Questions You Will Ever Ask About Your Organization Peter F. Drucker, 2011-01-11 With Peter Drucker's five essential questions and the help of five of today's thought leaders this little book will challenge readers to take a close look at the very heart of their organizations and what drives them. A tool for self assessment and transformation answering these five questions will fundamentally change the way you work helping you lead your organization to an exceptional level of performance. Peter Drucker's five questions are: What is our Mission with Jim Collins, Who is our Customer with Phil Kotler, What does the Customer Value with Jim Kouzes, What are our Results with Judith Rodin, What is our Plan with V. Kasturi Rangan. These essential questions grounded in Peter Drucker's theories of management will take readers on an exploration of organizational and personal self discovery giving them a means to assess how to be how to develop quality character mind set values and courage. The questions lead to action. By asking these questions readers can focus on why they are doing what they are doing in their work and how to do it better. Designed for today's busy professionals this brief clear and accessible book will challenge readers to ask these provocative questions and it will stimulate spirited discussions and action within any organization inspiring positive change and new levels of excellence helping all to envision the future of theirs or any organization.

A New Meaning-Mission Fit Michelle French-Holloway, 2020-05-11 This book offers a clear process for managers professionals and future leaders to help discover their personal meaning in life and apply it to their work. The author uses research outcomes and theories to refute the contemporary philosophy that stresses following an individual's passion alone when choosing a particular job or career. Instead she recommends employing a personal meaning oriented approach to life and work and then becoming passionate about one's work organically. The book also highlights the positive outcomes to organizations and societies when individuals engage with finding meaning in work focusing on physical and emotional health and satisfaction. The author provides numerous examples of leaders who have aligned their personal meaning and organizational mission also known as meaning mission fit and the relationship of this alignment to their emotional well being. Together the research theory and evidence in this book equip leaders and managers with an inspiring model to find their own meaning mission fit as well as create opportunities for the employees to do the same.
