On Being Sure In Religion:

On Being Sure in Religion Ian T. Ramsey, 2013-11-07 If believers are right in the significance they claim for religion how can they tolerate uncertainties or preach a Gospel of good news if they are uncertain what they are to talk about Is religious conviction something which no honest man can profess Do believers in fact speak with one voice These are some of the questions that prompted this book which embodies the F D Maurice lectures delivered at King's College London in 1961 It discusses topics that were causes of as much concern to Maurice as they are in our own day eternal punishment Christian social duty the problem of subscription ex animo to Articles Professor Ramsay argues that it is reasonable to be sure in religion while being tentative in theology In the course of his discussion he compares Maurice and Newman in relation to their views on theological certainty and also considers the question whether the time has come for revision of the Thirty nine Articles Being Sure of Each Other Kimberley Brownlee, 2020 Brownlee rethinks human rights theory to reflect the fact that we are deeply social creatures Our core social needs for meaningful social inclusion are more important than and essential to our civil political and economic needs This grounds a right against social deprivation and a right to the resources to sustain other people **Approaching Philosophy of Religion** Anthony C. Thiselton, 2018-01-16 Encountering philosophy of religion for the first time we are like explorers arriving on an uncharted coastline This introduction from Anthony Thiselton is divided into three parts first mapping the main approaches then introducing us to the major ideas and thinkers and finally giving concise explanations of all the words and phrases readers need to know **Doubt, Faith, and Certainty** Thiselton, Anthony C., 2017 Doubt faith certainty In this book celebrated theologian Anthony Thiselton provides clarity on these complicated long misunderstood theological concepts and the practical pastoral problems they raise for Christians He reminds us that doubt is not always bad faith can have different meanings in different circumstances and certainty is fragile Drawing on his expertise in the fields of exegesis and hermeneutics biblical studies and the history of Christian thought Thiselton works his way through the labyrinth of past definitions while offering better more nuanced theological understandings of these three interrelated concepts The result is a book that speaks profoundly to some of our deepest existential concerns *Private Thoughts on Religion* Thomas Adam, 1821 **Religion, Theory, Critique** Richard King, 2017-07-18 Religion Theory Critique is an essential tool for learning about theory and method in the study of religion Leading experts engage with contemporary and classical theories as well as non Western cultural contexts Unlike other collections this anthology emphasizes the dynamic relationship between religion as an object of study and different methodological approaches and openly addresses the question of the manifold ways in which religion secular and culture are imagined within different disciplinary horizons This volume is the first textbook which seeks to engage discussion of classical approaches with contemporary cultural and critical theories Contributors write on the influence of the natural sciences in the study of religion the role of European Christianity in modeling theories of religion religious experience and the interface with

cognitive science the structure and function of religious language the social scientific study of religion ritual in religion the phenomenology of religion critical theory and religion embodiment and religion the impact of colonialism and modernity theorizing religion in terms of race and ethnicity links among religion nationalism and globalization the interplay of gender sex and religion and religion and the environment Each chapter introduces the topic identifies key theorists and issues and respects the pluralistic nature of the scholarship in the field Altogether this collection scrutinizes the explicit and implicit assumptions theorists make about religion as an object of analysis *Book 6 Biblical Faith HC Kurt*

Jurgensmeier, 2012-10-29 Faith is a vital topic in Christian theology However the concept is more complex than is assumed John Stott writes One wonders if there is any Christian quality more misunderstood than faith We demonstrate that Scripture uses faith in a variety of ways including saving faith false faith miracle faith empowering faith and visionary faith Failure to recognize this leads to serious error in both Arminianism and charismaticism Included is an extended section on visionary faith that enables us to step out in courage taking risks to pursue human plans to fulfill God's commands In our defense of the fact that biblical faith must rest on biblical revelation we critique the inclusivism of John Wesley Billy Graham and C S Lewis which claims salvation can be apart from a revelation of the Gospel Finally we demonstrate that the strength of our faith depends on reason and the evidences it perceives and evaluates There is no such thing as a biblical leap of faith apart from reason Essays and Addresses on the Philosophy of Religion Baron F von Hugel, 2001-07-02 Trieste Publishing has a

