Separate Spheres No More Monika Elbert, 2014-07-30 Examines the intersection of male and female spheres in American literature Although they wrote in the same historical milieu as their male counterparts women writers of the 19th and early 20th centuries have generally been ghettoized by critics into a separate canonical sphere These original essays argue in favor of reconciling male and female writers both historically and in the context of classroom teaching While some of the essays pair up female and male authors who write in a similar style or with similar concerns others address social issues shared by both men and women including class tensions economic problems and the Civil War experience Rather than privileging particular genres or certain well known writers the contributors examine writings ranging from novels and poetry to autobiography utopian fiction and essays And they consider familiar figures like Harriet Beecher Stowe Emily Dickinson and Ralph Waldo Emerson alongside such lesser known writers as Melusina Fay Peirce Susie King Taylor and Mary Gove Nichols Each essay revises the binary notions that have been ascribed to males and females such as public and private rational and intuitive political and domestic violent and passive Although they do not deny the existence of separate spheres the contributors show the boundary between them to be much more blurred than has been assumed until now Protest and Same-Sex Desire in Antebellum American Literature David Greven, 2016-04-22 Expanding our understanding of the possibilities and challenges inherent in the expression of same sex desire before the Civil War David Greven identifies a pattern of what he calls gender protest and sexual possibility recurring in antebellum works He suggests that major authors such as Margaret Fuller Edgar Allan Poe Herman Melville and Nathaniel Hawthorne consciously sought to represent same sex desire in their writings Focusing especially on conceptions of the melancholia of gender identification and shame Greven argues that same sex desire was inextricably enmeshed in scenes of gender role strain as exemplified in the extent to which The Narrative of Arthur Gordon Pym depicts masculine identity adrift and in disarray Greven finds similarly compelling representations of gender protest in Fuller's exploration of the crisis of gendered identity in Summer on the Lakes in Melville s representation of Redburn s experience of gender nonconformity and in Hawthorne s complicated delineation of desire in The Scarlet Letter As Greven shows antebellum authors not only took up the taboo subjects of same sex desire and female sexuality but were adept in their use of a variety of rhetorical means for expressing the inexpressible The Cambridge Companion to Nineteenth-Century American Literature and Politics John D. Kerkering, 2025-03-13 This volume addresses the political contexts in which nineteenth century American literature was conceived consumed and criticized It shows how a variety of literary genres and forms such as poetry drama fiction oratory and nonfiction engaged with political questions and participated in political debate Antislavery Discourse and Nineteenth-Century American Literature J. Husband, 2010-02-01 Antislavery Discourse and Nineteenth Century American Literature examines the relationship between antislavery texts and emerging representations of free labor in mid nineteenth century America Husband shows how the

images of families split apart by slavery circulated primarily by women leaders proved to be the most powerful weapon in the antislavery cultural campaign and ultimately turned the nation against slavery She also reveals the ways in which the sentimental narratives and icons that constituted the family protection campaign powerfully influenced Americans sense of the role of government gender and race in industrializing America Chapters examine the writings of ardent abolitionists such as Frederick Douglass non activist sympathizers and those actively hostile to but deeply immersed in antislavery activism including Nathaniel Hawthorne Encyclopedia of African American Women Writers Yolanda Williams Page, 2007-01-30 African American women writers published extensively during the Harlem Renaissance and have been extraordinarily prolific since the 1970s This book surveys the world of African American women writers Included are alphabetically arranged entries on more than 150 novelists poets playwrights short fiction writers autobiographers essayists and influential scholars The Encyclopedia covers established contemporary authors such as Toni Morrison and Gloria Naylor along with a range of neglected and emerging figures Each entry is written by an expert contributor and provides a brief biography a discussion of major works a survey of the author's critical reception and primary and secondary bibliographies Literature students will value this book for its exploration of African American literature while social studies students will appreciate its examination of social issues through literature African American women writers have made an enormous contribution to our culture Many of these authors wrote during the Harlem Renaissance a particularly vital time in African American arts and letters while others have been especially active since the 1970s an era in which works by African American women are adapted into films and are widely read in book clubs Literature by African American women is important for its aesthetic qualities and it also illuminates the social issues which these authors have confronted This book conveniently surveys the lives and works of African American women writers Included are alphabetically arranged entries on more than 150 African American women novelists poets playwrights short fiction writers autobiographers essayists and influential scholars Some of these figures such as Toni Morrison and Gloria Naylor are among the most popular authors writing today while others have been largely neglected or are recently emerging Each entry provides a biography a discussion of major works a survey of the writer's critical reception and primary and secondary bibliographies The Encyclopedia closes with a selected general bibliography Students and general readers will welcome this guide to the rich achievement of African American women Literature students will value its exploration of the works of these writers while social studies students will appreciate its examination of the social issues these women confront in their works The Cambridge Companion to Emily Dickinson Wendy Martin, 2002-09-05 Emily Dickinson one of the most important American poets of the nineteenth century remains an intriguing and fascinating writer The Cambridge Companion to Emily Dickinson includes eleven new essays by accomplished Dickinson scholars They cover Dickinson's biography publication history poetic themes and strategies and her historical and cultural contexts As a woman poet Dickinson's literary persona

