Clifford-Napoleone, 2015-03-24 While the growing field of scholarship on heavy metal music and its subcultures has produced excellent work on the sounds scenes and histories of heavy metal around the world few works have included a study of gender and sexuality This cutting edge volume focuses on queer fans performers and spaces within the heavy metal sphere and demonstrates the importance pervasiveness and subcultural significance of queerness to the heavy metal ethos Heavy metal scholarship has until recently focused almost solely on the roles of heterosexual hypermasculinity and hyperfemininity in fans and performers The dependence on that narrow dichotomy has limited heavy metal scholarship resulting in poorly critiqued discussions of gender and sexuality that serve only to underpin the popular imagining of heavy metal as violent homophobic and inherently masculine This book queers heavy metal studies bringing discussions of gender and sexuality in heavy metal out of that poorly theorized dichotomy In this interdisciplinary work the author connects new and existing scholarship with a strong ethnographic study of heavy metal s self identified queer performers and fans in their own words thus giving them a voice and offering an original and ground breaking addition to scholarship on popular music rock and queer studies Memory Studies in the Nordic Countries: A Handbook , 2025-10-13 This peer reviewed international

Superfreaks Arielle Greenberg, 2023-08-01 A deliciously subversive and endlessly informative celebration of kinky f ckery as told by a lifelong student of kink and fetishism. Neither a how-to guide to getting it on nor a collection of sensational erotica, Superfreaks is instead an empathetic journey into the widely misunderstood world of kink. Lifelong practitioner and student of kinky f ckery, Arielle Greenberg draws on her study and teaching of BDSM and fetishism to introduce kink's history and trailblazing kinksters like Leopold von Sacher-Masoch, Mollena Williams, Haas, and Tom of Finland. Explain the science behind sexual fetishes, delve into the psychology behind power exchange, parse the politics of sexual deviance. Superfreaks is an accessible, interactive, and raunchy experience that invites the reader to engage their kinky curiosity. Written with folks of all genders and sexual orientations in mind, the book features resources like quizzes readers can take with their partners to help assess sexual compatibility, sidebars with lists of kinky representation in literature, film, music, and more, an A to Z glossary of kinky gear from collars and floggers to zentai suits and beyond. Superfreaks challenges and dismantles longstanding myths about kink perpetuated by pop culture phenomena like *Fifty Shades of Grey* and *365 Days*. In doing so, Greenberg names the systemic marginalization kinky people experience and argues that we must build a society that accepts and celebrates sexual

diversity of all kinds The book also affirms the importance of consent and not yucking someone s yum key concepts inherent to the practice of kink that are essential building blocks for safer more inclusive sex *Tom of Finland: Bikers, Vol. 2* Tom of Finland, 2012 Il Selvaggio con Marlon Brando usc nel 1933 Nel 1954 Tom of Finland che fino ad allora aveva disegnato solo uomini in divisa militare inizi a raffigurare motociclisti in giubbotto di pelle nera Una coincidenza Non sembra possibile Questo secondo volume raccoglie tutte le tavole dedicate da Tom ai motociclisti in una serie incredibile di strisce e di singole tavole realizzate tra gli anni 40 e gli anni 80 I disegni sono arricchiti da fotogrammi dei film dell epoca e da poster schizzi e fotografie personali dell artista Encyclopedia of Gay Histories and Cultures George Haggerty, 2013-11-05 First Published in 2000 A rich heritage that needs to be documented Beginning in 1869 when the study of homosexuality can be said to have begun with the establishment of sexology this encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavors It covers a long history and a dynamic and ever changing present while opening up the academic profession to new scholarship and new ways of thinking A groundbreaking new approach While gays and lesbians have shared many aspects of life their histories and cultures developed in profoundly different ways To reflect this crucial fact the encyclopedia has been prepared in two separate volumes assuring that both histories receive full unbiased attention and that a broad range of human experience is covered Written for and by a widerange of people Intended as a reference for students and scholars in all fields as well as for the general public the encyclopedia is written in user friendly language At the same time it maintains a high level of scholarship that incorporates both passion and objectivity It is written by some of the most famous names in the field as well as new scholars whose research continues to advance gender studies into the future
