On Providence and Other Essays Ulrich Zwingli, 1999-10-13 A collection of of Zwingli's later writings 1525-1531 including such works as his treatise on original sin essay on providence and his Short and Clear Exposition of the Christian Faith

*On Providence*, 2020-03-09      **John Calvin's Ideas** Paul Helm, 2004-11-11 This is a major study of the theological thought of John Calvin which examines his central theological ideas through a philosophical lens looking at issues in Metaphysics Epistemology and Ethics The study the first of its kind is concerned with how Calvin actually uses philosophical ideas in his work as a theologian and biblical commentator The book also includes a careful examination of those ideas of Calvin to which the Reformed Epistemologists appeal to find grounds and precedent for their development of Reformed Epistemology notably the *sensus divinitatis* and the internal testimony of the Holy Spirit      *Patience—A Theological Exploration* Paul Dafydd Jones, 2022-11-17 What does it mean to exercise patience What does it mean to endure to wait and to persevere and on other occasions to reject patience in favor of resistance haste and disruptive action And what might it mean to describe God as patient Might patience play a leading role in a Christian account of God's creative work God's relationship to ancient Israel God's governance of history and God's saving activity The first instalment of *Patience A Theological Exploration* engages these questions in searching imaginative and sometimes surprising ways Following reflections on the biblical witness and the nature of constructive theological inquiry its interpretative chapters engage landmark works by a number of ancient medieval modern and contemporary authors disclosing both the promise and peril of talk about patience Patience stands at the center of this innovative account of God's creative work God's relationship with ancient Israel creaturely sin scripture and God's broader providential and salvific purposes      **On Providence and Other**

Ulrich Zwingli,      *Reprobation: from Augustine to the Synod of Dort* Peter Sammons, 2020-01-20 Over the centuries the Protestant church has been severed into two major positions in regard to predestination and reprobation On one side the Arminians largely reject these doctrines while the reformed readily embrace them as biblical truth Although much has been written either rejecting or defending the doctrine of reprobation little attention has been given to the historical development of the reformed position on the nature of reprobation and God's use of secondary causality in the hardening of the wicked By means of historical analysis Peter Sammons traces the development of the doctrine of reprobation from Augustine to the Synod of Dort In this book Sammons gives special attention to views on reprobation and its various parts preterition and predamnation along with how historically theologians have attempted to articulate its execution Perhaps one of the greatest paradoxes in all of Scripture theology and philosophy is here addressed How does an omnibenevolent and omnipotent God predetermine and interact with sin in the world Answering the question proves vital not merely to reconcile theological and philosophical concerns but to answer the all important question of life Who is God This volume is intended to provide a balanced analysis of the historical and intellectual development within reformed theology as to how God is simultaneously

holy and sovereign by examining how reprobation and its parts have historically been defined Reformed understanding on this doctrine was not done in a vacuum nor was it concluded in the 180 meetings of the Synod of Dort rather it has a history within the church of thoughtful development The Story of Christian Theology Roger E. Olson,2009-08-20 In his book poised to become a standard historical theology textbook Roger Olson takes us on a journey of events ranging from the apostolic fathers to the Reformation to the present **Anyone Can Be Saved** David L. Allen,Eric Hankins,Adam Harwood,2016-09-15 Anyone Can Be Saved articulates a biblical theological explanation of the doctrine of salvation in light of the rise of Calvinistic theology among Southern Baptist churches in the United States Ten scholars pastors and leaders advocate for the ten articles of the Traditional Statement by appealing to Scripture the Baptist Faith and Message and a variety of biblical theological and philosophical writings Although many books address the doctrine of salvation these authors consciously set aside the Calvinist Arminian presuppositions that have framed this discussion in western theology for centuries The contributors are unified in their conviction that any person who hears the gospel can be saved a view that was found among earlier Baptists as well as other Christian groups today This book is not meant to be the final word on Southern Baptist soteriology but is offered as a peaceable contribution to the wider conversation on the doctrine of salvation

