## **On Being Human Essays In Theological Anthropology:**

*On Being Human* Ray S. Anderson, 2010-10-01 What does it mean to be human How does a right understanding of personhood affect decisions on critical life situations What implications does a biblical perspective on personhood have for the pastoral ministry of healing and hope In answering these questions Ray S Anderson focused on the person as determined by and sustained by the creative power of God He explored the the implications of a biblical understanding of personhood for such critical issues as human sexuality family relationships abortion and death He broke new ground in relating pastoral care and counseling to contemporary issues which challenge Christians and their understanding of the meaning of human life

**Christian Perspectives on Being Human** J. P. Moreland, David M. Ciochi, 2015-01-26 While there is a unity to truth from God's perspective there are nevertheless many different ways of knowing studying and defining that truth Thus the task of integration is the task of relating theology and other disciplines in such a way that one articulates and defends a comprehensive unified Christian worldview Christian Perspectives on Being Human is a vital step in that essential process of integration In this unique anthology colleagues from various departments at Biola University undertake an important multidisciplinary approach to integration J P Moreland and David Ciochi represent philosophy in this discussion Robert Saucy theology Sherwood Lingenfelter anthropology Nancy Duvall and Keith Edwards psychology Walt Russell and Scott Rae New Testament and medical ethics and Klaus Issler Christian education

*On Being Christian and Human* Todd H. Speidell, 2002-04-17 In the tradition of Karl Barth T F and J B Torrance and Ray Anderson this collection of essays articulates a theology of ministry based on the humanity of Christ A Christian theology of ministry it insists can be nothing less than a theology for humanity

*The Faith That Moves Mountains* Arisnel Mesidor, 2017-08-21 The Faith That Moves Mountains How to Have It How to Use It and How to Protect It is a Christian nonfiction book consisting of a theological reflection on Mark 11:20-25 If you feel like you have a huge and intimidating mountain standing in front of you if you feel like a huge wall prevents you from entering into your promised land if you are currently facing a situation where you feel blocked from realizing your full potential and fulfilling your God-given destiny this book is written for you The purpose of the book is to reassure you that God has not forgotten you even if it feels like so at times That you have found yourself in precarious situations at one point or another in your life is not a result of God's indifference toward you This book reminds you that even before God brought you into this world he made provisions in order for you to be able to deal with such circumstances You must never lose sight of the fact that God loves you and his plan is not for the mountains of life to remain in your way forever without you being able to do something about it In this book I will teach you about the nature of the faith that moves mountains I will try to explain the nature of that faith how to have it how to use it and how to protect it I want you to realize that you don't always have to put up with things that prevent you from moving forward in your life and toward your God-given destiny I encourage you to keep this in mind not knowing whether or not something negative is happening to you is part of

