Peasant Bride Theft John Bushnell,2021-03-15 This book explores the history of Russian peasant bride theft abduction capture from the adoption of Christianity in Kievan Rus in the late tenth century to the very early twentieth century It argues that bride theft in eighteenth and nineteenth century Russia was practised in large part by but not exclusively by Old

Believers the schismatics who rejected the Church reforms of the mid seventeenth century and shunned contact with the Orthodox Church and that the point of bride theft where the bride was often a willing party often married secretly at night by an Orthodox priest acting illegally was to absolve the bride and her parents of the responsibility for engaging in a formal Orthodox ritual which Old Believers regarded as sinful The book also considers how bride theft originated much earlier in Russia and was a continuing tradition in some places and how all this fitted into the Russian peasant economy Throughout the book provides rich details of particular bride theft cases of Russian peasant life and of Russian folklore in particular bridal laments

The Power of Parables ,2023-11-07 The Power of Parables documents the surprising ways in which Jewish and Christian parables bridge religion with daily life This 2019 conference volume rediscovers the original power of parables to shock and affect their audience which has since been reduced by centuries of preaching and repetition Not only do parables enhance the perspective on Scripture or the kingdom of heaven they also change the sensory regime of the audience in perceiving the outer world The theological differences in their applications appear secondary in view of their powerful rhetoric and suggest a shared genre

Symposium of the Whole Jerome Rothenberg,Diane Rothenberg,2016-04-19 Symposium of the Whole traces a discourse on poetry and culture that has profoundly influenced the art of our time with precedents going back two centuries and more Beginning with a reassertion of the complexity of poetry among peoples long labeled primitive and savage many recent poets have sought to base a new poetics over the fullest range of human cultures The attempt to define an ethnopoetics has been significantly connected with the most experimental and future directed side of Romantic and modern

poetry both in the Western world and increasingly outside it As a visionary poetics and as a politics this complex redefinition of cultural and intellectual values has involved a rarely acknowledged collaboration between poets and scholars who together have challenged the narrow view of literature that has excluded so many traditions In this gathering the Rothenbergs follow the idea of an ethnopoetics from predecessors such as Vico Blake Thoreau and Tzara to more recent essays and manifestos by poets and social thinkers such as Olson Eliade Snyder Turner and Baraka The themes range widely from the divergence of oral and written cultures to the shaman as proto poet and the reemergence of suppressed and rejected forms and images the goddess the trickster and the human universe The book's three ethnographic sections demonstrate how various poetries are structured and composed how they reflect meaning and worldview and how they are performed in cultures where all art may be thought of as art in motion Among the poetries discussed are the language of magic West African drum language and poetry the Huichol Indian language of reversals chance operations in African divination poetry picture writings and action writings from Australia and Africa and American Indian sacred clown dramas and traditional trickster narratives The cumulative effect is a new reading of the poetic past and present in the editors words a changed paradigm of what poetry was or now could come to be

Wahhabi Islam Natana J. DeLong-Bas, 2008-08-22 Before 9 11 few Westerners had heard of Wahhabism Today it is a household word Frequently mentioned in association with Osama bin Laden Wahhabism is portrayed by the media and public officials as an intolerant puritanical militant interpretation of Islam that calls for the wholesale destruction of the West in a jihad of global proportions In the first study ever undertaken of the writings of Wahhabism's founder Muhammad Ibn Abd al Wahhab 1702 1791 Natana DeLong Bas shatters these stereotypes and misconceptions Her reading of Ibn Abd al Wahhab's works produces a revisionist thesis Ibn Abd al Wahhab was not the godfather of contemporary terrorist movements Rather he was a voice of reform reflecting mainstream 18th century Islamic thought His vision of Islamic society was based upon a monotheism in which Muslims Christians and Jews were to enjoy peaceful co existence and cooperative commercial and treaty relations Eschewing medieval interpretations of the Quran and hadith sayings and deeds of the prophet Muhammad Ibn Abd al Wahhab called for direct historically contextualized interpretation of scripture by both women and men His understanding of theology and Islamic law was rooted in Quranic values rather than literal interpretations A strong proponent of women's rights he called for a balance of rights between women and men both within marriage and in access to education and public space In the most comprehensive study of Ibn Abd al Wahhab's interpretation of jihad ever written DeLong Bas details a vision in which jihad is strictly limited to the self defense of the Muslim community against military aggression Contemporary extremists like Osama bin Laden do not have their origins in Wahhabism she shows The hallmark jihadi focus on a cult of martyrdom the strict division of the world into two necessarily opposing spheres the wholesale destruction of both civilian life and property and the call for global jihad are entirely absent from Ibn Abd al Wahhab's writings Instead the militant stance of contemporary jihadism lies in adherence to the writings of

the medieval scholar Ibn Taymiyya and the 20th century Egyptian radical Sayyid Qutb This pathbreaking book fills an enormous gap in the literature about Wahhabism by returning to the original writings of its founder Bound to be controversial it will be impossible to ignore Cassell's Magazine ,1907 **The Equitable Jurisdiction of the Court of Chancery** George Spence,1846 **The Whole Works of the Late Rev.