massive catalogue of classic book titles Our aim is to provide readers with the highest quality reproductions of fiction and non fiction literature that has stood the test of time The many thousands of books in our collection have been sourced from libraries and private collections around the world The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original Our readers see the books the same way that their first readers did decades or a hundred or more years ago Books from that period are often spoiled by imperfections that did not exist in the original Imperfections could be in the form of blurred text photographs or missing pages It is highly unlikely that this would occur with one of our books Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase Our staff has thoroughly reviewed every page of all the books in the collection repairing or if necessary rejecting titles that are not of the highest quality This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original and to the maximum degree possible gives them the experience of owning the original work We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality but also providing value to every one of our readers Generally Trieste books are purchased singly on demand however they may also be purchased in bulk Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates Sure Footing in Christianity, or rational discourses on the rule of faith. With ... animadversions on Dr Pierce's sermon [on the primitive rule of Reformation]. Also on some passages in Mr Whitby and Mr Stillingfleet, which

concern that rule. By J. S. [i.e. John Sergeant]. John Sergeant, 1665 **The principles of religion, set forth in a commentary on the Church catechism** Samuel Pagan, 1867 **The Principles of Religion, Set Forth in a Commentary on the Church Catechism, with Scripture Proofs, and Illustrations from Early Christian Writers** Samuel PAGAN, 1867 Religion and Life with Christianity Ina Taylor, 2005 At the right depth for Religion and Life options Religion and Life with Christianity provides everything you need for Unit B of the Edexcel specification without any redundant material **A Discourse on Mistakes Concerning Religion, Enthusiasm, Experiences, &c** Thomas Hartley, 1759 Also includes William Dell Christ s spirit a christian s strength Or a plain discovery of the mighty and invincible power that all believers receive through the gift of the spirit Germantown Christopher Sower 1760 **Religion and Reality** Darren Iammarino, 2013-08-28 This book argues for the reality of multiple religious ultimates rather than just one This entails that all the religions are not the same they describe different religious objects and they each provide unique forms of salvation The immediate advantage of this approach is that it explains how all religions are equally valid without glossing over the real differences that define them Put differently each religion has correctly identified a piece of the puzzle that makes up Ultimate Reality There is however a limit to the plurality and thus five distinct religious ultimates are identified the Forms God A World Creativity and the Receptacle One or two of these five ultimates are found within all of the world s religions as evidenced by religious scriptures and religious experiences Based upon these five religious ultimates this book puts forth a novel philosophical and religious system cosmotheism a word emphasizing the likelihood that in the beginning there was more than just God Quite possibly there may have been five ultimates each sacred in its own way none of which could have existed without the reality of the others Faith On The March A.H. Macmillan, 2011 *Families and Religion* Christel Gärtner, Linda Hennig, Olaf Müller, 2025-03-20 This comparative study examines the transmission of religion in families in Germany Italy Hungary Finland and Canada The authors rely on the widely shared argument that religious change can primarily be understood as an intergenerational process Based on a mixed methods design the book investigates the question of how when exactly and under what conditions the following generations become less religious than the previous ones From the perspective of familial and historical generations the authors examine the significance of religious socialization for the transmission of non religious worldviews affiliation practice and identity According to a central finding religious change takes place primarily in the phase of adolescence against the background of the respective social context **Religions and the Truth** Hendrik M Vroom, 1990 *Thoughts on Religion, and Other Subjects* Blaise Pascal, 1829 **Nature's Calling** Michael Knapp, 2021-07-14 Come with me on an extraordinary journey A journey of enlightenment through God s glorious creation where we will learn how intricately intertwined we are with nature From there we will travel through the darkness discovering the cause of our fall from God s grace and an understanding of the reason behind the great chasm God s amazing plan to bridge the chasm a pathway for our salvation is then revealed leading us to an undeniable

confidence in our ultimate destination With this knowledge and understanding we can all finally sit around the campfire and enjoy several devotions that were inspired by God while hiking breathtaking trails from all over the United States **The**
