Maigret Au Picratts:

Maigret at Picratt's Georges Simenon, 2017-05-30 A writer as comfortable with reality as with fiction with passion as with reason John Le Carr When a Montmartre stripper overhears a plot to murder a countess Inspector Maigret is on the case Arlette a beautiful young dancer at Picratt's in Montmartre reports to her local police station that she overheard two men at her club talking about planning to kill a countess The police don't think much of the claim that is until a few hours later when Arlette is found in her room strangled to death The police scramble to track down the men in question but the next day the Countess von Farnheim a drug addict living not far from Picratt's is found strangled When Arlette's own identity turns out to have been falsified Inspector Maigret steps in and must dive into Paris's seedy underbelly to discover the truth before the killers can slip away Inspector Maigret and the Strangled Stripper, Maigret Au Picratt's, 1955* **Inspector Maigret**

Wenger, Stephen Trussel, 2017-08-07 Georges Simenon's 75 novels and 28 short stories that feature Chief Inspector Jules Maigret provide us with a great deal of information about the French police detective but only in small episodic doses As readers become acquainted with Maigret one detail at a time he slowly takes on a flesh and bone realism not merely a character in a story but someone we would like to meet in real life This book presents all the canonical facts and details about the detective and his world in one place presented with tabulations and analyses that enable a better understanding of the works and of Maigret himself *Simenon* Stanley G. Eskin, 2025-03-05 The most comprehensive account of Georges Simenon's life and work in either English or French from his youth and adolescence in Belgium through his spirited beginnings as a writer of pulp fiction in the Paris of the 20s his invention of Maigret in 1930 his turn to straight fiction in the 30s and from the 40s on his prolific output of detective and straight fiction His obsession with women and his major

Investigating Simenon Russell Campbell,2022-09-21 For nearly a century the work of Belgian crime writer and psychological novelist Georges Simenon creator of Chief Inspector Maigret has captivated readers worldwide This investigation situates Simenon s work in its historical context and interprets it as a reaction to shifting gender relations in Western society Simenon s compelling narratives capture the anxieties of men whose patriarchal position was under threat in an era of insurgent feminist movements These concerns are also evident in Simenon s pervasive preoccupation with sexuality as well as his political stance that stems from his petit bourgeois upbringing This groundbreaking study includes interwoven commentary on all 191 novels Simenon published under his own name including several that have never been translated into English as well as a number of short stories and several pseudonymous works *The National Union Catalog, Pre-1956* Imprints Library of Congress,American Library Association. Television Cities Charlotte Brunsdon,2018-01-19 In Television Cities Charlotte Brunsdon traces television s representations of metropolitan spaces to show how they reflect the medium s

history and evolution thereby challenging the prevalent assumptions about television as quintessentially suburban Brunsdon shows how the BBC's presentation of 1960s Paris in the detective series *Maigret* signals British culture's engagement with twentieth century modernity and continental Europe while various portrayals of London ranging from Dickens adaptations to the 1950s nostalgia of *Call the Midwife* demonstrate Britain's complicated transition from Victorian metropole to postcolonial social democracy Finally an analysis of *The Wire*'s acclaimed examination of Baltimore marks the profound shifts in the ways television is now made and consumed Illuminating the myriad factors that make television cities Brunsdon complicates our understanding of how television shapes perceptions of urban spaces both familiar and unknown
