Marriage, Morals, and Sex in America

A History of Ideas

Sidney Ditzion

"If you want to know how men felt
about women and women felt about
men over the years in America,
here is the record."
—*New York Times*

Marriage Morals And Sex In America A History Of Ideas

Zoe Detsi-Diamanti

Marriage Morals And Sex In America A History Of Ideas:

Marriage, Morals and Sex in America Sidney Herbert Ditzion, 1975 *Marriage, Morals, and Sex in America* Sidney Ditzion, 2016-11-08 Excerpt from *Marriage Morals and Sex in America A History of Ideas* One remarkable similarity about practically all of these reform movements was that a large portion of their efforts was directed toward creating an equitable balance of power between the sexes plus a more satisfying expression of sexuality for both sexes When apparently identical ideas appeared in the context of separate reform movements they were in actuality distinct as to logic and avor but related in that they pursued a common objective In brief whatever their political humanitarian medical faddist or religious complexions these many reformers have been contributors to the feminist cause *Marriage Morals and Sex in America* is therefore a complete story of the woman's rights movement of the struggle to achieve human rights for a sexual minority About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works ***Marriage, Morals, and Sex in America; a History of Ideas [by] Sidney Ditzion. Expanded Ed., with a New Chapter by the Author*** Sidney Herbert Ditzion, *Marriage, morals and sex in America. A history of ideas. Expanded edition, with a new chapter by the author* Sidney Herbert DITZION, 1969 ***Marriage, Morals, and Sex in America*** Sidney Herbert Ditzion, 1969 ***The Family in America*** Joseph M. Hawes, Elizabeth F. Shores, 2002-05-22 An incisive multidisciplinary look at the American family over the past 200 years written by respected scholars and researchers *Family in America* offers two powerful antidotes to popular misconceptions about American family life historical perspective and scientific objectivity When we look back at our early history we discover that the idealized 1950s family characterized by a rising birthrate a stable divorce rate and a declining age of marriage was a historical aberration out of line with long term historical trends Working mothers we learn are not a 20th century invention most families throughout American history have needed more than one breadwinner In the exciting new scholarship described here readers will learn precisely what is new in American family life and what is not and acquire the perspective they need to appreciate both the genuine improvements and the losses that come with change ***American Sexual Character*** Miriam G. Reumann, 2005-03-07 Publisher Description ***Marriage, morals, and sex in America*** Sidney Herbert Ditzion, 1978 *Early American Women Dramatists, 1780-1860* Zoe Desti-Demanti, 2018-10-24 First published in 1999 Although contemporary feminist criticism has mainly focused upon American women playwrights of the twentieth century women there is evidence that a feminist tradition rooted deep in the nationalistic and democratic impulses of the American nation

existed more than a hundred years before these women started writing It may come as a surprise to some readers that a significant but overlooked number of women playwrights vitally contributed to the development of early American drama This study covers the period between 1775 and 1860 a time when American men and women struggled to define themselves and their place in response to the radical economic and institutional transformations which characterized that period Based on the assumption that women s experience of the world differs from men s the author tries to show that the plays of my study are sites of gender inscriptions as well as collective evidence that late eighteenth and nineteenth century men and women were affected differently by the economic political and social changes that were taking place in America at that time

Women, the Family, and Freedom Susan G. Bell, Karen M. Offen, 1983 This is the second book in a two part collection of 264 primary source documents from the Enlightenment to 1950 chronicling the public debate that raged in Europe and America over the role of women in Western society The present volume looks at the period from 1880 to 1950 The central issues motherhood women s legal position in the family equality of the sexes the effect on social stability of women s education and labor extended to women the struggle by men for personal and political liberty These issues were political economic and religious dynamite They exploded in debates of philosophers political theorists scientists novelists and religious and political leaders This collection emphasizes the debate by juxtaposing prevailing and dissenting points of view at given historical moments e g Madame de Sta l vs Rousseau Eleanor Marx vs Pope Leo XIII Strindberg vs Ibsen Simone de Beauvoir vs Margaret Mead Each section is preceded by a contextual headnote pinpointing the documents significance Many of the documents have been translated into English for the first time

