Knight, 2003-01-01 Impressive in scope and erudition Christopher Knight's *Uncommon Readers* focuses on three critics whose voices mixing eloquence with pugnacity stand out as among the most notable independent critics working during the last half century The critics are Denis Donoghue Frank Kermode and George Steiner and their independence a striking characteristic in a time of corporate criticism is reflective of both their backgrounds Donoghue's Catholic upbringing in Protestant ruled Northern Ireland Kermode's Manx beginnings and Steiner's Jewish upbringing in pre Holocaust Europe and their temperaments Each represents a party of one a fact that has on the one hand made them the object of the occasional vituperative dismissal and on the other contributed to their influence and remarkable longevity Since the 1950s Steiner Donoghue and Kermode have each maintained a highly public profile regularly contributing to such influential publications as *Encounter* *New Yorker* *New York Review of Books* *Times Literary Supplement* and the *London Review of Books* This aspect of their work receives particular attention in *Uncommon Readers* for it illustrates a renewed interest in the role of the public critic especially in relation to the genre of the literary review essay and signals a sustained conversation with an educated public namely the common reader Knight makes the argument for the review essay as a serious and still viable genre and he examines the three critics in light of this assumption He expounds upon the critics separate interests Kermode's identification with discussions of canonicity Steiner's with cultural politics and Donoghue's with the persistent claims of the imagination while also revealing the ways in which their work often reflects theological interests Lastly he attempts to adjudicate some of the conflicts that have arisen between these critics and other literary theorists especially the post structuralists and to discuss the question of whether it is still possible for critics to work independently Original and deliberative *Uncommon Readers* presents a renewed defense of the tradition of the common reader      **The American Mercury**, 1926      *Moving Picture World and View Photographer*, 1916      *Show World* Wilton Barnhardt, 2013-07-02 The author of the beloved novels *Gospel* and *Emma Who Saved My Life* Wilton Barnhardt is a writer of rare and extraordinary talent who has yet to walk the same ground twice With *Show World* he offers a contemporary woman's story that will haunt its every reader Samantha Flint the figure at the book's center flees the Midwest for Smith College to shake her past to invent a future she can live with There she meets the redoubtable Mimi Mohr together and apart they move from New York to DC to LA Yet even as each new city takes them to fresh heights of power and wealth everything Sam wants seems to elude her and after a series of lapses both

desperate and careless she finds her dreams have turned against her A work of withering satire and unmatched imagination  
Show World is Wilton Barnhardt s clear eyed estimate of America and what we all want out of her      *The American Mercury*