Trinity and Incarnation Steven Nemes,2023-08-28 This book argues that the doctrine of God taken for granted in the catholic tradition divine transcendence creatio ex nihilo divine simplicity makes it impossible to give an intelligible and coherent interpretation of the verbal formulas of the catholic dogmas of Trinity and incarnation By way of response to this apparent incoherence at the heart of the catholic theological tradition it proposes an alternative post catholic take on these central doctrines in the light of a qualified monistic conception of God and a Spirit Christological interpretation of Jesus s relation to God the Father as presented in the New Testament **The Oxford Handbook of Presbyterianism** Gary Scott Smith,P.C. Kemeny,2019-07-08 Presbyterianism emerged during the sixteenth century Protestant Reformation It spread from the British Isles to North America in the early eighteenth century During the nineteenth and twentieth centuries Presbyterian denominations grew throughout the world Today there are an estimated 35 million Presbyterians in dozens of countries The Oxford Handbook of Presbyterianism provides a state of the art reference tool written by leading scholars in the fields of religious studies and history These thirty five articles cover major facets of Presbyterian history theological beliefs worship practices ecclesiastical forms and structures as well as important ethical political and educational issues Eschewing parochial and sectarian triumphalism prominent scholars address their particular topics objectively and judiciously A Beautiful Ending John Jeffries Martin,2022-04-19 An award winning historian s revisionary account of the early modern world showing how apocalyptic ideas stimulated political religious and intellectual transformations A masterful synthesis of the prognostications of faith knowledge and politics on a global stage Martin s book illuminates one of the enduring themes that shaped the medieval and early modern world Paula E Findlen Stanford University In this revelatory immersion into the

apocalyptic messianic and millenarian ideas and movements that created the modern world John Jeffries Martin performs a kind of empathic time travel entering into the psyche spirituality and temporalities of a cast of historical actors in profound moments of discovery He argues that religious faith Christian Jewish and Muslim did not oppose but rather fostered the making of a modern scientific spirit buoyed along by a providential view of history and nature and a deep conviction in the coming End of the World Through thoughtful attention to the primary sources Martin re reads the Renaissance excavating a religious foundation at the core of even the most radical empirical thinking Familiar icons like Ibn Khald n Columbus Isaac Luria and Francis Bacon emerge startlingly fresh and newly gleaned agents of a history formerly untold and of a modern world made in the image of its imminent end

**God, Creation, and Salvation** Oliver D. Crisp, 2020-01-09 This collection of studies in theology is written from the perspective of one from within the Christian faith and seeking greater understanding of the doctrinal deposit of that faith As a leading scholar in Christian and analytic theology Oliver D Crisp summarizes and analyses Christian doctrine written in the form of traditional dogmatics Beginning with issues concerning the task of theology Crisp explores the challenges to systematic theology as a discipline the uses of Scripture in theological discourse and the reception of the theology of John Calvin He then moves issues at the centre of serious theological debate in recent theology the relationship between God and abstract objects in the thought of Jonathan Edwards and theological anthropology This volume culminates with studies that focus on central and defining issues in contemporary systematic and philosophical theology taking forward a constructive theological program in dialogue with important figures in the Christian tradition and engaged with some of the best contemporary theological scholarship

**Justification by the Word** Jack D. Kilcrease, 2022-09-21 God s Word creates what he commands In Justification by the Word Jack D Kilcrease reintroduces Martin Luther s key doctrine Though a linchpin of the Reformation Luther s view of justification is often misunderstood For Luther justification is an expression of God s creative Word To understand Luther on justification one must grasp his doctrine of the Word The same God who declared let there be light and it was so also declares your sins are forgiven Justification is an objective reality It is achieved in Christ s resurrection and received through an encounter with the risen Christ in Word and sacrament Justification turns us outward away from our own unsteady feelings and limited understanding to look to Christ And the church must preach justification lest we so easily forfeit the joy of the gospel Justification by the Word inspires readers to reencounter the radical doctrine of justification by faith alone

**Revisioning Christology** Oliver D. Crisp, 2016-04-08 Constructive contemporary theology requires serious engagement with the theologians of the past This book offers a series of studies in the Christology of key representatives in the Reformed tradition engaging their thought for contemporary dogmatics Thinkers from each of the five centuries in which Reformed theology has flourished are represented John Calvin John Owen Jonathan Edwards William Shedd Donald Baillie and Kathryn Tanner each of whom in different ways challenge conventional accounts of Christology The book is organized thematically linking historic and contemporary

discussions of Christology in theology and philosophy by engaging the thinking of these theologians in a collegial way using their work as means of promoting constructive systematic theology today Oliver Crisp presents an important contribution to broadening our understanding of Reformed theology by showing how important theologians have taken views often at odds with textbook accounts of the tradition Written in an accessible style this book will appeal to a wide range of readers including upper level undergraduates graduate students and scholars of Christian theology philosophy and religious studies

