both Barbies fans and detractors assume that she stands alone In reality she is the most high profile of a series of iconic dolls that over the past century and a half have been intimately connected to notions of fashionability The prominence of haute couture in popular culture suggests that the link between fashion marketing and dolls should be an obvious one Yet to date this connection has not been systematically explored Doll collecting has been viewed as an enthusiasts or curatorial preserve while the volumes these artefacts speak about culture and identity has not been adequately interrogated Peers original and shrewd analysis fills a major gap in cultural studies by examining in depth the dolls associations with concepts of femininity and fashionability **Barbie** Outlet Book Company Staff,1988-06 **The Publishers' Trade List Annual** ,1881