Radical Spirits Ann Braude, 2020-05-25 Braude has discovered a crucial link between the early feminists and the spiritualists who so captured the American imagination Los Angeles Times In *Radical Spirits* Ann Braude contends that the early women s rights movement and Spiritualism went hand in hand Her book makes a convincing argument for the importance of religion in the study of American women s history In this new edition Braude discusses the impact of the book on the scholarship of the last decade and assesses the place of religion in interpretations of women s history in general and the women s rights movement in particular A review of current scholarship and suggestions for further reading make it even more useful for contemporary teachers and students It would be hard to imagine a book that more insightfully combined gender social and religious history together more perfectly than *Radical Spirits* Braude still speaks powerfully to unique issues of women s creativity spiritual as well as political in a superb account of the controversial nineteenth century Spiritualist movement Jon Butler Howard R Lamar Professor Emeritus of American Studies History and Religious Studies at Yale University Continually rewarding The New York Times Book Review A fascinating well researched and scholarly work on a peripheral aspect of the rise of the American feminist movement Library Journal A vitally important book that has influenced a generation of young scholars Marie Griffith associate director of the Center for the Study of Religion Princeton University An insightful book and a delightful read Journal of American

History Darwin in Atlantic Cultures Jeannette Eileen Jones, Patrick B. Sharp, 2010-06-21 This collection is an interdisciplinary edited volume that examines the circulation of Darwinian ideas in the Atlantic space as they impacted systems of Western thought and culture. Specifically the book explores the influence of the principle tenets of Darwinism such as the theory of evolution, the ape man theory of human origins and the principle of sexual selection on established transatlantic intellectual traditions and cultural practices. In doing so it pays particular attention to how Darwinism reconfigured discourses on race, gender and sexuality in a transnational context. Covering the period from the publication of *The Origin of Species* 1859 to 1933 when the Nazis National Socialist Party took power in Germany, the essays demonstrate the dissemination of Darwinian thought in the Western world in an unprecedented commerce of ideas not seen since the Protestant Reformation. Learned societies, literary groups, lyceums and churches among other sites for public discourse sponsored lectures on the implications of Darwin's theory of evolution for understanding the very ontological codes by which individuals ordered and made sense of their lives. Collectively these gatherings reflected and constituted what the contributing scholars to this volume view as the discursive power of the cultural politics of Darwinism.

The Kennedy Women Laurence Leamer, 1996-09-29 A FRESH AND UNVARNISHED PORTRAIT OF A FASCINATING TALENTED AND DEEPLY FLAWED FAMILY. Boston Herald. Laurence Leamer was granted unheralded access to private Kennedy papers and he interviewed family and old friends many of whom had never been interviewed before for this incredible portrait of the women in America's royal family. From Bridget Murphy the foremother who touched shore at East Boston in 1849 to the intelligent independent Kennedy women of today Laurence Leamer tells their unforgettable stories. Here are the private thoughts of Kathleen the flirtatious debutante in prewar England, the truth behind Joe Kennedy's insistence that his mildly retarded daughter Rosemary be lobotomized, the real story behind Joan and Ted's whirlwind romance, Jackie's desire for a divorce from JFK in the 1950s, Pat Lawford's disastrous Hollywood marriage, how Caroline discovered her cousin David's death by overdose and more. Tough enough to withstand the unimaginable these Kennedy women soldier on in the name of their extraordinary family and what they believe is right. MASTERFUL AN ENDLESSLY FASCINATING READ. A wealth of beautifully rendered social detail at times reading like a realist novel by Edith Wharton. A page turner from start to finish. *The Dallas Morning News*. *Horace Greeley's New-York Tribune* Adam-Max Tuchinsky, 2009. Historians and biographers have struggled to reconcile these seemingly contradictory tendencies. Tuchinsky's history of the Tribune by placing the newspaper and its ideology squarely within the political, economic and intellectual climate of Civil War era America illustrates the connection between socialist reform and mainstream political thought. It was democratic socialism favoring free labor and bridging the divide between individualism and collectivism that allowed Greeley's Tribune to forge a coalition of such disparate elements as the old Whigs, new Free Soil men, labor and staunch abolitionists. This progressive coalition helped ensure the political success of the Republican Party. Indeed even in 1860 proslavery ideologue George Fitzhugh referred to

socialism as Greeley's lost book The overlooked but crucial source of the Tribune's and by extension the Republican Party's antagonism toward slavery and its more general free labor ideology *The Feminine Mystique* Betty Friedan, 2021-03-08

