Marriage The Family In The Middle Ages:

Love, Marriage, and Family in the Middle Ages Jacqueline Murray, 2001-09 A great virtue of this reader is the length of its selections not just snippets but long enough portions for students to get a real sense of how the text works Ruth Mazo Karras University of Minnesota

Marriage and the Family in the Middle Ages Frances Gies, 2010-08-03 From bestselling historians Frances and Joseph Gies authors of the classic *Medieval Life* series comes this compelling lucid and highly readable account of the family unit as it evolved throughout the Medieval period reissued for the first time in decades Some particular books that I found useful for *Game of Thrones* and its sequels deserve mention *Life in a Medieval Castle* and *Life in a Medieval City* both by Joseph and Frances Gies George R R Martin author of *Game of Thrones* Throughout history the significance of the family the basic social unit has been vital In *Marriage and the Family in the Middle Ages* acclaimed historians Frances and Joseph Gies trace the development of marriage and the family from the medieval era to early modern times It describes how the Roman and barbarian cultural streams merged under the influence of the Christian church to forge new concepts customs laws and practices Century by century the Gies follow the development sometimes gradual at other times revolutionary of significant components in the history of the family including The basic functions of the family as a production unit as well as its religious social judicial and educational roles The shift of marriage from private arrangement between families to public ceremony between individuals and the adjustments in dowry bride price and counter dowry The development of consanguinity rules and incest taboos in church law and lay custom The peasant family in its varying condition of being free or unfree poor middling or rich The aristocratic estate the problem of the younger son and the disinheritance of daughters The Black Death and its long term effects on the family Sex attitudes and customs the effects of variations in age of men and women at marriage The changing physical environment of noble peasant and urban families Arrangements by families for old age and retirement Expertly researched master historians Frances and Joseph Gies whose books were used by George R R Martin in his research for *Game of Thrones* paint a compelling detailed portrait of family life and social customs in one of the most riveting eras in history

Medieval Families Carol Neel, *Medieval Academy of America*, 2004-01-01 The collection reveals how scholars of the 1970s through the 1990s argued the importance of previously unconsidered questions about the shape of medieval familial experience and how their mutual information and criticism has refined and added to this investigation in the intervening period

Marriage, Family, and Law in Medieval Europe Michael M. Sheehan, 1997-01-01 A collection of essays by Michael Sheehan whose work and interpretation on medieval property marriage family sexuality and law has inspired scholars for 40 years

Love, Marriage, and Family in the Middle Ages Jacqueline Murray, 2001-09 The 80 excerpts and short pieces consider foundations and influences love and its dangers marriage and the church husbands and wives marriage and family childbirth parents and children and beyond Christendom Publisher

Family Life in The Middle Ages Linda E. Mitchell, 2007-08-30 Mitchell takes a regional approach in exploring

the lives of families in the Middle Ages Starting with the late Roman families the first five chapters explore the roles of family members defined by tradition and law what constituted a legal marriage and a family to whom the children belonged and who was included in the extended family The remaining chapters delve into daily family life homes of various social classes and the division of labor both maintaining the home and family based labor such as agriculture banking manufacturing of goods and mercantile activity Religious cultures of the medieval world varied but all often included oblation of children to monasteries religious ceremonies for life stages and family obligations in the religious culture Birth death and inheritance all affected the family and new families were often formed from previous generations and defunct family lines Non traditional families included family structures advocated by heretical groups the Cathars and the Beguines families created without marriage concubinage relationships and those that developed as a result of social and environmental stresses the Black Death war and natural disasters Perfect for students studying the Middle Ages and medieval life this work provides a clear and engaging narrative on the day to day lives of the family Reference resources include a timeline sources for further reading photographs and an index Volumes in the Family Life Through History series focus on the day to day lives and roles of families The roles of all family members are defined and information on daily family life the role of the family in society and the ever changing definition of the term family are discussed Discussion of the nuclear family single parent homes foster and adoptive families stepfamilies and gay and lesbian families are included where appropriate Topics such as meal planning homes entertainment and celebrations are discussed along with larger social issues that originate in the home like domestic violence child abuse and neglect and divorce Ideal for students and general readers alike books in this series bring the history of everyday people to life