has become incredibly resonant in the popular imagination She has been portrayed as singular enigmatic and even eccentric At the same time Dickinson is widely acknowledged as one of the founders of American poetry an innovative pre modernist poet as well as a rebellious and courageous woman This volume introduces new and practised readers to a variety of critical responses to Dickinson's poetry and life and provides several valuable tools for students including a chronology and suggestions for further reading Women in Medicine in Nineteenth-Century American Literature Sara L. Crosby, 2018-09-14 This book investigates how popular American literature and film transformed the poisonous woman from a misogynist figure used to exclude women and minorities from political power into a feminist hero used to justify the expansion of their public roles Sara Crosby locates the origins of this metamorphosis in Uncle Tom's Cabin where Harriet Beecher Stowe applied an alternative medical discourse to revise the poisonous Cassy into a doctor The newly medicalized poisoner then served as a focal point for two competing narratives that envisioned the American nation as a multi racial egalitarian democracy or as a white and male supremacist ethno state Crosby tracks this battle from the heroic healers created by Stowe Mary Webb Oscar Micheaux and Louisia May Alcott to the even more monstrous poisoners or vampires imagined by E D E N Southworth Oliver Wendell Holmes Theda Bara Thomas Dixon Jr and D W Griffith **Partnerships and the Marketplace** David Dowling, 2012-01-16 This book examines the notable business and personal relationships in nineteenth century publishing Literary partnerships between author publisher student mentor husband wife and parent child are explored in this context Manhood in Hollywood from Bush to Bush David Greven, 2010-01-01 A struggle between narcissistic and masochistic modes of manhood defined Hollywood masculinity in the period between the presidencies of George H W Bush and George W Bush David Greven's contention is that a profound shift in representation occurred during the early 1990s when Hollywood was transformed by an explosion of films that foregrounded non normative gendered identity and sexualities In the years that have followed popular cinema has either emulated or evaded the representational strategies of this era especially in terms of gender and sexuality One major focus of this study is that in a great deal of the criticism in both the fields of film theory and queer theory masochism has been positively cast as a form of male sexuality that resists the structures of normative power while narcissism has been negatively cast as either a regressive sexuality or the bastion of white male privilege Greven argues that narcissism is a potentially radical mode of male sexuality that can defy normative codes and categories of gender whereas masochism far from being radical has emerged as the default mode of a traditional normative masculinity This study combines approaches from a variety of disciplines psychoanalysis queer theory American studies men s studies and film theory as it offers fresh readings of several important films of the past twenty years including Casualties of War The Silence of the Lambs Fight Club The Passion of the Christ Auto Focus and Brokeback Mountain Pauline E. Hopkins Hanna Wallinger, 2012-06-01 Republished here for the first time it establishes Hopkins as an early advocate of black nationalism and one of the few women writers who joined the discourse on

this topic BOOK JACKET Style, Gender, and Fantasy in Nineteenth-Century American Women's Writing Dorri Beam, 2010-06-03 In this 2010 book Dorri Beam presents an important contribution to nineteenth century fiction by examining how and why a florid and sensuous style came to be adopted by so many authors Discussing a diverse range of authors including Margaret Fuller and Pauline Hopkins Beam traces this style through a variety of literary endeavors and reconstructs the political rationale behind the writers commitments to this form of prose Beam provides both close readings of a number of familiar and unfamiliar works and an overarching account of the importance of this form of writing suggesting new ways of looking at style as a medium through which gender can be signified and reshaped Style Gender and Fantasy in Nineteenth Century American Women s Writing redefines our understanding of women s relation to aesthetics and their contribution to both American literary romanticism and feminist reform This illuminating account provides valuable new insights for scholars of American literature and women s writing Liminal Spaces in Children's and Young Adult Literature Mark I. West, 2024-03-12 Scholars in the field of children's literature studies began taking an interest in the concept of liminal spaces around the turn of the 21st century For the first time Liminal Spaces in Children's and Young Adult Literature Stories from the In Between brings together in one volume a collection of original essays on this topic by leading children s literature scholars The contributors in this collection take a wide variety of approaches to their explorations of liminal spaces in children's and young adult literature Some discuss how children's books portray the liminal nature of physical spaces such as the children's room in a library Others deal with more abstract portrayals such as the imaginary space where Max goes to escape the reality of his bedroom in Maurice Sendak's Where the Wild Things Are All of the contributors however provide keen insights into how liminal spaces figure in children's and young adult literature American Literature and the Culture of Reprinting, 1834-1853 Meredith L. McGill, 2013-10-11 The antebellum period has long been identified with the belated emergence of a truly national literature And yet as Meredith L McGill argues a mass market for books in this period was built and sustained through what we would call rampant literary piracy a national literature developed not despite but because of the systematic copying of foreign works Restoring a political dimension to accounts of the economic grounds of antebellum literature McGill unfolds the legal arguments and political struggles that produced an American culture of reprinting and held it in place for two crucial decades In this culture of reprinting the circulation of print outstripped authorial and editorial control McGill examines the workings of literary culture within this market shifting her gaze from first and authorized editions to reprints and piracies from the form of the book to the intersection of book and periodical publishing and from a national literature to an internally divided and transatlantic literary marketplace Through readings of the work of Dickens Poe and Hawthorne McGill seeks both to analyze how changes in the conditions of publication influenced literary form and to measure what was lost as literary markets became centralized and literary culture became stratified in the early 1850s American Literature and the Culture of Reprinting 1834 1853 delineates a distinctive literary culture that was regional in