how God is working in your life You need to pray and make your desire known to God As Gods servant you never need to hide your frustration from him and shy away from letting the one who loves you know what you need My prayer is that after realizing how powerful faith in God is you may put yours into good use God did not put us in this world without carefully equipping us for every challenge we would face God has not created us either as simple tools he can use whenever or for whatever he wants Rather God has made us acting beings able to do things and in fact the things which he himself does God created us in his image and has made us his associates in looking after everything he created Discover the power of faith in God and triumph over the mountains of life      Christopraxis Andrew Root, 2014 Since the late 1970 s practical theology has had a significant voice and influence in the academy While many have seen great hope and potential in this work not everyone has agreed Some for instance have examined the conversation and found by focusing on the concrete and lived experiences of humanity by and large practical theology has not had the theological vision to present frameworks for understanding concrete and lived experience with divine action So argues Andrew Root who in *Christopraxis* seeks to reset the entire edifice of practical theology on a new foundation While not minimizing practical theology s commitment to the lived and concrete Root argues that practical theology has neglected deeper theological underpinnings and seeks to create a practical theology that seeks to be fully post postmodern post Aristotelian and that in seeking to attend to doctrines such as divine action and justification is properly and fully theological      *Reading Ray S. Anderson* Christian D. Kettler, 2010-09-01 Why is theology often divorced from ministry Why is ministry left bereft of a robust theology Ray S Anderson a professor of Fuller Theological Seminary for over thirty years has left a legacy of provocative reflections on these questions In this book Kettler provides a sure guide to major themes in the work of one of the most creative theological minds to have sought to integrate theology and ministry Ray Anderson s radical incarnational theology of the kenotic community provides a new basis for a broader risk taking ecclesiology He also brings theological anthropology to the front of the agenda and therefore into ministry to actual hurting human persons Each chapter ends with a case study from an actual life situation to test out and work through the implications of Anderson s theology      **The Oxford Handbook of Evangelical Theology** Gerald R. McDermott, 2013-12 This volume surveys the state of the discipline on topics of greatest importance to evangelical theology The authors critically assess the state of the question from both classical and evangelical traditions and propose a future direction for evangelical thinking on the subject R sum de l diteur      The Family Jack O. Balwick, Judith K. Balwick, Thomas V. Frederick, 2021-11-16 This proven comprehensive resource covers every issue that affects Christian family life It has been in print for over thirty years and has sold nearly 100 000 copies This new edition is updated throughout with discussions of recent family related issues It includes a new chapter on work and family balance and a new section on the increasing role grandparents take in parental responsibilities      Theology of the Soul Martine C. L. Oldhoff, 2024-06-10 Theology of the Soul engages with a thoroughly theological and philosophical subject in fresh and profound ways the soul The author examines the

possibility of a concept of the soul in modern Western theology In the second part of the 20th century speaking about the soul was strongly criticized in Theology and Philosophy Consequently many academic theologians consider the word soul problematic Remarkably the word soul is very much present in contemporary culture This book takes cultural notions of the soul as employed by for example Marilynne Robinson and Oprah Winfrey as a point of departure The author then investigates the functions of the soul in classical theologies and provides elucidating overviews of the ways in which the soul is discussed and problematized in contemporary Philosophy and Biblical Studies After introducing the apostle Paul as conversation partner she reconsiders various contemporary concepts from a Pauline perspective and offers a constructive systematic theological proposal to speak of the soul in today's modern theological and cultural contexts This interdisciplinary study integrates continental and analytic methods and discussions on the soul in Philosophy and Theology providing a very comprehensive study of the soul

**T&T Clark Handbook of Thomas F. Torrance** Paul D. Molnar, Myk Habets, 2020-02-20 This handbook explores Thomas F. Torrance's importance in modern theology with each contribution bringing Torrance's deep and nuanced insights to a broad range of contemporary theological concerns The contributors to this volume present cutting edge Torrance scholarship for a new generation which will enable readers to see the timely significance of Torrance for today Comprising both contexts and dogmatics these essays not only introduce key themes in Torrance's extensive published writings including his work on the Trinity, ecumenism, incarnation, atonement and eschatology but also provide fresh interpretations fully conversant with theological problems facing the church in the world today Designed as both a guide for students and a reference point for scholars this handbook thoroughly explores the frameworks of key debates related to Torrance's theology while also suggesting fresh interpretative strategies concerning his thought

*Fully Human in Christ* Todd Speidell, 2016-11-08 Thomas F. Torrance's theology included a thoroughgoing albeit implicit ethic of reconciliation It focused on the personalizing and humanizing mediation of Christ in all realms of life including not only a supposed private dimension of human life but also the social, historical and political structures of human society and even of the cosmos itself This book builds upon that vision of a Christian ethic radically rooted in God's grace which encompasses, sustains and transforms the entire human and created order A trinitarian incarnational social ethic does not begin with our human causes, projects and agendas however noble they might be but with witness to the reconciling person and work of Jesus Christ for us

