Modern American Drama on Screen William Robert Bray, R. Barton Palmer, 2013-08-08 From its beginnings the American film industry has profited from bringing popular and acclaimed dramatic works to the screen This is the first book to offer a comprehensive account focusing on key texts of how Hollywood has given a second and enduring life to such classics of the American theater as *Long Day's Journey into Night* *A Streetcar Named Desire* and *Who's Afraid of Virginia Woolf* Each chapter is written by a leading scholar and focuses on Broadway's most admired and popular productions The book is ideally suited for classroom use and offers an otherwise unavailable introduction to a subject which is of great interest to students and scholars alike

Hollywood on Stage Kimball King, 2013-07-04 Playwrights have been depicting Hollywood as a cultural desert and an industry of profit driven philistines ever since the early days of the movies This collection of original essays covers the period from the 1920s to the present but concentrates on such contemporary playwrights as David Mamet Sam Shepard David Rabe Arthur Kopit and Adrienne Kennedy A substantial proportion of the volume is devoted to a discussion of the way in which these authors deconstruct Hollywood myths to reveal painful social and psychological issues in American life providing a deeper and darker picture than the simple satires of movie making in the 1920s and 1930s or Odets's comparison of the commercially debased Hollywood with the higher purer art of the theatre To complete and further complicate the picture the volume concludes with essays on the African American experience gay

writers and feminist writing as seen through the lens of Marlane Myer's *ETTA JENKS*.