articulation and transnational in scope while questioning the grounds of the startlingly recent but nonetheless powerful equation of the national interest with the extension of authors rights Gender and the Rhetoric of Modernity in **Spanish America**, **1850-1910** Lee Skinner, 2018-10-01 This ambitious volume shows how nineteenth century Spanish American writers used the discourses of modernity to envision the place of women at all levels of social and even political life in the modern utopian nation Looking at texts ranging from novels and essays to newspaper articles and advertisements and with special attention to public and private space domesticity education technology and work Skinner identifies gender as a central concern at every level of society **Men Beyond Desire** David Greven, 2025-01-10 This book explores the construction of male sexuality in nineteenth century American literature and overturns longstanding views Far from desiring heterosexual sex and wishing to bond with other men through fraternity the male protagonists of classic American literature mainly want to be left alone Greven makes the claim that American men eschewing both marriage and male friendship strive to remain emotionally and sexually inviolate Examining the work of traditional authors Hawthorne Poe Melville Cooper Irving Stowe Greven discovers consistently resistant portrayals of male characters who defend their individuality through a lockdown on sexuality Objects of desire from both women and other men the inviolate males discussed in this study disrupt established gendered and sexual categories inspiring fresh analysis of the era and its literary depiction of American manhood This second edition of Men Beyond Desire 2005 expands the analysis of male sexuality to include discussions of developments in the field of masculinity studies It includes a new introduction that introduces the complementary figure of the victim monster and revisits the work of Leslie Fiedler and a new chapter that focuses on Melville's tale Bartleby the Scrivener 1856 Chapter 4 expands the analysis of the intersections among free love health reform and male sexuality in The Blithedale Romance 1852 and chapter 9 expands the discussion of Billy Budd Sailor to address questions of race and the role of the Handsome Sailor Drink in the Eighteenth and Nineteenth Centuries Susanne Schmid, Barbara Schmidt-Haberkamp, 2015-10-06 This collection of essays covers the representation and practice of drinking a variety of beverages across eighteenth and nineteenth century Britain and North America The case studies in this volume cover drinking culture from a variety of perspectives including literature history anthropology and the history of medicine To Preach Deliverance to the Captives Ryan C. McIlhenny, 2020-04-08 George Bourne was one of the early American republic s first immediate abolitionists an influential figure who paved the way for the campaign against slavery in the antebellum period His approach to reform was shaped by a conservative Protestant outlook that became increasingly hostile to Catholicism In To Preach Deliverance to the Captives Ryan C McIlhenny examines the interplay of Bourne's pioneering efforts in abolitionism and his intensely anti Catholic views McIlhenny portrays Bourne as both a radical and a conservative a reformer who desired to get back to the roots of Christianity for the purpose of completely dismantling slavery Bourne's commentary on a variety of controversial topics slavery race and citizenship the role of women Christianity and

republicanism the importance of the Bible and the place of the church in civil society put him at the center of many debates. He remains a complex figure a polymath situated within the political social and cultural possibilities of an early republic that he was eager to play a part in shaping Bourne's religious radicalism gave rise to his hope for an emerging post revolutionary republic that would focus mainly on its religious foundations. The strength of the American nation in Bourne's mind rested not only on institutions indicative of a republican form of government but also on a pure Christianity exemplified best in historical Protestantism. To Bourne the future of the fledgling nation depended not only on principles and institutions but also on the activism of Protestant leaders like himself. Crisscrossing Borders in Literature of the American West R. Dyck, C. Reutter, 2009-03-02. In one consequential volume Crisscrossing Borders in Literature of the American West presents the cross section of a fast changing and greatly expanded field. Through interdisciplinary essays this volume on the post national West challenges the idea of a unified national story sustained by strategic exclusions Contributors analyze the economic and environmental exploitation depicted in working class Western literature emphasize the transnational by approaching both the North South and cross Atlantic axes grapple with the role of Mormons and dissect the new masculinity of Silicon Gunslingers Each essay successfully and compellingly models a new and fruitful way of engaging the West
