*Finding Eden* Robin Hanbury-Tenison, 2017-09-30

Sometimes it feels as though the whole planet has been so polluted and ravaged that there are no Edens left but they are there to be found by those who step off the beaten track So it was with mine Fifty years ago the interior of Borneo was a pristine virgin rainforest inhabited by uncontacted indigenous tribes and naive virtually tame wildlife It was into this Garden of Eden that Robin Hanbury Tenison led one of the largest ever Royal Geographical Society expeditions an extraordinary undertaking which triggered the global rainforest movement and illuminated for the first time how vital rainforests are to our

planet For 15 months Hanbury Tenison and a team of some of the greatest scientists in the world immersed themselves in a place and a way of life that is on the cusp of extinction Much of what was once a wildlife paradise is now a monocultural desert devastated by logging and the forced settlement of nomadic tribes where traditional ways of life and unimaginably rich and diverse species are slowly being driven to extinction This is a story for our time one that reminds us of the fragility of our planet and of the urgent need to preserve the last untamed places of the world **False Reality, But True** J. L.

Zaring,2013-10 False Reality But True is about the separate yet parallel journeys of two men and how both are touched with the grace of true love which is eternally seared to the beat of their hearts The younger man s love acts as a hope a powerful strength pushing him through the gut of war and death leaving him searching endlessly and tirelessly for the woman he loves From the memories of their love to the promises they made he vows to find her before death scrapes her away a flower to a withered form The older man s love acts as a curse condemning him to a life of heartache after a lost love that can never be redeemed Vengeance to his love the missing voice to his heart he never rests as he seeks his last and final calling Mysticism hides throughout their journeys and their unique connection unravels as their brutal fight for survival exposes the power of love and goodness in heroic proportions Goldsmith's Deserted Village Oliver Goldsmith,1877 **Davidson and Alcock's**