**Preachers and People in the Reformations and Early Modern Period** Larissa Taylor, 2021-10-01 Sermons are an invaluable source for our knowledge of religious history and sociology anthropology and the mental landscape of men and women in pre modern Europe of what they were taught and what they practiced But how did an individual process the preached message from the pulpit How exactly do written sermons duplicate the preached Word Do they at all The 11 leading scholars who have contributed to this book do not offer uniform answers or an all encompassing study of preaching in the Reformations and early modern period in Europe They do however provide new insights on Catholic Lutheran and Reformed preaching in Western and Central Europe Part One examines changes in sermon structure style and content in Christian sermons from the thematic sermon typical of the Middle Ages to the wide variety of later preaching styles Catholic preaching after Trent proves not to be monolithic and intolerant but a hybrid of forms past and present applied as needed to particular situations Lutheran homiletic theory is traced from Luther and through Melancthon the intention of the sermon being to transform the worship service based on exegesis of Scripture In Reformed worship the expository sermon often given on a daily basis with a continuing exegesis was designed to communicate the tenets of the faith in terms that the laity could understand plain style Part Two deals with the social history of preaching in France where preachers often incited their hearers to attack human beings or holy objects or were

themselves attacked in Italy where preaching became a collective and home grown product in early modern Germany where the authorities strove for uniformity of preaching practice and the preacher was seen as a moral guardian in Switzerland where leaders from Zwingli on sought to bring religious practice conduct and government in line with biblical teaching and propagated a pastoral vision of preaching in England where after the Reformation preachers became the indispensable agents of salvation but clergy and congregations were often ill prepared for the task in Scandinavia where post Reformation sermons have a clear didactic aim teaching obedience to the authorities and in the Low Countries characterized by its numerous denominations all with their own churches and particular practices in terms of preaching The volume ends with a consideration of the influence of late medieval preaching on the Reformation concluding that the diversity of emphasis on how the practice of penance was preached and received very likely affected the appeal or not of the Lutheran Reformed message in a given country

**Couriers of the Gospel** Carrie Euler, 2006-01-01 In a speech before Zurich s city council in 1553 Heinrich Bullinger declared that the crown of England has entirely the teaching and faith that we also have These words suggest a more direct and abiding relationship between the English and Zurich Reformations than has been recognized by previous historians This book deepens our understanding of Swiss and English Protestantism while simultaneously shedding light on the interactive practices of early modern cultural and intellectual communities and the history of the book Three aspects of Zurich theology and practice attracted English evangelicals to Zurich s tradition of Reformed Protestantism rejection of the material aspects of Catholic piety a strong anti Anabaptist tradition and stress on the unity of the religious and secular spheres under the authority of the civil magistrate Dr Euler illustrates how English reformers adopted these ideas and applied them in England allowing reformers like Bullinger to point to England as a potential ally and model of success for the Zurich tradition Carrie Euler received her Ph D from Johns Hopkins University in 2004 She has published several articles on the Zurich and English Reformations in various volumes and journals including the Sixteenth Century Journal She is currently Assistant Professor of History at Central Michigan

University      **Europe in the Sixteenth Century** H.G. Koenigsberger, George L. Mosse, G.Q. Bowler, 2014-06-06 This bestselling seminal book a general survey of Europe in the era of Renaissance and Reformation was originally published in Denys Hay's famous Series A General History of Europe. It looks at sixteenth century Europe as a complex but interconnected whole rather than as a mosaic of separate states. The authors explore its different aspects through the various political structures of the age: empires, monarchies, city republics, and how they functioned and related to one another. A strength of the book remains the space it devotes to the growing importance of town life in the sixteenth century and to the economic background of political change.

**Building Belief** Chad V. Meister, 2009-06-01 Take a journey from doubt to belief. It can be hard to share your faith with others, especially when people can't agree on whether there is even any actual truth. With that in mind, Chad Meister has developed a simple logical way for you to help others move past relativism to a place where Christian belief makes sense: the Apologetics Pyramid. In Building Belief, Meister leads you up each step of the pyramid, beginning where many find themselves today: doubting if anything is really true. From there, he powerfully builds a case for absolute truth, the existence of God, universal morals and values, the reliability and divine inspiration of the Bible, the resurrection of Christ, and ultimately the good news that Jesus is the Son of God who offers salvation to the world. Join Chad Meister in this concise, clear, and compelling book as he builds a persuasive case for the truth of Christianity.

Lee Strobel, author The Case for Christ and The Case for Faith: An excellent book to lead earnest enquirers from doubt to conviction about the basic truths of the Christian faith. Norman L. Geisler, dean Southern Evangelical Seminary and Bible College: Chad Meister is a force to be reckoned with, and this delightful little book is a timely resource to be studied by Christians and given to non-Christians. J. P. Moreland, distinguished professor of philosophy, Talbot School of Theology, author Love Your God with All Your Mind: Building Belief is thoughtful, fresh, and full of personal and practical illustrations. Meister strikes just the right balance, providing a model for how apologetics ought to be done. Paul Copan, Pledger Family Chair of Philosophy and Ethics, Palm Beach Atlantic University: Meister offers both the tools and the method for making discussions with skeptics more fruitful. Jay W. Richards, research fellow, Acton Institute, coauthor The Privileged Planet.
