Modernization and the Structure of Societies Jr. Levy,2020-03-09 In Modernization and the Structure of Societies Marion

Levy shows the interdependencies of societies as a systematic whole in matters that are relevant for international affairs. He distinguishes different types of societies while simultaneously showing elements common to all societies. In a new epilogue being added to this edition titled *Modernization Exhumed*, the author alleges that criticism of modernization theory has generally been ideological or otherwise nonscientific. He provides a strong defense of his hypothesis. In his new introduction, he concentrates on the concept of interdependency. *Modernization and the Structure of Societies* is crucial to the understanding of contemporary international problems. It is a necessary addition to the personal libraries of sociologists, political scientists, and scholars of international affairs. Levy writes so as to produce strong reactions, but this does not obscure his real contribution. Because of his ambitious effort to synthesize a tremendous amount of available scholarship, the study is certain to last for a long time as a standard reference in the field of comparative sociology. Morris Janowitz, *American Journal of Sociology*. A giant book raising innumerable problems, often an exasperating book, yet important and likely to be much referred to by writers on comparative politics and administration. Fred W. Riggs, *American Political Science Review*.

Handbook of Marriage and the Family. Suzanne K. Steinmetz, Marvin B. Sussman, 2013-11-11. The lucid, straightforward Preface of this Handbook by the two editors and the comprehensive perspectives offered in the Introduction by one of them leave little for a Foreword to add. It is therefore limited to two relevant but not intrinsically related points: *vis à vis* research on marriage and the family in the interval since the first Handbook (Christensen, 1964) appeared, namely the impact on this research of the politicization of the New Right and of the Feminist Enlightenment beginning in the mid sixties, about the time of the first Handbook. In the late 1930s Willard Waller noted: Fifty years or more ago, about 1890, most people had the greatest respect for the institution called the family and wished to learn nothing whatever about it. Everything that concerned the life of men and women and their children was shrouded from the light. Today much of that has been changed. Gone is the concealment of the way in which life begins; gone the irrational sanctity of the home. The aura of sentiment which once protected the family from discussion clings to it no more. We want to learn as much about it as we can and to understand it as thoroughly as possible, for there is a rising recognition in America that vast numbers of its families are sick from internal frustrations and from external buffeting. We are engaged in the process of reconstructing our family institutions through criticism and discussion. 1938, pp. 3-4. *The SAGE Encyclopedia of Marriage, Family, and Couples Counseling*. Jon Carlson, Shannon B. Dermer, 2016-10-11. *The SAGE Encyclopedia of Marriage, Family, and Couples Counseling* is a new, all-encompassing landmark work for researchers seeking to broaden their knowledge of this vast and diffuse field.
