## **Marks Other Gospel Rethinking Morton Smiths Controversial Discovery:**

Mark's Other Gospel Scott G. Brown, 2006-01-01 Did the evangelist Mark write two versions of his gospel According to a letter ascribed to Clement of Alexandria Mark created a second more spiritual edition of his gospel for theologically advanced Christians in Alexandria Clement's letter contains two excerpts from this lost gospel including a remarkably different account of the raising of Lazarus Forty five years of cursory investigation have yielded five mutually exclusive paradigms abundant confusion and rumours of forgery Strangely one of the few things upon which most investigators agree is that the letter's own explanation of the origin and purpose of this longer gospel need not be taken seriously Mark's Other Gospel Rethinking Morton Smith's Controversial Discovery calls this pervasive bias into question After thoroughly critiquing the five main paradigms Scott G Brown demonstrates that the gospel excerpts not only sound like Mark but also employ Mark's distinctive literary techniques deepening this gospel's theology and elucidating puzzling aspects of its narrative This mystic gospel represents Mark's own response to the Alexandrian predilection to discover the essential truths of a philosophy beneath the literal level of revered texts **Book Review Index**, 2006 Every 3rd issue is a quarterly cumulation **The Secret Gospel** Morton Smith, 1982 In 1958 Morton Smith Traveled to Jerusalem to do research in the monastery library of Mar Saba in the Judean Desert What he found was no routine corroboration of New Testament history but a precious fragment of a second century document that would change our understanding of the work and teaching of Jesus of Nazareth The Gospel Hoax Stephen C. Carlson, 2005 Secret Mark first became known to modern scholarship in 1958 when a newly hired assistant professor at Columbia University in New York by the name of Morton Smith visited the monastery of Mar Saba near Jerusalem and photographed its fragments Secret Mark was announced on the heels of many spectacular discoveries of ancient manuscripts in the Near East such as the Dead Sea Scrolls and the Nag Hammadi gnostic corpus in the late 1940s and promised to be just as revolutionary Secret Mark presents what appears to be a valuable albeit fragmentary witness to early Christian traditions traditions that might shed light on Jesus's most intimate behavior In this book Stephen C Carlson uses state of the art science to demonstrate that Secret Mark was an elaborate hoax created by Morton Smith Carlson's discussion places Smith's trick alongside many other hoaxes before probing the reasons why so many scholars have been taken in by it **The Secret Gospel of Mark** Geoffrey S. Smith, Brent C. Landau, 2023-03-21 A groundbreaking account of the Secret Gospel of Mark one of the most hotly debated documents in Christian history In 1958 at the ancient Christian monastery of Mar Saba just outside Jerusalem Columbia University scholar Morton Smith claimed to have unearthed a letter written by the Christian philosopher Clement of Alexandria and containing an excerpt from a previously unknown version of the canonical Gospel of Mark This excerpt recounts a story of Jesus's apparent sexual encounter with a young resurrected disciple In recent years an influential group of researchers has alleged that no Secret Gospel or letter of Clement existed in antiquity and that the manuscript that Morton Smith found was a modern forgery created by none other than Smith himself

In this book Geoffrey S Smith and Brent C Landau enter into the controversy surrounding this document and argue that the Secret Gospel of Mark is neither a first century alternative gospel nor a twentieth century forgery by the scholar who announced its discovery. Instead this account is intimately bound up with the history of Mar Saba, one of the oldest monasteries in the Christian world. In this fascinating work Smith and Landau present the realities and misconceptions surrounding not only the now lost manuscript but also its brilliant enigmatic and acerbic discoverer Morton Smith.

*Parallels between the Gospels and the Tannaitic literature, by Morton Smith, ... Submitted to the Senate of the Hebrew University in Jerusalem in partial fulfillment of the requirements for the degree of doctor of philosophy.* - @. Morton Smith, 1945      *Rethinking the Gospel Sources* Delbert Burkett, 2004-10-01 Offers a fresh reading of the much debated Synoptic Problem      *Ancient Gospel or Modern Forgery?* Tony Burke, 2013-01-07 In 1958 American historian of religion Morton Smith made an astounding discovery in the Mar Saba monastery in Jerusalem. Copied into the back of a seventeenth century book was a lost letter attributed to Clement of Alexandria ca 150-215 CE that contained excerpts from a longer version of the Gospel of Mark written by Mark himself and circulating in Alexandria, Egypt. More than fifty years after its discovery the origins of this Secret Gospel of Mark remain contentious. Some consider it an authentic witness to an early form of Mark perhaps even predating canonical Mark. Some claim it is a medieval or premodern forgery created by a monastic scribe. And others argue it is a forgery created by Morton Smith himself. All these positions are addressed in the papers contained in this volume. Nine North American scholars internationally recognized for their contributions to the study of Secret Mark met at York University in Toronto, Canada in April 2011 to examine recent developments in scholarship on the gospel and the letter in which it is found. Their results represent a substantial step forward in determining the origins of this mysterious and controversial text.
