period were thereby disqualified In 1784 Wesley published The Sunday Service of the Methodists in North America with Other Occasional Services Coe studies the components of Wesley s marriage liturgy from the Sunday Service to try to determine why Wesley revised the Anglican wedding service in the way that he did BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Preaching the Wedding Sermon* Susan Karen Hedahl,1999

the related liturgical occasions of marriages christenings and the churching of women after childbirth The volume contains ten sermons seven of them undated and in the case of the christening sermons also for parties unknown one of the two churching sermons survives only in an authorially revised state as two separate but obviously coeval sermons Longfellow and McCullough establish that these sermons were preached across almost the whole of Donne's preaching career from among his earliest ca 1615-16 to 1627 four years before his death In each case an authoritative text has been established by freshly collating multiple copies of the seventeenth century print editions as well as multiple manuscript copies which predate the print witnesses For the first time these sermons appear with full critical apparatus The Introduction provides the first dedicated account of the place of sermons in the social liturgical and theological contexts of these occasions in post Reformation England A headnote to each sermon describes its textual state and supplies local historical social and intellectual context and suggestions for further reading Extensive commentaries document Donne's use of sources both acknowledged and unacknowledged translate passages in foreign languages and gloss important and unfamiliar words Although largely neglected by previous scholarship these sermons emerge here as unique the only known sermons for churchings challenging for views on women and marriage more conservative than many of Donne's contemporaries and as evidence of Donne's Calvinist sacramental theology and his anti Catholicism They are also fine examples of Donne's skill in crafting emotionally compelling sermons suited to the unique demands of both occasion and auditory Marriage Homilies Liam Swords (ed.), 1995 *The Homiletical Question* William F. Brosend II, 2017-11-09 The Homiletical Question offers preachers from beginning students to the most experienced a concise introduction to lectionary based preaching in liturgical contexts familiar to Anglicans Roman Catholics Lutherans Methodists and others The book demonstrates how by answering a single simple question each time a sermon is prepared preachers can respond fully and faithfully to the biblical text the needs and issues of the audience and the challenges of a changing world Chapters explore the practice of homiletical exegesis creation and illustration of the moves that shape the sermon crafting introductions and conclusions and preaching baptisms weddings funerals and other special occasions As Thomas G Long writes in the foreword That the homiletical question should yield answers that are beyond the reach of the preacher answers that manifest preaching as an event of surplus and abundance answers that point toward the mystery that is the Holy Spirit answers that take us to our knees in prayer before they take us into the pulpit would come as no surprise to Brosend That very mystery that very abundance is at the heart of Brosend's theology of preaching and therefore at the heart of this book **New Series of Homilies for the Whole Year** Geremia Bonomelli, 1909 **We Speak the Word of the Lord** Daniel E.
