Marriage Family And Kinship Comparative Studies Of Social Organization:

Marriage, Family, and Kinship Melvin Ember, Carol R. Ember, 1983-01-01 Comp Ency Anthropology Tim

Ingold, 2021-12-24 This comprehensive survey of contemporary thought in biological social and cultural anthropology sets the foundation for their future development and integration The principal rationale behind the Encyclopedia is to overcome the division and fragmentation within the approaches of the humanities and natural sciences to anthropology It emphasizes interconnections between perspectives and sub disciplines producing a complete perspective on what it means to be human The work consists of three parts Humanity Culture and Social Life and 40 major contributions Part One emphasizes human beings as members of a species how that species differs from others how it has evolved and how human populations have adapted to and in turn transformed their environments Part Two deals with the origin and structure of human culture and on the role of culture in action perception and cognition Part Three examines the various aspects of the relationships and processes that are carried on by persons and groups in the course of social life Useful features such as cross references within the text full biographical references suggestions for further reading and carefully illustrated line drawings make this an indispensable resource for all students of anthropology or sociology **Companion Encyclopedia of Anthropology** Tim

Ingold, 2002 New in paperback this Companion provides a unique survey of contemporary thinking in biological social and cultural anthropology A prestigious editor leads an international team of acknowledged experts in each field

Encyclopedia of Community DAVID LEVINSON, KAREN CHRISTENSEN, 2003-06-30 Click Additional Materials for downloadable materials and samples Incredibly this is the first encyclopedia to focus on community as concept and experience so stands alone in its field as the one title any library must buy to cover this topic Essential for all readerships CHOICEA timely comprehensive and very welcome overview of a rich and rapidly growing field of inquiry Robert D Putnam Professor at Harvard University and author of Bowling Alone With every passing minute it becomes more and more apparent that our world is one community The Encyclopedia of Community serves as recognition of this trend and as a needed resource The four volume set not only explains the emerging buzz words of community such as social capital or civic engagement but also tells many stories of community institutions that work such as public libraries Sarah Ann Long Past President 1999 2000 American Library Association As we yearn to connect with our fellow citizens during these uncertain times we have a unique moment to encourage greater participation in our democracy and reinvigorate our communities The Encyclopedia of Community provides a timely diverse array of theories and practices that will help citizens understand the value of engaging together to make the critical choices that enrich the way we live learn work and govern in our local communities The Encyclopedia deserves a prime spot in the libraries homes and offices of all communities that want to invest in a brighter future for their residents and their children Nancy Kranich Past President of the American Library Association whose presidential theme was Libraries The Cornerstone of Democracy 2000 2001 American politicians often pair the word

community with the word freedom to describe our basic values Yet though used constantly the word community is defined in widely different and contested ways Most people like the idea of community but some intellectuals worry that it might imply collectivism The great value of this new Encyclopedia is that it gives readers a chance to sample the many uses of the term and gain clarity about the issues at stake It is a major contribution to a more coherent understanding of this fundamental idea Robert Bellah Professor of Sociology Emeritus University of California Berkeley and co author of *Habits of the Heart* SAGE Publications is proud to announce the Encyclopedia of Community a major reference work that summarizes the many fascinating and important concepts of a global topic Community itself is a concept an experience and a central part of being human Whether the reader is a student researcher or professional in the field of psychology sociology or even economics this three volume work will provide the necessary definitions of community beyond traditional views Arranged in an A to Z fashion the Encyclopedia can also be viewed topically via a Reader s Guide This allows for interdisciplinary compare and contrast among topics such as types of communities social capital technology urban life politics and law community design and global studies Edited by the award winning team at Berkshire Reference and assisted by an editorial board of world renowned scholars the Encyclopedia of Community will prove to be one of the most widely used reference works in your collection Key Features 500 signed articles 3 volumes 2000 pages Reader s Guide Master bibliography 250 sidebars Appendices Resource Guides Master Bibliography Libraries Build Community Libraries and Popular Culture **Family Structure and Interaction** Gary R. Lee,1977 Bioarchaeologists Speak Out Jane E. Buikstra,2018-10-26

Bioarchaeologists who study human remains in ancient historic and contemporary settings are securely anchored within anthropology as anthropologists yet they have not taken on the pundits the way other subdisciplines within anthropology have Popular science authors frequently and selectively use bioarchaeological data on demography disease violence migration and diet to buttress their poorly formed arguments about general trends in human behavior and health beginning with our earliest ancestors While bioarchaeologists are experts on these subjects bioarchaeology and bioarchaeological approaches have largely remained invisible to the public eye Current issues such as climate change droughts warfare violence famine and the effects of disease are media mainstays and are subjects familiar to bioarchaeologists many of whom have empirical data and informed viewpoints both for topical exploration and also for predictions based on human behavior in deep time The contributions in this volume will explore the how and where the data has been misused present new ways of using evidence in the service of making new discoveries and demonstrate ways that our long term interdisciplinarity lends itself to transdisciplinary wisdom We also consider possible reasons for bioarchaeological invisibility and offer advice concerning the absolute necessity of bioarchaeologists speaking out through social media **Bibliographie Internationale D'anthropologie Sociale Et Culturelle** International Committee for Social Science Information and Documentation,1986-11-20 First published in 1986 Routledge is an imprint of Taylor Francis an informa company

