Collapsing Consciously Carolyn Baker, Ph.D., 2013-11-19 A collection of probing essays and weekly meditations this book addresses how to prepare emotionally and spiritually for the impending collapse of industrial civilization Author Carolyn Baker offers wisdom inspiration and a sense of spiritual purpose for anyone who is concerned about the daunting future humankind has created The author's introduction to *Collapsing Consciously* articulates our current predicament of economic collapse environmental degradation and global conflict and expresses the confusion anxiety grief anger and despair we all experience when we take a hard look at the present day global crisis and the likely future of the planet But rather than showing us ways to prevent the collapse Baker argues that the demise of our consumerist corporate culture is inevitable and that it is crucial to prepare emotionally and spiritually for the certain changes to come Part 1 is a collection of seventeen essays which argue that while the collapse of industrial society cannot be prevented its meaning extends far beyond tragedy and loss These essays ask the reader to delve inward and discover the limitless treasures of the soul as well as the gratification and exhilaration to be discovered in joining with community in preparing for the future In part 2 Baker offers fifty two weekly meditations comprised of spiritual wisdom inspiration paradox comfort humor irony and a persistent

challenge to create and savor beauty in the world regardless of how bleak the future may appear Collapsing Consciously is a refreshing take on the perilous present and the grim prospects for our future Instead of quoting discouraging statistics about our predicament Baker offers a deeper perspective that makes sense of a world that most of the time appears psychotic or even surreal Through inspiration and perennial wisdom she has created a manual for making meaning and generating joy especially in situations that feel hopelessly devoid of both An ebook containing additional meditations is also available

In the Shadow of Greatness Michael Menager, 2020-09-01 In this unusual biography Michael Menager coaxes from the shadows of history five women who devoted themselves to the greatness of a genius in their lives At times the book reads like a love story at other times an adventure but throughout their five lives intertwine to tell one story of selfless devotion and a greatness that doesn't crave recognition This book covers the lives and works of Maria Noyes wife of Aldous Huxley Françoise Gilot mistress of Pablo Picasso Vera Nabokov wife of Vladimir Nabokov Helen Dukas secretary to Albert Einstein and Isabel Burton wife and partner of Sir Richard Burton Penelope's Loom Dorothy Walters, 2012-08-22 This book contains poems devoted to the task of

turning matter into spirit Louise Nevelson They explore the many avenues in which such alchemy takes place Through art sculpture photography science nature and other modes magical transformation can occur and poetry itself becomes the alchemical vessel revealing these many approaches by which the mundane rises to the level of the transcendent Her earlier books were clearly marked as inspired by Rumi and other writers from the ancient spiritual tradition both in subject and style These poems though not so obviously spiritual in nature reach out to include the many contemporary realms in which the sacred and secular fuse divine and human merge and the whole becomes one dazzling vision of that we call reality Praise for Dorothy's writing Dorothy's words are like radiant sparks emerging from the darkness birthed by the womb of the universe
