Old Time Banjo Styles:

Art Rosenbaum's Old-time Banjo Book Art Rosenbaum, 2014 Art Rosenbaum is one of America's foremost performers and teachers of traditional five string banjo playing. He has a long time interest in the myriad old time tunings that give breadth and richness to mountain and old time banjo picking and has learned first hand from old timers in the South and Midwest. Pete Seeger whose pioneering book *How to Play the Five String Banjo* gave Art his start in the 1950s praised the inclusion of 23 tunings in Art's 1968 Oak Publications book *Old Time Mountain Banjo*. This book and 2 DVD set doubles plus one that number of tunings Art groups the tunings into families and shows how they can be used with various picking styles in playing banjo tunes and string band music and in song accompaniment. Experienced players will broaden their knowledge of unusual and interesting tunings and styles and novice players can get started with common tunings for easy pieces like Cripple Creek and Shout Lulu the first tunes many old timers learned.

Presley's music on southern spirituality to yard shrines in Miami to the archaeological record of African American slave religion. The book explores the experiences of immigrant religious groups in the South, also dealing with the reactions of native southerners to the groups arriving in the region. The authors discuss the emergence of religious and cultural acceptance as well as some of the apparent resistance to this development as they explore the experiences of Buddhist Americans in the South and Jewish foodways. *Southern Crossroads* also looks at distinct markers of religious identity and the role they play in gender politics, ritual, and violence. The authors address issues such as the role of women in Southern Baptist churches and the religious overtones of lynching with its themes of blood sacrifice and atonement. *Southern Crossroads* offers valuable insights into how southern religion is studied and how people and congregations evolve and adapt in an age of constant cultural change.

The Routledge Companion to the Study of Local Musicking Suzel A. Reily, Katherine Brucher, 2018-03-14 WINNER OF THE 2019 SOCIETY OF ETHNOMUSICOLOGY ELLEN KOSKOFF PRIZE FOR EDITED COLLECTIONS. *The Routledge Companion to the Study of Local Musicking* provides a reference to how cross-culturally musicking constructs locality and how locality is constructed by the musicking that takes place within it; that is, how people engage with ideas of community and place through music. The term musicking has gained currency in music studies and refers to the diverse ways in which people engage with music regardless of the nature of this engagement. By linking musicking to the local, this book highlights the ways in which musical practices and discourses interact with people's everyday experiences and understandings of their immediate environment, their connections and commitment to that locality, and the people who exist within it. It explores what makes local musicking local. By viewing musicking from the perspective of where it takes place, the contributions in this collection engage with debates on the processes of musicking, identity construction, community building,

and network formation competitions and rivalries place and space making and local global dynamics **Old Time String Band Songbook** John Cohen, Mike Seeger, Hally Wood, 1964-06-01 Classic old time tunes as played by the New Lost City Ramblers Hundreds of rare photographs annotations and discographies **The Old-time Herald** ,2007 **Encyclopedia of American Folklife** Simon J Bronner, 2015-03-04 American folklife is steeped in world cultures or invented as new culture always evolving yet often practiced as it was created many years or even centuries ago This fascinating encyclopedia explores the rich and varied cultural traditions of folklife in America from barn raisings to the Internet tattoos and Zydeco through expressions that include ritual custom crafts architecture food clothing and art Featuring more than 350 A Z entries Encyclopedia of American Folklife is wide ranging and inclusive Entries cover major cities and urban centers new and established immigrant groups as well as native Americans American territories such as Guam and Samoa major issues such as education and intellectual property and expressions of material culture such as homes dress food and crafts This encyclopedia covers notable folklife areas as well as general regional categories It addresses religious groups reflecting diversity within groups such as the Amish and the Jews age groups both old age and youth gangs and contemporary folk groups skateboarders and psychobillies placing all of them in the vivid tapestry of folklife in America In addition this resource offers useful insights on folklife concepts through entries such as community and group and tradition and culture The set also features complete indexes in each volume as well as a bibliography for further research **Hidden in the Mix** Diane Pecknold, 2013-07-10 Country music s debt to African American music has long been recognized Black musicians have helped to shape the styles of many of the most important performers in the country canon The partnership between Lesley Riddle and A P Carter produced much of the Carter Family s repertoire the street musician Tee Tot Payne taught a young Hank Williams Sr the guitar playing of Arnold Schultz influenced western Kentuckians including Bill Monroe and Ike Everly Yet attention to how these and other African Americans enriched the music played by whites has obscured the achievements of black country music performers and the enjoyment of black listeners The contributors to Hidden in the Mix examine how country music became white how that fictive racialization has been maintained and how African American artists and fans have used country music to elaborate their own identities They investigate topics as diverse as the role of race in shaping old time record catalogues the transracial West of the hick hopper Cowboy Troy and the place of U S country music in postcolonial debates about race and resistance Revealing how music mediates both the ideology and the lived experience of race Hidden in the Mix challenges the status of country music as the white man s blues Contributors Michael Awkward Erika Brady Barbara Ching Adam Gussow Patrick Huber Charles Hughes Jeffrey A Keith Kip Lornell Diane Pecknold David Sanjek Tony Thomas Jerry Wever *Southern Fiddlers and Fiddle Contests* Chris Goertzen, 2009-12-16 Southern Fiddlers and Fiddle Contests explores the phenomenon of American fiddle contests which now have replaced dances as the main public event where American fiddlers get together Chris Goertzen studies this change and what it means for audiences musicians
