Mungos Political Anecdotes:

Cameroon Political Story Nerius Namaso Mbile, 2011 The Cameroon Political Story is a long journey through the eyes and actions of the author himself It is a mix between Mbile s memoirs a bit of his biography and the Cameroon political story heavily weighted in favour of that part of the Republic formerly identified as Southern Cameroons later West Cameroon now South West and North West Regions The story is told in the interest of the Cameroonian youth and scholar who have often complained of the inadequate recording by political leaders of the life and deeds of their times It is the story of an African boy of humble village beginnings who rose to participate in the making of a modern political community It is hoped the book provides useful knowledge on the history growth and constitutional evolution of Cameroon a country which after more than a century of administrative metamorphosis settled to its present statehood in 1961 a Cameroon reborn *Backstage Politics* Phillip Adams, 2010-10-20 Retiring in 1975 Fred Daly liked to tell the story of the new Member who sat next to him in the House Turning to Fred he said I like to sit here and look across at the enemy Son said Fred you are looking at the Opposition The enemy is behind you Phillip Adams has been close to governments of various persuasions for over fifty years Having been a confidant or a fierce opponent of many of Australia s most influential figures over that time he has built up an unparalleled collection of anecdotes about our political and cultural leaders Backstage Politics is also something of a personal memoir tracing Adams life in politics media and the arts over the years To make the collection complete he even invited the polities themselves to submit their stories the most enthusiastic respondent not surprisingly being Senator Barnaby Joyce The biggest characters of public life emerge afresh in these pages From Menzies to Rudd via Gorton Whitlam Fraser Hawke Keating Hanson Howard et al Backstage Politics takes us on a funny insightful and revealing journey through the Australian political landscape WITH ILLUSTRATIONS BY BRUCE PETTY **Girt By Sea** Mungo MacCallum, 2002-03-01 In Girt By Sea Mungo MacCallum provides a devastating account of the Howard government s treatment of the refugees as well as delineating the factors in Australian history which have worked towards prejudice and those which have worked against it ranging from Calwell s postwar immigration policy to the recent revelations of beat ups and distortions in the 2001 election campaign This is a powerful account of how the government played on what was ultimately the race issue In an essay which is by terms witty dry and bitingly understated Mungo MacCallum asks what epithets are appropriate for a prime minister who has brought us to this pass He also raises the question of whether Australia s contemporary treatment of refugees has anything in common with the sane and decent policies that have characterised the better moments in our history it will take a long time to recover from the campaign of hate and fear which was deemed to be necessary to return the Howard government in the first year of the new millennium Mungo MacCallum Girt By Sea This most cold eyed of one time Canberra chroniclers brings to this story all his wit and dryness and power of mind It s a sad tale though it is everywhere enlivened by MacCallum s tendency to suggest that spades really are bloody shovels at the end of the day Peter Craven A document of

immense power MacCallum's essay will stand as a record of Australia's shame and depravity. It will haunt us. Julian Burnside
 Australian Book Review Mungo's assertion that Howard is a man with no vision only division to his name and his recognition that Howard will never have the approval of those elites he so gratuitously desires is a blistering strike at the Liberal man

Sport in Australian National Identity Tony Ward, 2013-09-13 For many Australians there are two great passions sport and taking the piss This book is about national identity and especially about Australia's image as a sporting country Whether reverent or not any successful national image has to reflect something about the reality of the country But it is also influenced by the reasons that people have for encouraging particular images and by the conflicts between differing views of national identity and of sport Buffeted by these elements both the extent of Australian sports madness and the level of stirring have varied considerably over time While many refer to long lasting factors such as the amount of sunshine this book argues that the ebb and flow of sporting images are strongly linked to current views of national identity Starting from Archer's win in the first Melbourne Cup in 1861 it traces the importance of trade unions in the formation of Australian Rules the success of a small rural town in holding one of the world's foremost running races and the win from behind of a fat arsed wombat knocking off the official mascots of Sydney 2000 This book was based on a special issue of Soccer and Society
