Knowles, Martha Smith, 2007-05-30 Understanding Diversity Through Novels and Picture Books goes beyond the usual multicultural lists and looks at the wide expanse of the diversity of cultures and lifestyles impacting children's lives in America today and identifies good books to have in library collections for them to read. Included are annotated titles with discussion questions from all of the identified cultures and subcultures and annotated teacher/librarian resources print and Web based as well as an excellent list of topical annotated journal articles. Grades 4-8. Knowles and Smith examine current research on diversity and multiculturalism. They move away from the traditional aspects of multicultural education: food, fashion, folktales, festivals, and famous people to a focus on novels and picture books and realistic fiction to show children with diversity issues that there are others in similar positions. The issue of authenticity: whether the author of the book should be of that culture or merely familiar with the culture is discussed. Topics include Ethnicities: Asian, Latino, Hispanic, African, Black, Native American, White, European, Bi-Multiracial. Exceptionalities: Ageism, Socioeconomic Status, Sexual Orientation, Gender, and Religion. The authors provide this valuable resource for libraries, schools, and communities that wish to utilize literature to help diverse students walk in the shoes of others and to match books to children and young adults to heighten understanding and acceptance. Grades 4-8.

Aiden Dale Mayer, 2022-08-23 Aiden has high hopes for his own mission but Las Vegas and a woman accused of killing her own husband wasn't it. Then he finds out it's a special request from a man he's long respected and that the woman in question was his cousin. Even more confusing is the series of other murders that according to the local law enforcement are linked to her as well. Toby's life has been one long nightmare and just when a light shines in to save her and she hopes she will survive this after all the cops decide she's the one who murdered her husband. Hardly but if she'd had the guts and the lack of concern for spending the rest of her life in jail for getting justice then she'd have done it. But as it was if they can't figure out who and what is going on she'll be spending her life in prison regardless. And that would be a shame considering she'd just met Aiden, one of the most interesting men to cross her path. Now if only he'd been here years ago before her world went off the rails.
