Why Smart Men Marry Smart Women Christine B. Whelan, 2006-10-17 For years it's been common knowledge that once a woman hits thirty her chances of finding a husband diminish to the point of despair That men are intimidated by a woman's career success preferring docile helpmates to ambitious achievers That women are biologically driven to seek a strong provider That the higher a woman's IQ the less likely she is to marry let alone have babies leaving single successful women to ask themselves Are men intimidated by smart women In Why Smart Men Marry Smart Women Christine B Whelan shatters the myth that high achieving women are at a disadvantage in the marriage market There's good news for the millions of American SWANS Strong Women Achievers No Spouse that today's smart successful women marry at the same rates as all other women and that more income and education may in fact increase a woman's chances of marriage What's more as Dr Whelan shows through newly released U S Census data a large scale Harris Interactive survey commissioned especially for this book plus extended interviews conducted in cities nationwide this profound demographic shift shows every sign of progressing That means that the success penalty that has endured for generations is as soon as 2010 destined for the history books Accomplished daughters sisters and friends not to mention their mothers can finally stop worrying that the twin pinnacles of personal and professional happiness are inherently unattainable In fact smart men do marry SWANS Ninety percent of high achieving men surveyed want a woman who is as intelligent or more intelligent than they are And two thirds

of men said they believed smart women make better mothers Pairing cutting edge research with sound advice Dr Whelan brings to mind what smart women everywhere have long known in their hearts that the goal is not just to get married but to have a good marriage and to lead a fulfilled life Older Men's Lives Edward H. Ice and Fire Stephen Osborne,1998

Ice and Fire is a collection of nonfiction narratives from award winning writer Stephen Osborne who retains an abiding sense that the places and the people he encounters are still to be discovered Negotiating the Trans Canada Highway near Moncton during a whiteout visiting Timothy Eaton s grave in Toronto leaving offerings of tobacco at a Nez Perce battleground drinking with his Japanese mentor in a revolving bar in Vancouver while debating Buddhism vs class struggle for Osborne all of these are occasions to conjure our time and our place Ice and fire are extremes of a Canadian North from which several of these dispatches are written But Osborne s special insight is that Kamloops New Glasgow and even Toronto are as unknowable as Pangnirtung We live in a country that can claim the world s only souvenir police force and whose analogue is a department store a country that believes itself to be part of a New World even though people have lived here for ten thousand years Smart funny moving and full of wonder and surprise the dispatches in Ice and Fire illuminate a very old world striving to make itself new
