family dramas and blistering satires including This Sporting Life O Lucky Man and Britannia Hospital Students of British cinema and television from the 1950s to 1990s will find this book a valuable source of information about a director whose work came to public attention with Free Cinema but who unlike many of his peers in that movement did not take the Hollywood route to success What emerges is a strong feeling for the character of the man as well as for a remarkable career in British cinema The book will appeal to admirers researchers and students alike Making use of hitherto unseen original materials from Anderson's extensive personal and professional records it is most valuable as a study of how the films came about the production problems involved the collaborative input of others as well as the completed films promotion and reception It also offers a finely argued take on the whole issue of film authorship and achieves the rare feat of being academically authoritative whilst also being completely accessible It prompts renewed respect for the man and the artist and a desire to watch the films all over again If.... Mark Sinker, 2019-07-25 Lindsay Anderson's film if 1968 starring Malcolm McDowell as a schoolboy who leads a guerilla insurgence imagines how repression conformity and fusty ritual at an English public school could lead to anarchy and bloody revolt Its title is a sardonic nod to Rudyard Kipling's most famous poem and its story a radical updating of Kipling s 1899 story Stalky and Co in which prankish rebels are groomed to police the empire Released at a time of unprecedented student uprisings in Europe and America if provided a peculiarly English perspective on the battle between generations the perennial war of the romantically passionate against the corrupt the ugly the old and the foolish Though its emotional surface is authentically anti authoritarian its intellectual substance as Mark Sinker argues is rooted in a deep familiarity with the symbols of English ruling class values No longer a vehicle for shock or dissent if is today enjoyed comfortably even nostalgically but for Sinker this renders its many knots and paradoxes the moments of poetry that Anderson argued were cinema's raison detre all the more fascinating **Shadows of Progress** Patrick Russell, James Piers Taylor, 2019-07-25 Britain emerged from war a changed country facing new social industrial and cultural challenges Its documentary film tradition established in the 1930s and 1940s around legendary figures such as Grierson Rotha and Jennings continued evolving utilising technical advances displaying robust aesthetic concerns and benefiting from the entry into the industry of wealthy commercial sponsors Thousands of films were seen by millions worldwide Received wisdom has been that British documentary went into swift decline after the war resurrected only by Free Cinema and the arrival of television documentary Shadows of Progress demolishes these simplistic assumptions presenting instead a complex and nuanced picture of the sponsored documentary in flux Patrick Russell and James Piers Taylor explore the reasons for the period's critical neglect and address the sponsorship production distribution and key themes of British documentary They paint a vivid picture of institutions from public bodies to multinational industries constantly redefining their relationships with film as a form of enlightened public relations Many of the issues that these films addressed could not be more topical today the rise of environmentalism the balance of state and industry individual and community a nation and a world

travelling from bust to boom and back again In the second part of the book contributors from the curatorial and academic world provide career biographies of key film makers of the period From Lindsay Anderson's lesser known early career to neglected film makers like John Krish Sarah Erulkar Eric Marquis and Derrick Knight a kaleidoscopic picture is built up of the myriad relationships of artist and sponsor A Philosophical History of Documentary, 1895-1959 Dan Geva, 2021-09-15 This book presents a chronology of thirty definitions attributed to the word term phrase and concept of documentary between the years 1895 and 1959 The book dedicates one chapter to each of the thirty definitions scrutinizing their idiosyncratic language games from close range while focusing on their historical roots and concealed philosophical sources of inspiration Dan Geva s principal argument is twofold first that each definition is an original ethical premise of documentary and second that only the structured assemblage of the entire set of definitions successfully depicts the true ethical nature of documentary insofar as we agree to consider its philosophical history as a reflective object of thought in a perpetual state of being self defined an ethics sui generis Behaving Badly: Richard Harris Cliff Goodwin, 2011-05-31 Richard Harris was never an easy person to get along with He was a difficult schoolboy and was later disowned by his Limerick teachers then he went to work in the family flour and milling business where he organised a strike against his father It was as a gifted and compelling actor that Richard Harris