Men Viewing Women as Art Objects Christoph E. Schweitzer, 1998 Varied images of women studied in a variety of German texts as a springboard for plot or character A man looks at the portrait of a woman and then sets out to liberate her and make her his own Die Zauberflöte Maria Stuart an oldman while looking at the picture of his youthful beloved reminisces about his failed courtship Storm s Immensee These are just two of many uses of art works depicting women discussed in this book The art work can displace the living woman as in Hauff s Die Bettlerin vom Pont des Arts in Jensen s Gradiva and in Schimmang s Intimität A man looking at a painting of himself E T A Hoffmann s Die Fermate or a man looking at a sculpture comes to appreciate the beauty of the female figure both in art and life Stifter s Der Nachsommer The innovative approach which in part goes back to theories developed by Lessing in his Laokoon yields via a close reading of a variety of the texts new insights into their structure and meaning Encyclopedia of Interior Design Joanna

A Cultural History of Furniture in the Middle Ages and Renaissance Erin J. Campbell,Stephanie Miller,2022-02-24 The Middle Ages were marked by dramatic social economic political and religious changes Diverse regional and local conditions and varied social classes including peasant artisan merchant clergy nobility and rulers resulted in differing needs for furniture The social settings for furniture included official and private residences both grand and humble churches and monasteries and civic institutions including places of governance and learning such as municipal halls guild halls and colleges This volume explores how furniture contributed to the social fabric within these varied spaces The chronological range of this volume extends from the fall of the Roman Empire through to the early Renaissance a period which exhibited a wide array of types styles and motifs including Byzantine Romanesque Gothic and Renaissance Rural and regional styles of furniture are also considered as well as techniques of

furniture manufacture Drawing upon a wealth of visual and textual sources this volume presents essays that examine key characteristics of the furniture of the period on the themes of Design and Motifs Makers Making and Materials Types and Uses The Domestic Setting The Public Setting Exhibition and Display Furniture and Architecture Visual Representations and Verbal Representations **Bulletin of the Worcester Art Museum** Worcester Art Museum,1916 **European Sexualities, 1400-1800** Katherine Crawford,2007-01-18 A pioneering survey of the social and cultural history of sexuality in early modern Europe **Shakespeare Dwelling** Julia Reinhard Lupton,2018-04-06 Great halls and hovels dove houses and sheepcotes mountain cells and seaside shelters these are some of the spaces in which Shakespearean characters gather to dwell and to test their connections with one another and their worlds Julia Reinhard Lupton enters Shakespeare's dwelling places in search of insights into the most fundamental human problems Focusing on five works Romeo and Juliet Macbeth Pericles Cymbeline and The Winter's Tale Lupton remakes the concept of dwelling by drawing on a variety of sources including modern design theory Renaissance treatises on husbandry and housekeeping and the philosophies of Hannah Arendt and Martin Heidegger The resulting synthesis not only offers a new entry point into the contemporary study of environments it also shows how Shakespeare's works help us continue to make sense of our primal creaturely need for shelter Thy Father's Instruction Naomi Feuchtwanger-Sarig,2021-12-06 The Nuremberg Miscellany Germanisches Nationalmuseum Nürnberg Bibliothek 8 Hs 7058 RI 203 is a unique work of scribal art and illumination Its costly parchment leaves are richly adorned and illustrated with multicolour paint and powdered gold It was penned and illustrated in southern Germany probably Swabia in 1589 and is signed by a certain Eliezer ben Mordechai the Martyr The Miscellany is a relatively thin manuscript In its present state it holds a total of 46 folios 44 of which are part of the original codex and an additional bifolio that was attached to it immediately or soon after its production The book is a compilation of various Hebrew texts most of which pertain to religious life Others are home liturgies Biblical exegeses comments on rites and customs moralistic texts homiletic and ethical discourses and an extensive collection of home liturgies its major part being dedicated to the life cycle The unparalleled text compilation of the Nuremberg Miscellany on the one hand and the naive untrained illustrations on the other hand are puzzling Its illustrations are hardly mindful of volume depth or perspective and their folk art nature suggests that an unprofessional artist possibly even the scribe himself may have executed them Whoever the illustrator was his vast knowledge of Jewish lore unfolds layer after layer in a most intricate way His sharp eye for detail renders the images he executed a valid representation of contemporary visual culture The iconography of the Nuremberg Miscellany with its 55 decorated leaves featuring 25 text illustrations falls into two main categories biblical themes and depictions of daily life both sacred and mundane While the biblical illustrations rely largely on artistic rendering and interpretation of texts the depictions of daily life are founded mainly on current furnishings and accoutrements in Jewish homes The customs and rituals portrayed in the miscellany attest not only to the local Jewish Minhag but also to the influence and adaptation of local

Germanic or Christian rites They thus offer first hand insights to the interrelations between the Jews and their neighbors Examined as historical documents the images in the Nuremberg Miscellany are an invaluable resource for reconstructing Jewish daily life in Ashkenaz in the early modern period In a period from which only scanty relics of Jewish material culture have survived retrieving the pictorial data from images incorporated in literary sources is of vital importance in providing the missing link Corroborated by similar objects from the host society and with descriptions in contemporary Jewish and Christian written sources the household objects as well as the ceremonial implements depicted in the manuscript can serve as effective mirrors for the material culture of an affluent German Jewish family in the Early Modern period The complete Nuremberg Miscellany is reproduced in the appendix of this book **Encyclopedia of Comparative Iconography** Helene E. Roberts, 2013-09-05 First published in 1998 Routledge is an imprint of Taylor Francis an informa company **The Craftsman** Gustav Stickley, 1916 An illustrated monthly magazine in the interest of better art better work and a better more reasonable way of living **Art in America** Frank Jewett Mather, Frederic Fairchild Sherman, 1917 *Art in America* Frederick Fairchild Sherman, 1917 **Objects of Virtue** Luke Syson, Dora Thornton, 2001 You are what you own So believed many of the elite men and women of Renaissance Italy The notion that a person's belongings transmit something about their personal history status and character was renewed in the fifteenth and early sixteenth centuries Objects of Virtue explores the multiple meanings and values of the objects with which families like the Medici Este and Gonzaga surrounded themselves This lavishly illustrated volume examines the complicated relationships between the so called fine arts painting and sculpture and artifacts of other kinds for which artistry might be as important as utility furniture jewelry and vessels made of gold silver and bronze precious and semi precious stone glass and ceramic The works discussed were designed and made by artists as famous as Andrea Mantegna Raphael and Michelangelo as well as by lesser known specialists goldsmiths gem engravers glassmakers and maiolica painters
