forbidden faiths brutal punishment and untold tragedy This isn't just a collection of familiar tunes it's a descent into the shadowy corners of history where nursery rhymes served as coded messages laments and warnings They speak of kings toppled children exploited families torn apart and lives consumed by fire famine and fear These songs were never as innocent as they seemed If you think you know nursery rhymes think again Whispers in the Cradle will shatter everything you thought you understood about the melodies of your childhood Some truths are too dark to stay buried and some whispers too haunting to ignore What secrets have we been singing all along
