Excerpt from A Senator of the Fifties David C Broderick of California HE destruction of San Francisco in 1906 occasioned the loss of many unique and interesting documents relating to the early history of California The shock of the fire and earthquake caused the death of several pioneers who helped to make that history Moreover in the opinion of the author a number of existing books describing events occurring in the fifties are both incomplete and inaccurate Therefore this work is a modest effort to supply these deficiencies before it is too late Many living witnesses of incidents related have been consulted and all available sources of original authorities diligently investigated The names of these persons and authorities will be found at the end of the volume About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **A Senator of the Fifties** Jeremiah
