Etter,2020-12-12 Around the year 1100 a genius mind woman or man created an image which has not lost its meaning even to this day It was made by hundreds of busy hands as a colorful goblin most likely used originally for centuries as a canopy in the Romanesque Cathedral of Gerona North east of Spain The original tapestry showed all the signs of a mandala a big circle surrounded by a square with a central symbol and many interesting details What makes this mandala unique is the fact that it unites pagan symbols in the form of nature gods rivers winds the year as well as the genesis of the Jewish Tora the creation myth the holy cross of Christianity held by the roman emperor Constantine the Great and according to Muslim tradition the tapestry as a whole and its mandala shape In 1982 author Hansueli Etter visited the Cathedral of Gerona in Catalonia Spain as a tourist There he met the Creation Tapestry for the first time He hoped to find an answer to the following questions why the Creation Tapestry fascinated him as well as thousands of annual visitors and why this medieval image still enthalls today going far beyond an art historical curiosity After extensive studies he dared to reconstruct the missing parts at the bottom of the picture since the basic concept is undoubtedly a mandala The added images should fit sensibly into the essential statement of the Creation Tapestry Nowadays a part at the bottom of the tapestry is missing but the still visible iconographic details and the understanding of its meaning allowed a full reconstruction of the image To discover the symbolic meaning of the rich iconography of the Creation Tapestry opens up an insight in the common background of all religions back to the roots of shamanism which use mandalas in dance as well as in images To create or meditate on mandalas is till today a healing process and affects the human psyche deeply Mandalas enforce the tendencies to unite the opposites which is so crucial in our time **Tarot for the New Aeon** P.