dominated stage and screen for more than four decades He was nominated for an Oscar twice for his earthy portrayal of a rugby player in This Sporting Life and as a dominant and bullish Irish farmer in The Field More recently he delivered gripping screen performances in Gladiator and two Harry Potter films But it was his violent drunken womanising private life that fed the public myth and made Harris one of a new breed of roque male actors an international celebrity Married and divorced twice with three sons two actors one a film director he claimed the only time he had been miscast was as a husband His lovers included legends such as Merle Oberon Sophia Loren Encyclopedia of the Documentary Film 3-Volume Set Ian Aitken, 2013-10-18 The Ava Gardner and Vanessa Redgrave Encyclopedia of the Documentary Film is a fully international reference work on the history of the documentary film from the Lumi re brothers WorkersLeaving the Lumi re Factory 1885 to Michael Moore s Fahrenheit 911 2004 This Encyclopedia provides a resource that critically analyzes that history in all its aspects Not only does this Encyclopedia examine individual films and the careers of individual film makers it also provides overview articles of national and regional documentary film history It explains concepts and themes in the study of documentary film the techniques used in making films and the institutions that support their production appreciation and preservation Contemporary Authors New Revision Series Pamela Dear, 2001-06 In response to the escalating need for up to date information on writers Contemporary Authors New Revision Series brings researchers the most recent data on the world's most popular authors. The life of mise-en-scène John Gibbs, 2015-11-01 The life of mise en sc ne offers a critical history of key debates about visual style in British film journals in the post war period It reclaims an often ignored or misrepresented history including the concept of film poetry in the journal Sequence changing attitudes in Sight and Sound during the 1950s and the battle over the significance of film style which raged between a number of small journals and the national press in the early 1960s It examines the British school first associated with Movie in the 1960s which in Adrian Martin s words is enjoying a widespread international revival but also other critical movements more hazily remembered It explores the role of mise en sc ne in melodrama criticism and considers what happened to detailed criticism as major theoretical movements emerged in the 1970s In doing so it provides a vital context for the contemporary practice of style based criticism and challenges received notions of critical history developing our understanding of a range of other key debates and concerns in the study of film

**Gilded Youth** James Brooke-Smith, 2019-02-02 The British public school is an iconic institution a training ground for the ruling elite and a symbol of national identity and tradition But beyond the elegant architecture and evergreen playing fields is a turbulent history of teenage rebellion sexual dissidence and political radicalism James Brooke Smith wades into the wilder shores of public school life over the last three hundred years in Gilded Youth He uncovers armed mutinies in the late eighteenth century a Victorian craze for flagellation dandy aesthetes of the 1920s quasi scientific discourse on masturbation Communist scares in the 1930s and the salacious tabloid scandals of the present day Drawing on personal experience extensive research and public school representations in poetry school slang spy films popular novels and rock music Brooke Smith offers a fresh account of upper class adolescence in Britain and the role of elite private education in shaping youth culture He shows how this central British institution has inspired a counterculture of artists intellectuals and radicals from Percy Shelley and George Orwell to Peter Gabriel and Richard Branson who have rebelled against both the schools themselves and the wider society for which they stand Written with verve and humor in the tradition of Owen Jones s The Establishment And How They Get Away With It this highly original cultural history is an eye opening leap over the hallowed iron gates of privilege and perturbation British Culture and Society in the 1970s Laurel Forster, Sue Harper, 2009-12-14 This collection of essays highlights the variety of 1970s culture and shows how it responded to the transformations that were taking place in that most elusive of decades The 1970s was a period of extraordinary change on the social sexual and political fronts Moreover the culture of the period was revolutionary in a number of ways it was sometimes florid innovatory risk taking and occasionally awkward and inconsistent The essays collected here reflect this diversity and analyse many cultural forms of the 1970s The book includes articles on literature politics drama architecture film television youth cultures interior design journalism and contercultural happenings Its coverage ranges across phenomena as diverse as the Wombles and Woman's Own The volume offers an interdisciplinary account of a fascinating period in British cultural history This book
