range and war seemed certain In anticipation 114 men mustered to form the Rocky Mountain Rangers a volunteer militia charged with ensuring the safety of the open range between the Rocky Mountains and the Cypress Hills The Rangers were a motley crew from ex Mounties and ex cons to retired high ranking military officials and working ranch hands Membership qualifications were scant ability to ride a horse knowledge of the prairies and preparedness to die The Rangers were resolutely prepared to fight as mounted cavalry should the rebellion spread This is their story inextricably linked to the dissensions of the day rife with skirmishes corruption jealousies rumour innuendo and gross media sensationalizing all bound together with what author Gordon Tolton terms a generous helping of gunpowder Western Canada Ulysses Travel Guides,2004-03 This guidebook offers Descriptions of numerous attractions star rated so you can spot the must sees at a glance The best accommodations and restaurants in every price range All there is to know about parks and historic sites as well as outdoor activities More than 50 regional and city maps to help you customize your itinerary How Agriculture Made Canada Peter A. Hiller,2009-05-01 Combining statistical analysis and ethnographic study Harry Hiller uncovers two waves of in migration to Alberta His innovative approach begins with the individual migrant and analyzes the relocation experience from origin to destination Through interviews with hundreds of migrants Hiller shows that migration is complex and dynamic shaped not just by what Alberta offers but also prompted by a process that begins in the region of origin which makes migration possible and helps determine whether migrants stay or return home By combining a social psychological approach with structural factors such as Alberta s transition from a regional hinterland province to its emerging role the global system discussions of gender the internet and folk culture Second Promised Land provides a multi dimensional and deeply human account of a contemporary Canadian phenomenon *Profiles of Canada* Kenneth G. Pryke,Walter C. Soderlund,2003 This third edition of Profiles of Canada combines depth breadth sophistication and readability to offer the student a comprehensive introduction to Canadian society The editors have brought together contributions from a wide range of disciplines to create a fascinating overview of the various facets of Canadian life and culture The text includes aspects of the Canadian experience not usually found in introductory texts The inclusion of a short story by Alistair MacLeod for example is an innovative departure from the academic writing of the other chapters and provides the student of Canadian society with a sample of the finest in contemporary Canadian writing Editors Dr Kenneth Pryke and Dr Walter Soderlund have carried out a

successful update of the earlier editions of this well respected text Aspects of Canada explored in this new edition include regionalism the North demography ethnicity culture and sport Agricultural and Industrial Progress in Canada ,1929

The Trajectories of Rural Life University of Regina. Canadian Plains Research Center,Saskatchewan Institute of Public Policy,2003 Rural communities have been profoundly affected by recent political economic demographic and cultural change In Canada the impacts of these changes are all about us in the absolute population declines in Saskatchewan and Newfoundland in the crises of the east and west coast fisheries in the farm crisis in serious ecological problems and in the reorientation of rural social services There is a tendency to view these problems in stark terms as part of a qualitatively new era in Canadian history triggered perhaps by the forces of globalization or urbanization or the rise of the service sector economy In important ways however the problems of rural Canada are not particularly new Rural migration pollution wildlife conservation and other matters have been long standing persistent concerns of rural Canadians This book attempts to both resist the seemingly persistent urge to romanticize and prognosticate about rural Canada and the people who live geographically outside the urban environment and suggest different ways of looking at rural life In this sense its goal is to build upon an increasingly strong base of research and writing on rural Canada to suggest different perspectives on the countryside the small town the environment and the landscape **Aboriginal Resource Use in Canada** Kerry Abel,Jean Friesen,1991-01-15 This volume addresses a wide range of topics related to Aboriginal resource use ranging from the pre contact period to the present The papers were originally presented at a conference held in 1988 at the University of Winnipeg Co editor Kerry Abel has written an introduction that outlines the main themes of the book She points out that it is difficult to know what the enshrinement of Aboriginal rights in the Canadian Constitution means without knowing exactly what constituted the Aboriginal interest in the land past and present She also summarizes some of the developments in the rapidly evolving concept of Aboriginal rights
