Gershon Legman's singular disreputable resume made him a counter cultural touchstone during his forty year exile in France. Despite his obscurity today Legman's prescient work and passion for the prurient laid the groundwork for our contemporary study of the forbidden. Susan G Davis follows the life and times of the figure driven to share what he found in civilization's secret libraries. Self taught and fiercely unaffiliated Legman collected the risqué on street corners and in theaters and dug it out of little known archives. If the sexual humor he uncovered often used laughter to disguise hostility and fear he still believed it indispensable to the human experience. Davis reveals Legman in all his prickly provocative complexity as an outrageous nonconformist thundering at a wrong headed world while reveling in conflict violating laws and boundaries with equal abandon and pursuing love and improbable adventures. Through it all he maintained a kaleidoscopic network of friends fellow intellectuals celebrity admirers and like minded obsessives. *Reading Mystery Science Theater 3000* Shelley S. Rees, 2013-05-09. First broadcast in the not too distant past on a television station in Minnesota. Mystery Science Theater 3000 soon grew out of its humble beginnings and found a new home on cable television. This simple show about a man and two robots forced to watch bad movies became a cult classic and episodes of the series continue to be packaged in DVD collections to this day. Before its final run the show received Emmy nominations and a Peabody award for television excellence and in 2007 Time magazine declared MST3K one of The 100 Best Shows of All Time. In *Reading Mystery Science Theater 3000: Critical Approaches* Shelley S. Rees presents a collection of essays that examines the complex relationship between narrative and audience constructed by this baffling but beloved television show. Invoking literary theory cultural criticism pedagogy feminist criticism humor theory rhetorical analysis and film and media studies these essays affirm the show's narrative and rhetorical intricacy. The first section Rhetoric and the Empowered Audience addresses MST3K's function as an exercise in rhetorical resistance. Part Two *Mystery Science Theater 3000 and Genre* analyzes MST3K through distinct generic traditions including humor studies traditional science fiction tropes and the B movie. Finally the third section addresses postmodern and intertextual readings of the show. By providing an academic treatment of an iconic television phenomenon these essays argue that *Mystery Science Theater 3000* is worthy of serious scholarly attention. Though aimed at a discerning readership of academics this collection will also appeal to the intellectual nature of the show's well educated audience. **Publishers Directory**, 1994 **Forthcoming Books** Rose Arny, 1994-02 *The Book Review Digest*, 2005
