The Homebrewed Christianity Guide to Being Human Donna Bowman, 2018-05-01 This Homebrewed Christianity Guide explores how Christian theology can address our rapidly changing paradigms of human existence Donna Bowman argues that theology can contribute to our knowledge of the human self as gained through the sciences that a theological perspective on humanity is useful in contemporary pluralistic and global settings and that there's theological significance to work and play She also tackles issues of gender sexuality creativity and human expression with jokes It's no longer possible to assign definitive meaning to categories like man and woman self and society freedom and determinism reason and feeling soul and body by reference to systems of narrative including biblical narrative and interpretation in which those ideas are taken for granted The theology of human personhood begins with irreducible experiences both universal and particular and searches for functional understandings from the whole range of Christian and non Christian ways of knowing Plus jokes

The Art of Being Human William McNamara, 2018-09-03 In THE ART OF BEING HUMAN Father McNamara has taken a new vital approach to effective socially oriented Christian living in tune with the needs and demands of our times He takes for his theme the basic traditional truth grace builds upon rather than destroys human nature and develops this theme with extraordinary understanding and eloquence The first chapter Becoming Human sets the tone of the book For Father McNamara the sanctifying process is the humanizing process and the way by which one can cultivate the art of being human within oneself He then probes into the very roots of the conditioning processes which daily shape our lives and poses for the reader some incisive questions which demand reflection and inner search Discussions on faith hope love religion mental prayer and spiritual growth follow The final chapters on leisure and leadership are especially provocative since they direct the reader's attention to where the responsibility for the self accomplishment of this art truly lies Father McNamara has the knack of putting his finger directly on the problems of today's living THE ART OF BEING HUMAN does not pretend to have all the answers but it goes a long way toward taking the reader in the right direction Here is a book to read to ponder and to act as its message challenges us to do Magnificat

But life presents us with continual opportunities to wake up and to think about not just what we do with our lives but who we become while living them Ultimately it is the story that we believe about ourselves our lives and the world around us that will shape us for better or for worse So where do we find a good story a convincing narrative that makes sense of it all Steve Chalke suggests that Jesus good news about the kingdom of God a practical lived out expression of God s plans for the world is the best story for us to find ourselves in Each one of us is called to be part of the drama of the coming kingdom and it s in this that we find a practical spirituality that helps shape our lives into everything we were meant to be **A Christian**
