**Rosemary MacMahon, World Health
Organization, Elizabeth Barton, Maurice
Piot**

On Being In Charge A Guide For Middlelevel Management In Primary Health Care:

On being in charge R. McMahon, 1991 On Being in Charge Rosemary MacMahon, World Health Organization, Elizabeth Barton, Maurice Piot, 1980 Part i Explains in simple terms the general principles of management as a system of thought and the functions of management Part ii is concerned with personal relations How to encourage and coordinate a health team to communicate with groups of people and to supervise in a supportive way Part iii presents methods for the management of equipment and drugs and the functioning of a health centre Part iv deals with how to apply principles methods and management skills to the planning implementation and evaluation of an area health service **On Being in Charge** Rosemary McMahon, Elizabeth Barton, Maurice Piot, Felton Ross, Naomi Gelina, 1992 This revised training guide is designed to help health workers including nurses midwives and medical assistants improve managerial skills The book is divided into four main parts each dealing with a different aspect of management An opening exercise helps readers diagnose managerial weaknesses and turn to appropriate chapters for study Part I explains general principles and functions of management Part II on personal relations offers advice on the following topics how to get to know the community motivate a health team delegate authority supervise supportively conduct meetings and encourage high work standards Part III describes problem solving methods for management of common problems involving equipment drug supply money time space in the office or clinic and in the community and paperwork Information includes how to instructions for prepackaging and labeling of routine courses of drugs advice on preparation of a duty roster and guidance on what to do when treatment of a single common disease would consume the drug budget Part IV shows how to apply principles of good management to health care in a community and offers step by step advice on how to assess needs fix priorities define objectives monitor progress and adjust programs Methods for developing community self help programs are described Each chapter begins with a statement of learning objectives each part concludes with exercises to aid individual instruction and problem solving in teams Seventy pages of illustrative solutions to the exercises are provided YLB **Resources in Education** , 1997 *Health Planning for Effective Management* William A. Reinke, 1988 Emphasizing practical considerations in designing and carrying out primary health care programs this is a superb introductory text for public health students It will be of particular interest to those working with rural populations in developing countries with limited resources Part I covers policy issues and the conceptual framework for planning management and evaluation Part II reviews essential methods for effective implementation considering the economic political epidemiologic demographic and other components that contribute to the assessment of health needs and resource allocation Part III discusses specific tools and techniques in program management related to decision analysis network analysis survey techniques cost effectiveness appraisal and much more Comprehensive and informative this highly practical work is the result of many years of experience in teaching and working with health care planners from around the world Current Catalog National Library of Medicine (U.S.), 1983 First multi year cumulation

covers six years 1965 70 **National Library of Medicine Current Catalog** National Library of Medicine (U.S.),
Peace Corps Times ,1984 Canadian Public Health Journal ,1981 **Peace Corps Times** Peace Corps (U.S.),1987

An Introduction to Health Planning for Developing Health Systems Andrew Green,2007-01-11 Health planning is a critical component when responding to the health needs of low and middle income countries characterised by particularly stringent resource constraints The major communicable diseases such as AIDS TB and malaria often appear in parallel with growing non communicable diseases including heart disease and diabetes and yet resources are often less than the levels recommended by the World Health Organisation for basic health care The new edition of this well respected text explains the importance of health planning in both developing regions such as Africa and those in transition such as Central and Eastern Europe It stresses the importance of understanding the national and international context in which planning occurs and provides an up to date analysis of the major current policy issues including health reforms Separate chapters are dedicated to the distinct issues of finance for health care and humanresource planning The various techniques used at each stage of the planning process are explained starting with the situational analysis and then looking in turn at priority setting option appraisal programming implementation monitoring and evaluation The book ends by examining the challengesfacing planners in the 21st century particularly in the light of growing globalisation A major theme of the book is the need to recognise and reconcile the inevitable tension that lies between value judgements and rational decision making As such in addition to introducing techniques such as costing and economic appraisal it also outlines techniques such as stakeholder analysis for understanding the relative attitudes and power of different groups in planning decisions Each chapter includes a comprehensive bibliography including key websites a summary and exercises to help the reader practise techniques and better understand the content The book argues that all health professionals and community groups should be involved in the planning process for it to be effective and will therefore appeal to anyone involved in planning **On being in charge**

Rosemary McMahon,1992 Leadership for Primary Health Care Daniel Flahault,Milton Irwin Roemer,1986 This book considers the role of and the need for primary health care leadership drawing upon case studies and research from the World Health Organization WHO communities The differing levels and functions of leadership in primary health care are delineated with particular emphasis given to regarding the leadership concept as effective management Twelve case studies are presented of primary health care programs in WHO member countries and functions of the programs and training programs to develop leadership are detailed The first three reports from Bulgaria the Dominican Republic and Viet Nam are general accounts of national primary health care programs Reports from Cuba Finland Papua New Guinea and Somalia analyze one sample locality in a national primary health care program Projects in Bangladesh France Kenya Liberia and the Philippines are analyzed in terms of one or more special primary health care projects in a given country A chapter on Levels and Functions of Leadership includes consideration of planning and setting objectives recruitment and training of primary health

workers promotion of community involvement and evaluation of such programs The chapter on Requirements for Effective Leadership discusses variations among countries and individuals adequate resources for leadership personal characteristics of leaders and prerequisite education and experience CB **Nutrition Education for the Public** Food and Agriculture Organization of the United Nations,1997 Papers from the FAO Expert Consultation on Nutrition Education for the Public 18 22 September 1995 For the report of this conference see FAO Food Nutrition Paper 59 ISBN 9251037973 **The Social Construction of Community Care** Anthea Symonds,Anne Kelly,1998-11-11 This book represents a new development in the discussion of community care policies with its integrated approach addressed to both community nurses and social workers It includes contributions from practitioners in both fields as well as lecturers and researchers in sociology and social policy The overall theme of the book is the concept of community as a social and cultural construction The authors begin with an account of the historical construction of community care followed by explorations of the actual practice of the delivery of care and of the needs of particular groups within the community **Short Textbook of Public Health Medicine for the Tropics** Adetokunbo O. Lucas,Herbert Michael Gilles,2003 *Low-cost Rural Health Care and Health Manpower Training* ,1983 **SALUS, Low-cost Rural Health Care and Health Manpower Training** Rosanna M. Bechtel,1981 **Education for Health** World Health Organization,1988 *Publicaciones de la Organización Mundial de la Salud* World Health Organization,1978 Vols for 1973 1977 include publications issued by various WHO regional offices and by the International Agency for Research on Cancer

On Being In Charge A Guide For Middlelevel Management In Primary Health Care Introduction

In today's digital age, the availability of *On Being In Charge A Guide For Middlelevel Management In Primary Health Care* books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of *On Being In Charge A Guide For Middlelevel Management In Primary Health Care* books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of *On Being In Charge A Guide For Middlelevel Management In Primary Health Care* books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing *On Being In Charge A Guide For Middlelevel Management In Primary Health Care* versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, *On Being In Charge A Guide For Middlelevel Management In Primary Health Care* books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing *On Being In Charge A Guide For Middlelevel Management In Primary Health Care* books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they

can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for On Being In Charge A Guide For Middlelevel Management In Primary Health Care books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, On Being In Charge A Guide For Middlelevel Management In Primary Health Care books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of On Being In Charge A Guide For Middlelevel Management In Primary Health Care books and manuals for download and embark on your journey of knowledge?
