Olympiad Series 1500 Meters:

XVI Olympiad Carl Posey, 2015-11-18 The 1956 Summer Olympics in Melbourne Australia were unique in several respects they were the first Games held outside Europe or North America as well as the first held in the southern hemisphere The XVI Olympiad the fourteenth volume in The Olympic Century series begins with the story of Melbourne 1956 known as the Friendly Games The book profiles the heroes of Melbourne like the 18 year old Australian sprinter Betty Cuthbert the Golden Girl who claimed gold in the 100 200 and 4x100 relay and the American Bobby Morrow who mirrored Cuthbert's achievements on the men's side There were also unlikely winners like Ronnie Delany of Ireland who held off the powerful Americans to claim gold in the 1500 metres The book also explores how Cold War tensions surfaced in Melbourne in disputes over officiating and most violently in water polo where Hungary and Russia engaged in what became known as the Blood in the Water Match Following Melbourne the book turns its focus to Squaw Valley California and the Winter Games of 1960 Squaw Valley saw the Olympic debut of the biathlon and women's speed skating along with technological innovations like artificial ice surfaces instant replay and results tabulated by computer The book also recounts the story of the plucky American ice hockey team made up of college players which defeated the experienced Canadians and dominant Russians to claim gold Juan Antonio Samaranch former President of the International Olympic Committee called The Olympic Century the most comprehensive history of the Olympic games ever publishede *XXIV Olympiad* Ellen Galford, 2015-11-18 XXIV Olympiad the twenty second volume in The Olympic Century series tells the story of the 1988 Summer Olympics of Seoul Korea The second Olympics held in Asia would be the last for perennial sporting powerhouses the Soviet Union and East Germany which ceased to exist before the next Olympiad The book gives a detailed account of the most infamous episode from Seoul which saw Canadian sprinter Ben Johnson achieve a dramatic win in the men's 100 metres only to have his gold medal stripped away for failing a post race drug test The book also profiles heroes of Seoul like Christa Luding Rothenburger of East Germany who became the only athlete to ever win gold in both Winter speed skating in Calgary and Summer cycling Games in the same year and swimmer Anthony Nesty who won Suriname's only Olympic medal and became the first male black swimmer to win individual gold The second part of the book focuses on the 1992 Winter Olympics of Albertville France Albertville was the last Winter Games to be held in the same year as the Summer Games and mogul skiing short track speed skating and women's biathlon made their Olympic debuts The book profiles stars of Albertville like 16 year old Finnish ski jumper Toni Nieminen who became the youngest ever male gold medalist at the Winter Games and Annelise Coberger of New Zealand who won silver in the women's slalom to become the first Winter Olympic medalist from the southern hemisphere Juan Antonio Samaranch former President of the International Olympic Committee called The Olympic Century the most comprehensive history of the Olympic games ever publishede **Historical Dictionary of Track and Field** Peter Matthews, 2012-03-22 While the earliest evidence of organized running can be traced back to Egypt in 3800 BCE the modern

sport of track and field evolved from rural games and church and folk festivals and rules were drawn up in the final quarter of the 19th century in those advanced societies where enough people had the leisure time to indulge their fancies Today in addition to the running events track and field includes such events as the high jump pole vault long jump shot discus javelin hammer and decathlon The Historical Dictionary of Track and Field covers the history of this sport through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 500 cross referenced entries on key figures places competitions and governing bodies within the sport This book is an excellent access point for researchers students and anyone wanting to know more about the history of track and field *II Olympiad* Carl Posey,2015-11-18 Baron Pierre de Coubertin founder of the modern Olympic movement hoped to cement the future of the Games with a triumphant celebration of the second Olympiad in his native Paris in 1900 The II Olympiad Paris 1900 the third volume in The Olympic Century series tells the story of a fledgling movement caught up in the whirlwind of the greatest city of the age at the height of the Belle Epoch The backdrop for the book is the decadent Paris of the Moulin Rouge and the Folies Bergeres the art of Toulouse Lautrec Matisse and Gauguin and the revolutionary e Metroe with its now iconic Art Nouveau architecture The Games would be contested over five months and subsumed into the 1900 Exposition Universelle a concurrent celebration of art culture and technology Alongside typical events like athletics gymnastics and swimming The II Olympiad explores unlikely events like auto racing ballooning and croquet that characterized the Paris Games In the wake of the confusion of Paris the focus of the book shifts to the war for control that would threaten the very survival of the Games But while the fate of the Games was in doubt an enterprising Swedish sportsman named Viktor Gustav Balck created an event that would have long term implications for the Olympic movement The book concludes with a detailed look at Balck s Nordic Games first staged in Stockholm in 1901 and draws a direct line to the ultimate creation of the Winter Olympics first celebrated in Chamonix France in 1924 Juan Antonio Samaranch former President of the International Olympic Committee called The Olympic Century e The most comprehensive history of the Olympic games ever publishede [The World Almanac and Book of Facts 2018](#) Sarah Janssen,2017-12-05 The 150th Anniversary special edition of the best selling reference book of all time The ebook format allows curious readers to keep millions of searchable facts at their fingertips The World Almanac and Book of Facts is America s top selling reference book of all time with more than 82 million copies sold Since 1868 this compendium of information has been the authoritative source for all your entertainment reference and learning needs The 150th anniversary edition celebrates its illustrious history while keeping an eye on the future Praised as a treasure trove of political economic scientific and educational statistics and information by The Wall Street Journal The World Almanac and Book of Facts will answer all of your trivia needs from history and sports to geography pop culture and much more Features include 150 Years of The World Almanac A special feature celebrating The World Almanac s historic run includes highlights from its distinguished past and some old fashioned facts illustrating how its defining mission has changed with the times Historical

The Olympics are meant to be a celebration of sportsmanship and fellowship among nations but they have sometimes fell short of that goal

XXII Olympiad the twentieth volume in The Olympic Century series begins with the story of one of the most politicized Games ever held Moscow 1980

In December 1979 the Soviet Union invaded Afghanistan prompting the United States to lead a 65 nation boycott of the Moscow Games

In spite of the absence of many of the world's great athletes Moscow still produced legendary Olympic champions like the great Cuban heavyweight Teofilo Stevenson who became the first boxer to win three consecutive gold medals and the Romanian gymnast Nadia Comaneci who added two golds and two silvers in Moscow to take her personal medal total to 12

The absence of many top athletes also opened the door for others to make history like sprinter Allan Wells who won the first gold medal in the 100 metres for Great Britain since 1924

The book then turns its focus to the 1984 Winter Games of Sarajevo Yugoslavia It profiles the most dominant athlete of those Games Marja Liisa Kirvesniemi of Finland who won all three individual golds in cross country skiing

Sarajevo also saw the British ice dancing pair Torvil and Dean post perfect scores for artistic impression in their gold medal