**On Being a Person** Todd Speidell, 2002-12-02 From the Introduction The approach of this text will be multidisciplinary psychologists, philosophers, theologians and ethicists grappling with what it means to be a person This volume will not attempt to provide a comprehensive history of psychology but will instead focus on selected representatives of various paradigms of psychology from the first systematic psychologist Aristotle through psychology's development as an empirical science and to recent developments in family systems theory It will especially emphasize a social, relational, spiritual view of the self namely human relations to God and to others are essential to humanity

**Knowing God by Name**

Cherith Fee Nordling, 2010 Does women's experience matter for theological inquiry Elizabeth Johnson's premise is that it does Knowing God by name is a critical assessment and evaluation of this approach bringing Johnson into conversation with Catholic and feminist colleagues and with Karl Barth whose Trinitarian theology of experience maintains the divine creaturely distinction she challenges P 4 cover *The God Who Loves and Is Loved* Christian D. Kettler, 2019-11-12 Can there be a greater folly than writing a book about love But how can we avoid that most basic of all desires and commands Yet we are very poor lovers as our history demonstrates If God is love though can we find help in considering the love of Jesus Christ and the love of Jesus thought of in terms of what T F Torrance called the vicarious humanity of Christ This would mean that we realize our inability and the Son of God's ability to love on our behalf and in our place Such a love mirrors the love of the Son for the Father in the Spirit a love that reflects his eternal triune love Therefore could we have new perspectives on our relationships the love of ourselves of God and the neighbor How essential is love to being human and what kind of love What does it mean to love your enemies What is the relationship between justice and love And what are the fruits of love the evidence of genuine love Christian D Kettler explores these issues in the context of the living reality of the vicarious humanity of Christ **Futuring Our Past** Espin, Orlando ,Macy, Gary, 2014-04-10 The Catholic understanding of Tradition is not just about the preservation of ancient practices or customs it is the process by which the faith is handed on traditioned from one generation to another The essays in this volume by scholars from a wide range of disciplines center on two questions How is the Christian tradition traditioned among Latino as And what impact does this traditioning have on the Tradition Futuring our Past is the first volume in a new Orbis series published in cooperation with the Center for the Study of Latino a Catholicism at the University of San Diego Aside from the editors contributors include Bernard Cooke Miguel H D az Michelle Gonz lez Jos R Irizzary Francisco Lozada Jr Daisy L Machado Nancy Pineda Madrid Gary Riebe Estrella Jean Pierre Ruiz and Theresa Torres *The Humanity of Christ and the Healing of the Dysfunction of the Human Spirit* Donald L. Alexander, 2015-08-13 The book represents a personal quest in what Anselm referred to as faith seeking understanding The primary focus centers on proposing an interpretation of the nature and function of the human spirit and its relationship to the divine spirit and the living of a godly Christian life Thus the book has a dual concern namely an academic one and a spiritual one The undergirding premise is that apart of the human spirit the divine spirit is personally unknowable This premise contains the following supporting concepts First the core of human personhood resides in the human spirit and constitutes the unique capacity for personal self relatedness Second as the result of humanity's idolatrous displacement of God a radical reversal occurred with the human spirit When restored to its original relationship with the divine spirit the human spirit as James Loder writes is called out of its futility and perversity into the light and truth of the divine spirit *Self-Care* Ray S. Anderson, 2010-12-01 Life is not user friendly we all need some instructions along the way But Self Care is not just another self help book This is a book about the self first of all and then how that self endowed by God with a divine image can

experience self worth emotional health and a strong and vital faith in the face of life s inevitable and irrational pain and suffering Self Care goes beyond recovery from abuse and dysfunction It is the realization of God s gift of personal empowerment and spiritual healing The most difficult textbook is life itself one that none of us can avoid reading and interpreting This book will serve as a guide to interpret the text of life given to each of us and lead to more effective and creative living      *Self Love and Christian Ethics* Darlene Fozard Weaver,2002-10-17 Publisher Description      *Dementia* John Swinton,2012 Offering compassionate and carefully considered theological and pastoral responses to dementia and forgetfulness John Swinton redefines dementia in light of the transformative counter story that is the gospel      **Authentic Human Sexuality** Judith K. Balswick,Jack O.
