

# THE BIRTH OF MODERN PHILOSOPHY

## MAKERS OF THE MODERN WORLD

# On Modern Philosophy

**Steven M. Emmanuel, Patrick Goold**

## **On Modern Philosophy:**

**On Modern Philosophy** Garrett Thomson, 2004 This historically organized book presents a holistic picture of the development of modern philosophy It contains chapters on each of the major thinkers of this period Galileo Bacon Descartes Hobbes Spinoza Newton Locke Leibniz Berkeley Hume and Kant ON MODERN PHILOSOPHY concisely presents the aims of each thinker and their basic argumentative strategies for achieving those aims in the context of their lives The Wadsworth Philosophical Topics Series presents readers with concise timely and insightful introductions to a variety of traditional and contemporary philosophical subjects With this series edited by Robert Talisse of Vanderbilt University philosophy students will be able to discover the richness of philosophical inquiry across a wide array of concepts including hallmark philosophical themes and topics typically underrepresented in mainstream philosophy publishing Written by a distinguished list of scholars who have been noted for their exceptional teaching abilities this series presents the vast sweep of today's philosophical exploration in highly accessible and affordable volumes These books will prove valuable to philosophy teachers and their students as well as to other readers who share a general interest in philosophy *The Modern Turn* Michael Rohlf, 2017-12 What is the modern turn in philosophy In other words what are the features that make modern philosophy distinctively modern in contrast with the pre modern philosophy from which it emerged for example medieval scholasticism Renaissance philosophy and ancient Greek and Roman thought How did the modern turn in philosophy transpire That is what did specific philosophers contribute that shaped the distinctive character of modern philosophy The twelve essays in this volume seek to address these questions and in doing so they exemplify and contribute to a rich debate about the nature and value of modern philosophy This volume approaches the modern turn not as an event that occurred all at once but rather as a series of shifts in different areas of philosophy at different times The essays are arranged broadly in chronological order of the topics they treat Among the themes that recur most often in these essays are first that modern philosophy is characteristically preoccupied with questions about foundations and second that it ultimately prioritizes practice over theory But the virtues of this text is in presenting a wide range of perspectives on modern philosophy what constitutes it as modern when it arose and what its shortcomings may be **Modern Philosophy** Roger Scruton, 2012-11-26 Roger Scruton is one of the most widely respected philosophers of our time whose often provocative views never fail to simulate debate In *Modern Philosophy* he turns his attention to the whole of the field from the philosophy of logic to aesthetics and in so doing provides us with an essential and comprehensive guide to modern thinking Modern Philosophy, 1991 **Some Turns of Thought in Modern Philosophy: Five Essays** George Santayana, 1933-01-01 A good portrait of Locke would require an elaborate background His is not a figure to stand statuesquely in a void the pose might not seem grand enough for bronze or marble Rather he should be painted in the manner of the Dutch masters in a sunny interior scrupulously furnished with all the implements of domestic comfort and philosophic enquiry the Holy Bible open majestically before him and beside it that other

revelation the terrestrial globe His hand might be pointing to a microscope set for examining the internal constitution of a beetle but for the moment his eye should be seen wandering through the open window to admire the blessings of thrift and liberty manifest in the people so worthily busy in the market place wrong as many a monkish notion might be that still troubled their poor heads From them his enlarged thoughts would easily pass to the stout carved ships in the river beyond intrepidly setting sail for the Indies or for savage America Yes he too had travelled and not only in thought He knew how many strange nations and false religions lodged in this round earth itself but a speck in the universe There were few ingenious authors that he had not perused or philosophical instruments that he had not as far as possible examined and tested and no man better than he could understand and prize the recent discoveries of the incomparable Mr Newton Nevertheless a certain uneasiness in that spare frame a certain knitting of the brows in that aquiline countenance would suggest that in the midst of their earnest eloquence the philosopher's thoughts might sometimes come to a stand Indeed the visible scene did not exhaust the complexity of his problem for there was also what he called the scene of ideas immaterial and private but often more crowded and pressing than the public scene Locke was the father of modern psychology and the birth of this airy monster this half natural changeling was not altogether easy or fortunate I wish my erudition allowed me to fill in this picture as the subject deserves and to trace home the sources of Locke's opinions and their immense influence Unfortunately I can consider him what is hardly fair only as a pure philosopher for had Locke's mind been more profound it might have been less influential He was in sympathy with the coming age and was able to guide it an age that confided in easy eloquent reasoning and proposed to be saved in this world and the next with as little philosophy and as little religion as possible Locke played in the eighteenth century very much the part that fell to Kant in the nineteenth When quarrelled with no less than when embraced his opinions became a point of departure for universal developments The more we look into the matter the more we are impressed by the patriarchal dignity of Locke's mind Father of psychology father of the criticism of knowledge father of theoretical liberalism god father at least of the American political system of Voltaire and the Encyclopaedia at home he was the ancestor of that whole school of polite moderate opinion which can unite liberal Christianity with mechanical science and with psychological idealism He was invincibly rooted in a prudential morality in a rationalised Protestantism in respect for liberty and law above all he was deeply convinced as he puts it that the handsome conveniences of life are better than nasty penury Locke still speaks or spoke until lately through many a modern mind when this mind was most sincere and two hundred years before Queen Victoria he was a Victorian in essence A chief element in this modernness of Locke was something that had hardly appeared before in pure philosophy although common in religion I mean the tendency to deny one's own presuppositions not by accident or inadvertently but proudly and with an air of triumph Presuppositions are imposed on all of us by life itself for instance the presupposition that life is to continue and that it is worth living Belief is born on the wing and awakes to many tacit commitments Afterwards in reflection we may wonder at

