guided harem women on an extended pilgrimage in Arabia. Amid increasing political tensions the women's un-Islamic behavior forced their return, lengthened by a dramatic shipwreck in the Red Sea. Gulbadan wrote a book upon her return, the only extant work of prose by a woman of the age. A portion of it is missing, either lost to history or redacted by officials who did not want the princess to have her say. *Vagabond Princess* contemplates the story of the missing pages and breathes new life into a daring historical figure. It offers a portal to a richly complex world rife with movement and migration where women's conviviality, adventure, and autonomies shine through.

Religion and Culture Under Mughals Aijaz Ahmad, 2024-01-01. This book *Religion and Culture under Mughals* is a humble effort to highlight the religious and cultural synthesis developed by the Mughal emperors in the diverse society of the Indian subcontinent. The Mughal Empire, which flourished from the early sixteenth to the early eighteenth centuries in the Indian subcontinent, played a significant role in shaping the religious and cultural landscape. Akbar implemented policies of religious inclusivity, seeking to integrate different religious communities into the imperial structure. While Babur was fond of natural beauty, learning, and literature, and warfare strategy, the other Mughal emperors, especially Akbar, Jahangir, and Shah Jahan, were patrons of the arts and learning. Aurangzeb was also an empire builder and encouraged harmony by appointing many Hindu Rajas to higher positions in the empire. However, his period remained disturbed due to the emergence of many local chiefs and some religious misunderstandings. The Mughal rulers left behind a legacy of magnificent buildings, including the Taj Mahal, Agra Fort, and Red Fort in Delhi. They encouraged the translation of religious texts, the creation of illustrated manuscripts, and the development of a rich cultural heritage.

Architecture of Mughal India Catherine B. Asher, 1992-09-24. In *Architecture of Mughal India*, Catherine Asher presents the first comprehensive study of Mughal architectural achievements. The work is lavishly illustrated and will be widely read by students and specialists of South Asian history and architecture, as well as by anyone interested in the magnificent buildings of the Mughal empire.

White Mughals William Dalrymple, 2004-04-27. *White Mughals* is the romantic and ultimately tragic tale of a passionate love affair that crossed and transcended all the cultural, religious, and political boundaries of its time. James Achilles Kirkpatrick was the British Resident at the court of the Nizam of Hyderabad when in 1798 he glimpsed Kahir-un-Nissa. Most excellent among women, the great niece of the Nizam's Prime Minister and a descendant of the Prophet, Kirkpatrick had gone out to India as an ambitious soldier in the army of the East India Company, eager to make his name in the conquest and subjection of the subcontinent. Instead, he fell in love with Khair and overcame many obstacles to marry her, not least of which was the fact that she was locked away in purdah and engaged to a local nobleman. Eventually, while remaining Resident, Kirkpatrick converted to Islam and, according to Indian sources, even became a double agent working for the Hyderabadis against the East India Company. It is a remarkable story involving secret assignations, court intrigue, harem politics, religious and family disputes. But such things were not unknown from the early

sixteenth century when the Inquisition banned the Portuguese in Goa from wearing the dhoti to the eve of the Indian mutiny the white Mughals who wore local dress and adopted Indian ways were a source of embarrassments to successive colonial administrations William Dalrymple unearths such colourful figures as Hindoo Stuart who travelled with his own team of Brahmins to maintain his temple of idols and who spent many years trying to persuade the memsahibs of Calcutta to adopt the sari and Sir David Ochterlony Kirkpatrick's counterpart in Delhi who took all thirteen of his wives out for evening promenades each on the back of their own elephant In White Mughals William Dalrymple discovers a world almost entirely unexplored by history and places at its centre a compelling tale of love seduction and betrayal It possesses all the sweep and resonance of a great nineteenth century novel set against a background of shifting alliances and the manoeuvring of the great powers the mercantile ambitions of the British and the imperial dreams of Napoleon White Mughals the product of five years writing and research triumphantly confirms Dalrymple's reputation as one of the finest writers at work today

The New Cambridge History of Islam: Volume 3, The Eastern Islamic World, Eleventh to Eighteenth Centuries David O. Morgan, Anthony Reid, 2010-11-04 This volume traces the second great expansion of the Islamic world eastwards from the eleventh century to the eighteenth As the faith crossed cultural boundaries the trader and the mystic became as important as the soldier and the administrator Distinctive Islamic idioms began to emerge from other great linguistic traditions apart from Arabic especially in Turkish Persian Urdu Swahili Malay and Chinese The Islamic world transformed and absorbed new influences As the essays in this collection demonstrate three major features distinguish the time and place from both earlier and modern experiences of Islam Firstly the steppe tribal peoples of central Asia had a decisive impact on the Islamic lands Secondly Islam expanded along the trade routes of the Indian Ocean and the South China Sea Thirdly Islam interacted with Asian spirituality including Hinduism Sikhism Buddhism Taoism and Shamanism It was during this period that Islam became a truly world religion

Collective Action in the Formation of Pre-Modern States Richard Blanton, Lane Fargher, 2008 Anthropological archaeology and other disciplines concerned with the formation of early complex societies are undergoing a theoretical shift Given the need for new directions in theory the book proposes that anthropologists look to political science especially the rational choice theory of collective action The authors subject collective action theory to a methodologically rigorous evaluation using systematic cross cultural analysis based on a world wide sample of societies
