the sense of the faith *sensus fidei* has had little official impact in the Catholic Church What would the church look like if it took this conciliar teaching to heart To address this neglect John Burkhard locates the historical roots of the teaching and its emergence at Vatican II It attempts to better understand the sense of the faith in the light of other fundamental teachings of the council and challenges the hierarchical church to invite all the faithful to rightfully participate in the prophetic ministry of the whole church closely allied with Pope Francis's call for a more synodal church *The Wiley Blackwell Companion to Catholicism* Frederick C. Hermeneutics of Doctrine in a Learning Church Gregory A. Ryan, 2020-08-10 In Hermeneutics of Doctrine in a Learning Church Gregory A Ryan offers an account of the dynamic multi dimensional task of interpreting Christian tradition He integrates doctrinal hermeneutics the pastorate of doctrine exemplified by Pope Francis and a systematic appraisal of Receptive Ecumenism to provide an original perspective on this task The book focuses on three contemporary Catholic theologians Francis Sch ssler Fiorenza Ormond Rush and Paul D Murray highlighting how each recognises the dynamic interaction of multiple perspectives involved in authentic ecclesial interpretation Christian tradition whether passed on in teaching scripture practices or structures needs to be continually received and interpreted This book offers theologians ecumenists and church workers a fresh model for receptive ecclesial learning in which doctrinal hermeneutics and pastoral realities are dynamically integrated **Tradition** Gerald O'Collins, 2018-10-25 A 1963 report on tradition from the Faith and Order Commission of the World Council of

Churches signalled a substantial convergence between the churches over Christian tradition and its relationship to Scripture. However, since the 1960s, theologians have regularly ignored the theme of tradition. The few who have discussed this theme have not used the help provided by some sociologists towards understanding the role of tradition in human and religious life, for instance as being all pervasive and as shaping the identity of various societies and groups. The process and presence of Christian tradition embrace baptism and other sacraments, Bible creeds and other doctrines, art, architecture, hymns, pilgrimages, literature, the celebration of Christmas, Easter and other feasts, and much else besides. Particular traditions can call for scrutiny and reform. Tradition Understanding Christian Tradition proposes various criteria, e.g. the message of the Scriptures and spiritual experience for discerning and evaluating specific traditions. Through the power of the Holy Spirit, the risen Christ himself is the central Tradition, upper case at the heart of all Christian traditions. The Spirit remains the primary bearer of the Church's tradition; the secondary agents of tradition include not only ordained ministers but also all the baptized faithful. In the history of Christianity, tradition has interpreted and actualized the Scriptures but has also been interpreted and challenged by them. An appendix explains the insights coming from specialists in the study of collective memory; their work also sheds light on the workings of Christian tradition.

The Drama of Doctrine
Kevin J. Vanhoozer, 2005-01-01. Observing a strange disappearance of doctrine within the church, Kevin Vanhoozer argues that there is no more urgent task for Christians today than to engage in living truthfully with others before God. He details how doctrine serves the church, the theater of the gospel, by directing individuals and congregations to participate in the drama of what God is doing to renew all things in Jesus Christ. Taking his cue from George Lindbeck and others who locate the criteria of Christian identity in Spirit-led church practices, Vanhoozer relocates the norm for Christian doctrine in the canonical practices which he argues both provoke and preserve the integrity of the church's witness as prophetic and apostolic.

Christian Community in History Volume 2
Roger D. Haight, 2005-03-17. Ecclesiology from below, as it operates in this work, is directed to history; it moves through the actual church of history to ecclesiology, or to an understanding of the church both as it is and as it should be. In the first volume, that passage was fairly explicit because comprehensive ecclesiologies in our sense

did not exist In this volume ecclesiology itself becomes much more directly the subject matter of the book but without losing sight of concrete history and the degree to which these ecclesiologies are historically conditioned Put somewhat differently the main goal of this comparative ecclesiology is not simply to lay down one after another different ecclesiologies that emerged over the last five hundred years although that describes the book with empirical accuracy Its larger intent is to show the richness vitality and creativity of the whole church as it moves through history adjusting to new times places and cultures

A Culture of Engagement Cathleen Kaveny, 2016 Religious traditions in the United States are characterized by ongoing tension between assimilation to the broader culture as typified by mainline Protestant churches and defiant rejection of cultural incursions as witnessed by more sectarian movements such as Mormonism and Hassidism However legal theorist and Catholic theologian Cathleen Kaveny contends there is a third possibility a culture of engagement that accommodates and respects tradition It also recognizes the need to interact with culture to remain relevant and to offer critiques of social political legal and economic practices Kaveny suggests that rather than avoid the crisscross of the religious and secular spheres of life we should use this conflict as an opportunity to come together and to encounter challenge contribute to and correct one another Focusing on five broad areas of interest Law as a Teacher Religious Liberty and Its Limits Conversations about Culture Conversations about Belief and Cases and Controversies Kaveny demonstrates how thoughtful and purposeful engagement can contribute to rich constructive and difficult discussions between moral and cultural traditions This provocative collection of Kaveny s articles from *Commonweal* magazine substantially revised and updated from their initial publication provides astonishing insight into a range of hot button issues like abortion assisted suicide government sponsored torture contraception the Ashley Treatment capital punishment and the role of religious faith in a pluralistic society At turns masterful and inspirational *A Culture of Engagement* is a welcome reminder of what can be gained when a diversity of experiences and beliefs is brought to bear on American public life