Biosocial Evolutionary Analysis Jonathan H. Turner, Alexandra Maryanski, 2024-01-18 This authoritative book proposes a methodological and theoretical strategy for developing sociological explanations of the socio cultural universe Jonathan H Turner and Alexandra Maryanski discuss the problems that persist in explaining the socio cultural universe using only biological and psychological approaches and outline new strategies for understanding the evolution of human beings and their biological nature

The Household Robert C. Ellickson, 2010-08-02 Some people dwell alone many in family based households and an adventuresome few in communes *The Household* is the first book to systematically lay bare the internal dynamics of these and other home arrangements Legal underpinnings social considerations and economic constraints all influence how household participants select their homemates and govern their interactions around the hearth Robert Ellickson applies transaction cost economics sociological theory and legal analysis to explore issues such as the sharing of household output the control of domestic misconduct and the ownership of dwelling units Drawing on a broad range of historical and statistical sources Ellickson contrasts family based households with the more complex arrangements in medieval English castles Israeli kibbutzim and contemporary cohousing communities He shows that most individuals when structuring their home relationships pursue a strategy of consorting with intimates This he asserts facilitates informal coordination and tends ultimately to enhance the quality of domestic interactions He challenges utopian critics who seek to enlarge the scale of the household and legal advocates who urge household members to rely more on written contracts and lawsuits Ellickson argues that these commentators fail to appreciate the great advantages in the home setting of informally associating with a handful of trusted intimates *The Household* is a must read for sociologists economists lawyers and anyone interested in the fundamentals of domestic life

Cross-Cultural Research Methods Carol R. Ember, Melvin Ember, 2009-07-16 Without ethnography cross cultural comparison would not be possible But without cross cultural comparison we would know nothing of what may be universal or variable across human cultures or why variation exists *Cross Cultural Research Methods* is an introductory teaching tool that shows students and potential researchers how to describe compare and analyze patterns that occur in different cultures that is how to form and test anthropological sociological psychological medical or political hypotheses about cultural variation

Handbook of Classical Sociological Theory Seth Abrutyn, Omar Lizardo, 2021-11-01 This is the first handbook focussing on classical social theory It offers extensive discussions of debates arguments and discussions in classical theory and how they have informed contemporary sociological theory The book pushes against the conventional classical theory pedagogy which often focused on single theorists and their contributions and looks at isolating themes capturing the essence of the interest of classical theorists that seem to have relevance to modern research questions and theoretical traditions This book presents new approaches to thinking about theory in relationship to sociological methods

Ponzetti,2003 Online version of the 4 vol work published by Macmillan Reference USA **Anthropological Conversations** Caroline B. Brettell,2014-10-23 Cultural anthropologists can be an intellectually adventurous crowd open even eager to building bridges across disciplines in the name of understanding human behavior and the human experience more broadly In this first of its kind book Caroline Brettell explores the cross disciplinary conversations that have engaged cultural anthropologists both past and present Brettell highlights a handful of conversations between the discipline of anthropology on the one hand and history geography literature biology psychology and demography on the other She also pinpoints how these exchanges address three enduring issues of anthropological concern the temporal and the spatial dimensions of human experience the scientific and the humanistic dimensions of the anthropological enterprise and the individual and the group population as units of analysis in research Anthropological Conversations offers detailed accounts of particular ethnographic methodologies and findings and the theoretical trends informing them as a means of grasping the big picture issues Brettell clearly shows that by engaging with other fields cultural anthropologists have been able to think more deeply about what they mean by culture through this book she invites readers to continue the conversation Beyond the Family A. F. Robertson,1991-10-30 Reproduction is the most vital process in the regeneration of our species and our society Nevertheless its influence on the shape of the modern world has been consistently overlooked by social scientists who have emphasized the erosion of the family in industrialized societies In A F Robertson s view families persist And the goal of reproduction plays an essential role in everything from the organization of political parties to the growth of banks and factories Robertson inverts the traditional wisdom that reproduction responds passively to the powerful transformative force of technology Reproduction he asserts requires such extensive cooperation on the state and community level as well as within the family that it has had great impact on our social and political organization Whether discussing Lesotho women and the South African economy or the effects of the family on the development of capitalism Robertson demonstrates that the ramifications of human reproduction extend far beyond the family Boldly argued and laced with cross cultural comparisons Beyond the Family synthesizes the writings of a range of thinkers It is sure to garner discussion and debate among divergent scholars of many stripes
