Marriage Magic Find It Keep It Make It Last:

Marriage Magic! Karen Sherman, Dale Klein, 2004-08 MARRIAGE MAGIC Find It Keep It Make It Last is a refreshingly unique self help book that speaks to those couples who stay together but whose relationship has become stale and flat While many self help books focus on teaching good communication skills these authors unique approach is to identify something that is missing in the readers relationship We have discovered in our respective practices that to gain a sense of authenticity people must first become aware of their own emotions and deal with them This allows communication to truly serve its purpose without the burden of emotional barriers So often the couples that stay unhappily married feel lost in their relationship with no sense of how they got where they are and no idea where to go next It is as though they have set out on a journey and have lost their bearings with no map to get them back on course As one or both partners read MARRIAGE MAGIC with each ensuing chapter they will begin to see their journey come into focus As a psychologist and a communications expert we have each provided valuable tools to help people function in day to day situations offering a renewed sense of hope

Marriage Magic! Karen Sherman (Ph. D.), Dale Klein, 2008 A self help book written by a psychologist and communications expert that speaks to couples who have chosen to stay together but find that their relationship is stale and flat Rather than just teaching good communication skills these authors help readers identify what is missing in their relationship It offers lots of exercises is user friendly and is effective even if only one partner reads it

Change Your Heart, Change Your Life Gary Smalley, 2012-03-26 Out of your heart flow your words and actions Change your heart and you'll change your life According

to best selling author Dr Gary Smalley nobody has to live by the destructive subtle lies or believe the distortions of truth this world holds out to us There are steps strategies and beliefs people can bring to their lives to either totally transform them or quietly improve them and it all starts with hiding God s Word in their hearts Hiding God s Word in his heart radically changed the life of Smalley himself and he is seeing it revolutionize the lives of people around him as well from lust materialism selfishness anger stress overeating anxiety and guilt just to name a few No matter a person s age experiences or previous patterns this book will guide readers to the whys and hows of orchestrating their beliefs to forever change their lives and relationships *Chemical Dependency and Compulsive Behaviors* Richard W. Esterly, William T. Neely, 2013-06-17

There is a tremendous concern and interest in the number of chemical dependents with co existing compulsive behaviors However no one has developed a theory that can explain the high prevalence of compulsive behaviors in chemical dependents and more importantly describe the treatment and recovery implications The literature and professionals are divided with the counselors clinicians on one side and the researchers on the other The authors try to bridge this obvious gap by writing a book that can bring recent genetic biochemical research to the counselor clinician in a way that will help them diagnose and treat their patients This book is the result of the authors long interest in and study of chemical dependency and compulsive behaviors It begins with the observation that chemical dependents experience a much higher prevalence of compulsive behaviors than the general population Although many have written about the two subjects generally the relationship of a single compulsive behavior to chemical dependency none have developed a theory with supporting research that ties the type of chemical dependency to specific compulsive behaviors The authors describe recent research that connects chemical dependency and compulsive behaviors to the underlying genetic biochemical mechanisms and provide detailed examinations of the clinical implications of the model as well as case histories

Adopting the Song of Term: An Emotional Symphony within **Marriage Magic Find It Keep It Make It Last**

In a global consumed by screens and the ceaseless chatter of instantaneous conversation, the melodic elegance and psychological symphony produced by the published word frequently diminish in to the backdrop, eclipsed by the relentless sound and distractions that permeate our lives.