Love, Marriage, and Family Ties in the Later Middle Ages Isabel Davis, Miriam Müller, Sarah Rees Jones, 2003 This volume addresses the current fashion for research on the family and domesticity in the past It draws together work from various disciplines historical art historical and literary with their very different source materials and from a broad geographical area including some countries such as Croatia and Poland which are not usually considered in standard text books on the medieval family This volume considers the various affective relationships within and around the family and the manner in which those relationships were regulated and ritualized in more public arenas Despite their disparate approaches and geographical spread these essays share many thematic concerns the ideologies which structured gender roles inheritance rights incest law and the ethics of domestic violence for example are all considered here This collection originates from the Leeds International Medieval Congress in 2001 when the special strand was entitled Domus and Familia and attracted huge participation This book aims to reflect that richness and variety whilst contributing to an expanding area of historical enquiry

Buildings and Landmarks of Medieval Europe James B. Tschen-Emmons, Linda Elizabeth Mitchell, 2007 Analyzes family life in the Middle Ages focusing on the contrasts between the family in the Medieval West the Byzantine East the Islamic world and the Jewish family Discusses marriage parenting children and religion and the

family along with traditional and non traditional families and other related material **Women, Marriage, and Family in Medieval Christendom** Michael McMahon Sheehan,1998 Consider the role position and contributions of medieval women the development of Christian marriage especially in the High Middle Ages and the secular family with its legal and emotional relationships *Family, Marriage and Property Devolution in the Middle Ages* Lars Ivar Hansen,2000 **Women, Marriage, and Family in Medieval Christendom** Michael McMahon Sheehan,1998 Consider the role position and contributions of medieval women the development of Christian marriage especially in the High Middle Ages and the secular family with its legal and emotional relationships **Women's Lives in Medieval Europe** Emilie Amt,2013-09-13 Praise for the first edition It is difficult to imagine another book in which one could find all this diverse material and no doubt Amt s collection in its richness and in its genuine clarity and simplicity will takes prominent place in our expanded diversified medieval curriculum a curriculum that takes class gender and ethnicity as central to an understanding of world cultural history The Medieval Review Long considered to be a definitive and truly groundbreaking collection of sources Women s Lives in Medieval Europe uniquely presents the everyday lives and experiences of women in the Middle Ages This indispensable text has now been thoroughly updated and expanded to reflect new research and includes previously unavailable source material This new edition includes expanded sections on marriage and sexuality and on peasant women and townswomen as well as a new section on women and the law There are brief introductions both to the period and to the individual documents study questions to accompany each reading a glossary of terms and a fully updated bibliography Working within a multi cultural framework the book focuses not just on the Christian majority but also present material about women in minority groups in Europe such as Jews Muslims and those considered to be heretics Incorporating both the laws regulations and religious texts that shaped the way women lived their lives and personal narratives by and about medieval women the book is unique in examining women s lives through the lens of daily activities and in doing so as far as possible through the voices of women themselves *Women in Medieval Europe 1200-1500* Jennifer Ward,2016-04-14 Women in Medieval Europe explores the key areas of female experience in the later medieval period from peasant women to Queens It considers the women of the later Middle Ages in the context of their social relationships during a time of changing opportunities and activities so that by 1500 the world of work was becoming increasingly restricted to women The chapters are arranged thematically to show the varied roles and lives of women in and out of the home covering topics such as marriage religion family and work For the second edition a new chapter draws together recent work on Jewish and Muslim women as well as those from other ethnic groups showing the wide ranging experiences of women from different backgrounds Particular attention is paid to women at work in the towns and specifically urban topics such as trade crafts healthcare and prostitution The latest research on women gender and masculinity has also been incorporated along with updated further reading recommendations This fully revised new edition is a comprehensive yet accessible introduction to

