On Being And Becoming An Introduction To Literature:

Being and Becoming ,1993 **Being and Becoming** Anne Mills King,Sandra Kurtinitis,1987 Shadowlands: Expanding Being-becoming beyond Liminality, Crossroads and Borderlands Remi Calleja,2020-05-19 This book aims to expand on the notion of being becoming and being becoming that manifests across the literature of liminality crossroads and borderlands Looking to overcome the limitations of these grounding concepts the metaphor of the shadowlands is proposed Moving away from dualities and binaries challenging the spatial metaphors which imply clear and defined boundaries and spring from an objective construction of reality and coping with the idea of incompleteness unfinishedness are the challenges of the shadowlands Through the prism of this newly conceptualised analytical and epistemological tool the authors intend to grasp a fresh understanding of the processes of being becoming and being becoming in both their singular and multiple manifestations As an epistemological concept the shadowlands imply that anthropologists must not only identify these uncanny spaces of junction in their research but also shadowlands in the ethnographic papers that they produce In addition to a better understanding of the continuous fabrication of temporalities and being becoming the concept puts into perspective the discipline of anthropology itself Throughout the chapters the different authors permit to grasp the various applications of the shadowlands allowing to project the concept in particular contexts and through specific angles of analysis

Haunted Selves, Haunting Places in English Literature and Culture Julian Wolfreys,2018-10-24 *Haunted Selves Haunting Places in English Literature and Culture* offers a series of readings of poetry the novel and other forms of art and cultural expression to explore the relationship between subject and landscape self and place Utilizing an interdisciplinary approach grounded in close reading the text places Jacques Derrida s work on spectrality in dialogue with particular aspects of phenomenology The volume explores writing and culture from the 1880s to the present day proceeding through four sections examining related questions of identity memory the landscape and our modern relationship to the past Julian Wolfreys presents a theoretically informed understanding of the efficacy of literature and culture in connecting us to the past in an affective and engaged manner *Commentary on the Gospel According to John, Books 13-32* Origen,1993 No description available

GIS and the Social Sciences Dimitris Ballas,Graham Clarke,Rachel S. Franklin,Andy Newing,2017-09-18 *GIS and the Social Sciences* offers a uniquely social science approach on the theory and application of GIS with a range of modern examples It explores how human geography can engage with a variety of important policy issues through linking together GIS and spatial analysis and demonstrates the importance of applied GIS and spatial analysis for solving real world problems in both the public and private sector The book introduces basic theoretical material from a social science perspective and discusses how data are handled in GIS what the standard commands within GIS packages are and what they can offer in terms of spatial analysis It covers the range of applications for which GIS has been primarily used in the social sciences offering a global perspective of examples at a range of spatial scales The book explores the use of GIS in crime

health education retail location urban planning transport geodemographics emergency planning and poverty income inequalities It is supplemented with practical activities and datasets that are linked to the content of each chapter and provided on an eResource page The examples are written using ArcMap to show how the user can access data and put the theory in the textbook to applied use using proprietary GIS software This book serves as a useful guide to a social science approach to GIS techniques and applications It provides a range of modern applications of GIS with associated practicals to work through and demonstrates how researcher and policy makers alike can use GIS to plan services more effectively It will prove to be of great interest to geographers as well as the broader social sciences such as sociology crime science health business and marketing

Empowering Teachers through Environmental and Sustainability Education Melissa Barnes, Deborah Moore, Sylvia Christine Almeida, 2021-05-23 Empowering Teachers through Environmental and Sustainability Education draws inspiration from an empirical study exploring early career teachers attempts at enacting Environmental and Sustainability Education ESE in their everyday teaching practices It showcases how a confluence of personal professional and environmental identities supports implementation of ESE Additionally this book discusses key concepts and issues surrounding ESE and the ways in which teachers may claim agency and power to create change in their classroom practices Drawing from theoretical perspectives such as Bourdieu's thinking tools habitus and capital theories of identity and Foucault's concept of power and knowledge relations this book explores how teachers negotiate policies curriculum and institutional norms to further theoretical and practical understanding of ESE The use of personal narratives offers new insights into teachers agency in creating localised yet powerful change through small and meaningful actions The purpose of this book therefore is to explore ways in which meaningful change can be made in educational settings through these small agentive and yet empowering steps This book reveals that teachers can enact agency and navigate the power structures that exist within educational settings in order to make ESE meaningful within their classrooms

How to Become a Big Man in Africa Wale Adebani, 2024 Can subalterns transform themselves into members of the elite and what does it take to do so And how do those efforts reveal the nature of ethnic politics in postcolonial Africa How to Become a Big Man in Africa Subalternity Elites and Ethnic Politics in Contemporary Nigeria examines these questions by revealing how through ethno regional conflict violence and cultural activities an artisan Gani Adams transformed himself into the holder of

the most prestigious chieftaincy title among the Yoruba Addressing persistent gaps in anthropological studies of the subaltern and of big men in politics through in depth biography and rich social history Wale Adebaniwi follows Adams and other major figures in Nigeria's Oodua People's Congress OPC over two decades of ethnographic study and visual representations Challenging existing models of African political mobility by leveraging his initial lack of formal education into a position of power Adams moved from a radical lumpen and area boy to a big man who continues to struggle and reflect over the significance of his role as a cultural subject Blurring the lines between tradition and modernity Adams and his group have used Yoruba rituals to simultaneously claim authenticity and champion new movements for democracy and self determination How to Become a Big Man in Africa encourages us to understand the full complexity of Adams's political trajectory and how it reflects the structural and personal realities of becoming a Big Man in the contemporary postcolony