The Cambridge Companion to Vatican II Richard R. Gaillardetz, 2020-05-28 This Companion provides an accessible guide for those seeking to comprehend the significance of Vatican II for Catholicism today It offers a thorough overview of the Second Vatican Council the most significant event in the history of Roman Catholicism since the Protestant Reformation Almost six decades since the close of the council its teaching remains what one pope referred to as a sure compass for guiding today s church The first part of the Companion examines the historical theological and ecclesial contexts for comprehending the significance of the council It also presents the key processes as well as the participants who were central to the actual conduct of the council The second part identifies and explores the central themes embedded in the council documents The Companion concludes with a unique appendix intended to guide students wishing to pursue more advanced research in Vatican II studies

Sense of the Faithful Jerome P. Baggett, 2009 For this work Jerome Baggett conducted 300 intensive interviews with members of six parishes to explore all aspects about whether American Catholics are really so nonchalant about how they integrate the ancient devotional practices

of Catholicism with the everyday struggles of the modern world God's Word and the Church's Council Christopher Monaghan, Mark O'Brien, 2014-07-04 The publication of the Vatican II document on Divine Revelation Dei Verbum was an exciting and challenging moment for the Church While honouring the tradition it also marked a quite dramatic development in the Church's attitude to modern critical analysis of the Bible and encouraged study and reflection on it by all members of the Church The golden jubilee of its publication is a timely moment for a book such as this It contains essays on various aspects of Dei Verbum by authors from around the world They write from the perspective of their respective disciplines of biblical studies patristics theology liturgy philosophy and communications media They situate the document within the Jewish Christian tradition assess its reception since Vatican II and its implications for the future *Horizons of the Sacred* Timothy Matovina, Gary Riebe-Estrella, 2018-08-06 *Horizons of the Sacred* explores the distinctive worldview underlying the faith and lived religion of Catholics of Mexican descent living in the United States Religious practices including devotion to Our Lady of Guadalupe celebration of the Day of the Dead the healing tradition of curanderismo and Good Friday devotions such as the Way of the Cross Via Crucis reflect the increasing influence of Mexican traditions in U S Catholicism especially since Mexicans and Mexican Americans are a growing group in most Roman Catholic congregations In their introduction Timothy Matovina and Gary Riebe Estrella analyze the ways Mexican rituals and beliefs pose significant challenges and opportunities for Catholicism in the United States Original essays by theologians historians and ethnographers provide a rich interdisciplinary dialogue on how religious traditions function for Mexican American Catholics revealing the symbolic world at the heart of their spirituality The authors speak to the diverse meanings behind these ceremonies explaining that Mexican American and other Latino Catholics use them to express not only religious devotion but also ethnic identity and patriotism solidarity and in some cases their condition as exiles The result is a multilayered vision of Mexican American religion which touches as well on issues of racism and discrimination poverty and the role of women *Tilling the Church* Richard Lennan, 2022-04-15 *Tilling the Church* is a theology for the pilgrim church In this book Richard Lennan shows how the ecclesial community looks toward the fullness of God's reign but lives within the flux of history the site of its relationship to the trinitarian God In this way God's grace tills the church constantly refreshing the tradition of faith and prompting the discipleship that embodies the gospel *Tilling the Church* explores the possibilities for a more faithful just and creative church one responsive to the movement of grace Fruitful engagement with grace requires the church's conversion the ongoing formation of a community whose words and actions reflect the hope that grace engenders Now and Forever John E. Thiel, 2023-04-01 Building on the insights of the ressourcement theology of grace this sophisticated theological aesthetics offers a fresh vision of the doctrine of creation through a consideration of the beauty of time Conventional eschatological accounts of life after death tend to emphasize the discontinuity between earthly life and the hereafter whereas this life is subject to the contingencies of time life after death is characterized by a stolid eternity In contrast to this standard view John

E Thiel's *Now and Forever* articulates a Catholic eschatology in which earthly life and heavenly life are seen as gracefully continuous. This account offers a reconceptualization of time which Thiel argues is best understood as the sacramental medium of God's grace to creation. Thiel's project thus attempts to rescue time from its Platonically negative resonance in the doctrine of creation. Rather than viewing time as the ambiance of sinful dissolution, Thiel argues for a Christian vision of time's beauty and so explicitly develops an aesthetics that views time as a creaturely reflection of God's own Trinitarian life. This thesis proceeds from the assumption that all time is eschatological time and is thus guided by attention to the temporality implicit in the virtue of hope with its orientation toward a fulfilled future that culminates in resurrected life. This interpretation of the beauty of eschatological time in its widest expanse presses further the insight of ressourcement theology that grace is everywhere while appreciating how time's graceful beauty manifests itself in the diversity of temporal moments, human communities and most fully in the heavenly communion of the saints.
