destroy their relationship and appropriate his land during his illness he made sure Susan had a safe place to live It was only when Susan was alone that she experienced the full force of Sharia inheritance law and its tenets as applied to widows she was entitled to one quarter of his property the balance going to his siblings hence the subtitle of the book 9 36 Susan's life was never dull with Bashir at times spine chilling but always filled with love and happiness Through all of these stories and many more Susan displays her vast insider knowledge on Libya's political social and cultural history together with details on the final year of the Gaddafi regime The remaining chapters comment on post revolutionary Libya and the missed opportunities for reconciliation

Whose Lives Are They Anyway? Dennis Bingham, 2010-03-04 The biopic presents a profound paradox its own conventions and historical stages of development disintegration investigation parody and revival have not gained respect in the world of film studies That is until now Whose Lives Are They Anyway boldly proves a critical point The biopic is a genuine dynamic genre and an important one it narrates exhibits and celebrates a subject's life and demonstrates investigates or questions his or her importance in the world it illuminates the finer points of a personality and ultimately it provides a medium for both artist and spectator to discover what it would be like to be that person or a certain type of person Through detailed analyses and critiques of nearly twenty biopics Dennis Bingham explores what is at their core the urge to dramatize real life and find a version of the truth within it The genre's charge which dates back to the salad days of the Hollywood studio era is to introduce the biographical subject into the pantheon of cultural mythology and above all to show that he or she belongs there It means to discover what we learn about our culture from the heroes who rise and the leaders who emerge from cinematic representations Bingham also zooms in on distinctions between

cinematic portrayals of men and women Films about men have evolved from celebratory warts and all to investigatory to postmodern and parodic At the same time women in biopics have been burdened by myths of suffering victimization and failure from which they are only now being liberated To explore the evolution and lifecycle changes of the biopic and develop an appreciation for subgenres contained within it there is no better source than *Whose Lives Are They Anyway* Weekly World News, 1990-07-03 Rooted in the creative success of over 30 years of supermarket tabloid publishing the Weekly World News has been the world's only reliable news source since 1979 The online hub [www.weeklyworldnews.com](http://www.weeklyworldnews.com) is a leading entertainment news site The Working Press of the Nation, 1989 **From Shaw Island to the Sahara** Carole Davis, 2011-07-30 A book of short stories that take the reader from chicken ownership gardening and beach combing on a tiny island in the Pacific Northwest to Africa Central America and Asia Laugh your way through sleeping in a Costa Rican brothel the perils of gypsy caravans in Ireland peeing in Japan gagging over caviar in the Sudan sleeping atop a VW van below Kilimanjaro an Italian soap opera and a sari falling off in a crowded train station in India Cry your way through the garbage dumps of Guatemala a tragic rape in Costa Rica the townships of apartheid and an amazing reunion with a child given up for adoption Learn about camel riding in the desert sailing the islands of Kuna Yala months of camping on a Central American beach exploring Eastern Turkey and couch surfing round the globe This book explores places off the beaten track and is a manual for a unique mode of budget and heartfelt travel White Teeth Zadie Smith, 2003-05-20 NATIONAL BESTSELLER Updated for the 25th Anniversary with a new introduction by the author The blockbuster debut novel from a preternaturally gifted writer The New York Times and author of *On Beauty* and *Swing Time* set against London's racial and cultural tapestry reveling in the ecstatic hodgepodge of modern life flirting with disaster and embracing the comedy of daily existence One of the New York Times's 100 Best Books of the 21st Century Zadie Smith's dazzling debut caught critics grasping for comparisons and deciding on everyone from Charles Dickens to Salman Rushdie to John Irving and Martin Amis But the truth is that Zadie Smith's voice is remarkably fluently and altogether wonderfully her own At the center of this invigorating novel are two unlikely friends Archie Jones and Samad Iqbal Hapless veterans of World War II Archie and Samad and their families become agents of England's irrevocable transformation A second marriage to Clara Bowden a beautiful albeit tooth-challenged Jamaican half his age quite literally gives Archie a second lease on life and produces Irie a knowing child whose personality doesn't quite match her name Jamaican for no problem Samad's late in life arranged marriage he had to wait for his bride to be born produces twin sons whose separate paths confound Iqbal's every effort to direct them and a renewed if selective submission to his Islamic faith *White Teeth* is like the London it portrays a restless hybrid of voices tones and textures with a raucous energy and confidence The New York Times Book Review
