Multiple Identities In A Single State:

Multiple Identities in a Single State Balveer Arora, Douglas V. Verney, 1995 **Constitutional Origins, Structure, and Change in Federal Countries** International Association of Centers for Federal Studies, Forum of Federations, 2005 Providing examples of diverse forms of federalism including new and mature developed and developing parliamentary and presidential and common law and civil law the comparative studies in this volume analyse government in Australia Belgium Brazil Canada Germany India Mexico Nigeria Russia South Africa Switzerland and the United States Each chapter describes the provisions of a constitution explains the political social and historical factors that influenced its creation and explores its practical application how it has changed and future challenges offering valuable ideas and lessons for federal constitution making and reform Contributors include Ignatius Ayua Akaayar Nigeria Raoul Blindenbacher Switzerland Dakas C J Dakas Nigeria Kris Deschouwer Belgium Juan Marcos Guti rrez Gonz lez Mexico John Kincaid USA Rainer Knopff Canada Jutta Kramer Germany Akhtar Majeed India Marat S Salikov Russia Cheryl Saunders Australia Anthony M Sayers Canada Nicolas Schmitt Switzerland Celina Sousa Brazil Nico Steytler South Africa and G Alan Tarr USA The Frech edition is Forthcoming in the Fall 2005 as *Les origines structure et changements constitutionnels dans les pays f d raux* **An Ontological Rethinking of Identity in International Studies** Yong-Soo Eun, 2023-05-05 This book shows that identity studies in the discipline of International Relations IR generally cohere around two discrete understandings of being substantialism and correlationism and that their analytical theoretical and epistemological orientations are split along those lines This binary opposition makes it difficult for identity scholarship to meet the internal validity standard of coherence while unnecessarily narrowing the theoretical lenses of constructivism in IR The author argues that the best way to step outside that binary is to re ground identity in ontology of immanence The book shows that immanent ontological thinking enables us to have a pluralist epistemology and methodology for the study of identity including both positivist and interpretivist orientations without yielding a logically inconsistent alignment *The Nation-State in Question* T.V. Paul, G. John Ikenberry, John A. Hall, 2020-11-10 Has globalization forever undermined the state as the mighty guarantor of public welfare and security In the 1990s the prevailing and even hopeful view was that it had The euphoria did not last long Today the return of the state is increasingly being discussed as a desirable reality This book is the first to bring together a group of prominent scholars from comparative politics international relations and sociology to systematically reassess through a historical lens that moves beyond the standard focus on the West state society relations and state power at the dawn of the twenty first century The contributors examine the sources and forms of state power in light of a range of welfare and security needs in order to tell us what states can do today They assess the extent to which international social forces affect states and the capacity of states to adapt in specific issue areas Their striking conclusion is that states have continued to be pivotal in diverse areas such as nationalism national security multiculturalism taxation and industrial relations Offering rich insights on the changing

contours of state power The Nation State in Question will be of interest to social scientists students and policymakers alike John Hall s introduction is followed by chapters by Peter Baldwin John Campbell Francesco Duina Grzegorz Ekiert Jeffrey Herbst Christopher Hood Anatoly Khazanov Brendan O Leary T V Paul Bernard Yack Rudra Sil and Minxin Pei The conclusion is by John Ikenberry

Decolonizing African Politics Michael Amoah,2025-06-07 This book serves as a unique contribution to the curriculum decolonizing agenda currently trending in universities It approaches Politics and International Relations from the postcolonial and decolonial perspectives with empirical rebuttals to existing imperial and neocolonial false narratives It examines key concepts and topics which regularly feature when teaching or discussing Africa at universities such as nationhood and nationalisms neo patrimonialism arbitrary borders and tribes fran afrique superpower relations relationships with China South South cooperation and collaborations foreign interventions global justice global governance and reform of the UN Security Council This book explores the etymologies of these concepts or topics and their terminological application to Africa while bringing fresh perspectives to the debate It appeals to scholars and students of African politics and international relations and functions as a graduate and advanced under graduate pedagogical tool

Fiscal fragmentation in decentralized countries Richard Miller Bird,2014-05-14 Most countries developed and developing are fiscally decentralized with regional and local governments of varying importance In many of these countries some of these sub national governments differ substantially from others in terms of wealth ethnic religious or linguistic composition This book considers how fiscal arrangements may strengthen or weaken national solidarity and the effectiveness with which public services are provided In particular the nation s ability to cope with changes created by decentralization is explored