the topic perfect for all those studying women in Europe in the later Middle Ages Women In Dark Age And Early Medieval Europe c.500-1200 Helen Jewell,2006-10-04 The period 1200 1550 opened in a time of population expansion but went on to suffer the demographically cataclysmic effects of the plague beginning with the Black Death of 1347 51 The period dawned with a confident papacy and the Albigensian crusade against heretics and ended with the Catholic church torn apart by the Protestant Reformation Huge challenges were affecting society in various ways but they did not always affect men and women in the same ways Helen M Jewell provides a lively survey of western European women s activities and experiences during this timeframe The core chapters investigate The function of women in the countryside and towns The role of women in the ruling and landholding classes Women within the context of religion This practical centre of the book is embedded in an analysis of the gender theories inherited from the earlier Middle Ages which continued to underpin laws which restricted women s activity an education system which offered them inferior institutional provision and a church which denied them ministry Three individuals who vastly exceeded these expectations crashing through the glass ceilings of their day are brought together in a fascinating final chapter Combining a historiographical survey of trends over the last thirty years with more recent scholarship this is as indispensable introduction for anyone with an interest in women s history from the late Medieval period through to the Reformation **Family and Household in Medieval England** Peter Fleming,2001-01-01 This fascinating exploration of the medieval family is full of details of everyday life in England between the mid 11th and early 16th century Presented as a journey through life the study begins with the medieval experience of childbirth and the problems of raising children and concludes with widowhood retirement and death Using a wide range of literary and documentary sources Fleming reveals many of the perils and injustices that faced ordinary men women and children especially during the tumultuous events of the 14th century **The Middle Ages Unlocked** Gillian Polack,Katrina Kania,2015-06-15 A unique guide to all aspects of life in the Middle Ages Married Life in the Middle Ages, 900-1300 Elisabeth M. C. Van Houts,2019 An analysis of the lived experience of Christian married life in Christian medieval Europe this study examines the process of getting married and wedding celebrations the married life of lay couples and clergy their sexuality and any remarriage and alternative living including concubinage polygyny and the single life **A Companion to the Medieval World** Carol Lansing,Edward D. English,2012-10-11 Drawing on the expertise of 26 distinguished scholars this important volume covers the major issues in the study of medieval Europe highlighting the significant impact the time period had on cultural forms and institutions central to European identity Examines changing approaches to the study of medieval Europe its periodization and central themes Includes coverage of important questions such as identity and the self sexuality and gender emotionality and ethnicity as well as more traditional topics such as economic and demographic expansion kingship and the rise of the West Explores Europe s understanding of the wider world to place the study of the medieval society in a global context *Rural Space in the Middle Ages and Early Modern Age* Albrecht Classen,2012-05-29

Older research on the premodern world limited its focus on the Church the court and more recently on urban space The present volume invites readers to consider the meaning of rural space both in light of ecocritical readings and social historical approaches While previous scholars examined the figure of the peasant in the premodern world the current volume combines a large number of specialized studies that investigate how the natural environment and the appearance of members of the rural population interacted with the world of the court and of the city The experience in rural space was important already for writers and artists in the premodern era as the large variety of scholarly approaches indicates The present volume signals how much the surprisingly close interaction between members of the aristocratic and of the peasant class determined many literary and art historical works In a surprisingly large number of cases we can even discover elements of utopia hidden in rural space We also observe how much the rural world was a significant element already in early medieval mentality Moreover as many authors point out the impact of natural forces on premodern society was tremendous if not catastrophic

Power Over the Body, Equality in the Family Charles J. Reid, 2004-10-29 The term conjugal rights has long characterized ways of speaking about marriage both in the canonistic tradition and in the secular legal systems of the West This book explores the origins and dimensions of this concept and the range of meanings that have attached to it from the twelfth century to the present Employing far ranging sources Charles Reid Jr examines the language of marriage in classical Roman law the Germanic legal codes of early medieval Europe and the writings of canon lawyers and theologians from the medieval and early modern periods The heart of the book however consists of the writings of the canonists of the High Middle Ages especially the works of Hostiensis Bernard of Parma Innocent IV and Raymond de Peafort Reid s incisive survey provides a new understanding of subjects such as the right of parties to marry free of parental coercion the nature of paternal power the place of bodies in the marriage contract the meaning and implications of gender equality and the right of inheritance