finding these presuppositions on our hands and being ignorant of the natural causes which have imposed them on the animal mind we may be offended at them Their arbitrary and dogmatic character will tempt us to condemn them and to take for granted that the analysis which undermines them is justified and will prove fruitful But this critical assurance in its turn seems to rely on a dubious presupposition namely that human opinion must always evolve in a single line dialectically providentially and irresistibly It is at least conceivable that the opposite should sometimes be the case Some of the primitive presuppositions of human reason might have been correct and inevitable whilst the tendency to deny them might have sprung from a plausible misunderstanding or the exaggeration of a half truth so that the critical opinion itself after destroying the spontaneous assumptions on which it rested might be incapable of subsisting     Modern Philosophy Roger Scruton,1994 This study aims to bring the reader up to date with current developments in the whole field of philosophy from the philosophy of logic to aesthetics and explains how to tackle the existing literature     **Classical Modern Philosophers** Richard Schacht,2013-04-03 Descartes Leibniz Spinoza Locke Berkeley Hume and Kant these are the seven philosophers who stand out from the rest in what is known as the modern period in philosophy Their thought defines the mainstream of classical or early modern philosophy largely responsible for shaping philosophy as we now know it In a clear and lively style Richard Schacht has written a thorough introduction to the work of these seven founding fathers of modern philosophy The bibliography has been updated for this revised edition to take account of the recent explosion of writings on modern philosophy     **Modern Philosophy** Guido De Ruggiero,1921     **The Spirit of Modern Philosophy** Josiah Royce,1892

**Late Modern Philosophy** Elizabeth S. Radcliffe,Richard McCarty,Fritz Allhoff,Anand Jayprakash Vaidya,2007-01-23 Part of the Blackwell Readings in the History of Philosophy series this survey of late modern philosophy focuses on the key texts and philosophers of the period whose beliefs changed the course of western thought Gathers together the key texts from the most significant and influential philosophers of the late modern era to provide a thorough introduction to the period Features the writings of Locke Berkeley Hume Leibniz Kant Rousseau Bentham and other leading thinkers Examines such topics as empiricism rationalism and the existence of God Readings are accompanied by expert commentary from the editors who are leading scholars in the field     **The Spirit of Modern Philosophy** Josiah Royce,1926     *Modern Classical Philosophers* Benjamin Rand,1908     The Spirit of Modern Philosophy; an Essay in the Form of Lectures Josiah Royce,2013-06 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy

**Modern Philosophy** Richard Francks,2004-01-01 Through vivid and witty prose Richard Francks presents the ideas that have informed the development of philosophy as we know it Our current approaches to central philosophical problems the

existence of God the mind body problem the idea of the self and the existence of the world originated in the texts of these six thinkers as did broader questions about political and social philosophy This book is ideal for anyone encountering the ideas of these thinkers for the first time

**A Brief History of Modern Philosophy** Harald Høffding, 2021-04-10 A Brief History of Modern Philosophy by Harald Høffding translated by Charles Finley Sanders Published by Good Press Good Press publishes a wide range of titles that encompasses every genre From well known classics literary fiction and non fiction to forgotten or yet undiscovered gems of world literature we issue the books that need to be read Each Good Press edition has been meticulously edited and formatted to boost readability for all e readers and devices Our goal is to produce eBooks that are user friendly and accessible to everyone in a high quality digital format

**Modern Philosophy - From Descartes to Nietzsche** Steven M. Emmanuel, Patrick Goold, 2002-02-15 Modern Philosophy An Anthology features a broad range of selections from important but seldom anthologized works in the philosophy of psychology natural science morality politics and religion Features a broad range of selections from works in the philosophy of psychology natural science morality politics and religion Places the modern thinkers in conversation with each other including Leibniz on Descartes and Spinoza Reid on Locke and Hume and Kant on Hobbes Offers important but seldom anthologized primary works

The Spirit of Modern Philosophy Josiah Royce, 1967

**A Beginner's History of Philosophy: Modern philosophy** Herbert Ernest Cushman, 1911

The Development of Modern Philosophy Robert Adamson, 1971
