Sheridan, George J. Sheridan Jr., 2007-05-10 What and where and who is Europe This unique collection contends that Europe cannot be defined as simply a particular geographic location or a group of citizens who inhabit the same place and share a culture Instead Europe is a question to be answered by the teachers and students who study it A collaborative and multidisciplinary collection Engaging Europe explores Europe through history literature philosophy music and ethical narratives A set of imaginative contributors investigates European identity through a variety of cases including Greece and Rome the Bible the Enlightenment and the Shoah Scholars of literature history and classics as well as a composer grapple with students doubts about Europe's future relevance The complexity of the topic leads to creativity in each chapter from a musical composition in words to poetry to a dialogue between Baudelaire and Adam Smith Engaging Europe is a major part of an experiment that hopes to find more intellectually exciting ways to teach Europe to students in American higher education Contributions by Evlyn Gould Joseph Krause Robert Kyr Massimo Lollini Alexander B Murphy John Nicols Steven Shankman George J Sheridan Jr and Malcolm Wilson **Hades Moon** Judy Hall, 1998-01-15 Using mythology archetypal symbolism and a wealth of case histories this study provides new material and insight into the many facets of this major transformative contact between the Moon and Pluto Hall explains why Pluto Moon aspects are so important and gives a description of the Hades Moon through the signs and houses She shows us the symptoms and offers practical information about flower essences and techniques that can help people handle Hades **On Histories and Stories** A. S. Byatt, 2002-03-30 In a series of essays on the complicated relations Moon energy between reading writing and remembering A S Byatt sorts the modish from the merely interesting and the truly good to arrive at a new view of British writing in our time Whether writing about the renaissance of the historical novel discussing her own translation of historical fact into fiction or exploring the recent European revival of interest in myth folklore and fairytale Byatt's abiding concern here is with the interplay of fiction and history Secret of the Muses Retold John T. Kirby, 2000 Precious repositories of ancient wisdom Musty relics of outmoded culture Timeless paragons of artistic achievement Hegemonic tools of intellectual repression Just what are the classics anyway and why do or should we still pay so much attention to them What is the literary canon What is myth and how do we use it These are some of the questions that gave rise to John Kirby's Secret of the Muses Retold This new study of works by five twentieth century Italian writers investigates the abiding influence of the Greek and Roman classics and their rich legacy in our own day The result is not only a splendid introduction to contemporary Italian literature but also a lucid and stimulating meditation on the insights that

writers such as Umberto Eco and Italo Calvino have tapped from the wellspring of ancient tradition Kirby s book offers an impassioned plea for the recuperation of the humanities in general and of classical studies in particular No expertise in Greek Latin Italian or literary theory is presumed and both traditional and postmodern perspectives are accommodated