The book that sparked a feminist revolution now with a new introduction by Gaby Hinsliff Love and children and home are good but they are not the whole world even if most of the words now written for women pretend they are Why should women accept this picture of a half life instead of a share in the whole of human destiny First published in 1963 Betty Friedan's *The Feminine Mystique* changed the world Widely credited with inspiring second wave feminism the book spoke to women across the globe and defined the problem that has no name It showed women that they could and should aim for a life beyond the home and the family and that they could never find true fulfilment as long as their roles and ambitions were so narrowly defined Based on interviews with suburban housewives as well as researching psychology and how women were portrayed in media and advertising *The Feminine Mystique* showed that many women were in fact deeply unsatisfied but unable to find a voice to express their feelings A powerful and ground breaking piece of feminist writing and a historically important literary work it laid the foundations for many feminist activists following in Friedan's footsteps and had significant societal and political influence on the progression of gender equality This new edition published to coincide with the 100th anniversary of Betty Friedan's birth includes a new introduction by Gaby Hinsliff which discusses the reasons why Friedan's book still has so much to say to women today Praise for *The Feminine Mystique* One of the most influential non fiction books of the twentieth century *The New York Times* If American women look at their lives today they are seeing Betty Friedan's legacy in action Naomi Wolf *Time* Brilliant succeeded where no other feminist writer had She touched the lives of ordinary readers *The New Yorker* *The Feminine Mystique* forever changed the conversation as well as the way women view themselves If you've never read it read it now and reflect on what our mothers and grandmothers were feeling at the time It's a great moment to celebrate this milestone work which fundamentally altered the course of women's lives Arianna Huffington *O The Oprah Magazine* A highly readable provocative book *New York Times Book Review* *The Feminine Mystique* is the Tupac Shakur of literary feminism reincarnated at least once every decade with new insights that engender old beefs while at the same time serving as a reminder of why it's a classic *The Los Angeles Review of Books* *National Library of Medicine Current Catalog* *National Library of Medicine (U.S.)*, 1965

The Utopian Alternative Carl J. Guarneri, 2018-07-05 The utopian socialism of Charles Fourier spread throughout Europe in the mid nineteenth century but it was in the United States that it generated the most intense excitement In this rich and engaging narrative Carl J Guarneri traces the American Fourierist movement from its roots in the religious social and economic upheavals of the 1830s through its bold communal experiments of the 1840s to its lingering twilight after the Civil War *Early American Women Dramatists, 1775-1860* Zoe Detsi-Diamanti, 1998 Noting that the variation between the playwrights can be as great as between men and women and acknowledging that her subjects are limited to a narrow class and race population Detsi Diamanti the cultural and historical

specificity of women playwrights of the period and the interrelationship between their dramatic efforts and the formation of an American national and literary identity Her major themes are metaphors of freedom industrial capitalism and gender perspective and ideology **Sex Radicals and the Quest for Women's Equality** Joanne Ellen Passet, 2003 Passet shows that the majority of correspondents who participated in the sex radical movement resided in the Midwest and the Great Plains states where ideas of individual freedom and sovereignty resonated particularly strongly **Raising Reds** Paul C. Mishler, 1999 Mark Greif Times Literary Supplement

Ignite the flame of optimism with Get Inspired by is motivational masterpiece, **Marriage Morals And Sex In America A History Of Ideas** . In a downloadable PDF format (PDF Size: *), this ebook is a beacon of encouragement. Download now and let the words propel you towards a brighter, more motivated tomorrow.
