*"The Longhunters"* Les Blevins, 2022-05-16 As the author of this work I have accumulated some 200 documents about Blevins Families in America and drawing on around an additional 400 pages of manuscript I will be working to add additional information on the descendants of William Blevins of Virginia as these people are discovered beginning with fifth generation descendants of the fourth American born generation Therefore anyone who can provide corrections or any additional Blevins information I hope they will do so by emailing me at L.Blevins.sunflower.com *Annual Report of the Board of Trustees and Officers of the Indiana Soldiers' and Sailors' Children's Home for the Fiscal Year Ending ... to the Governor Indiana Soldiers' and Sailors' Children's Home*, 1929 **Stone City** Mitchell Smith, 2012-07-10 A thrilling and gripping page turner that serves as both a sociological study of prison life and a metaphor for contemporary America In a prison of youthful hardcore criminals a college professor convicted of killing a young girl while driving drunk teaches other inmates reading skills A series of killings prompts officials to coerce Bauman to track down the killer His quest takes readers into the web of corruption that is inherent in a big state prison **Managing the Organizational Melting Pot** Pushkala Prasad, 1997-05-06 Illuminating the troublesome and disturbing aspects of workplace diversity that tend to be glossed over in most management literature *Managing the Organizational Melting Pot* covers key issues such as individual and institutional resistance the effectiveness of diversity change efforts and the less visible ways in which exclusion and discrimination continue to be practiced in the workplace To assist the reader in understanding some of these dilemmas the contributors to this collection adopt an array of theoretical frameworks that are all striking departures from traditional and more functional perspectives on diversity including intergroup relations theory critical theory Jungian psychology feminism post colonial theory cultural history postmodernism realism institutional theory and class analysis **The Institutional Framework of Russian Serfdom** Tracy Dennison, 2011-04-28 Russian rural history has long been based on a Peasant Myth originating with nineteenth century Romantics and still accepted by many historians today In this book Tracy Dennison shows how Russian society looked from below and finds nothing like the collective redistributive and market averse behaviour often attributed to Russian peasants On the contrary the Russian rural population was as integrated into regional and even national markets as many of its west European counterparts Serfdom was a loose garment that enabled different landlords to shape economic institutions especially property rights in widely diverse ways Highly coercive and backward regimes on some landlords estates existed side by side with surprisingly liberal approximations to a rule of law This book paints a vivid and colourful picture of the everyday reality of rural Russia before the 1861 abolition of serfdom **Secularism and Identity** Dr Reza Gholami, 2015-03-28 Within western political media and academic discourses Muslim communities are predominantly seen through the prism of their Islamic religiosities yet there exist within diasporic communities unique and complex secularisms Drawing on detailed interview and ethnographic material gathered in the UK this book examines the ways in which a form of

secularism non Islamiosity amongst members of the Iranian diaspora shapes ideas and practices of diasporic community and identity as well as wider social relations

**Secularism and Identity** Reza Gholami, 2016-03-03 Within western political media and academic discourses Muslim communities are predominantly seen through the prism of their Islamic religiosities yet there exist within diasporic communities unique and complex secularisms Drawing on detailed interview and ethnographic material gathered in the UK this book examines the ways in which a form of secularism non Islamiosity amongst members of the Iranian diaspora shapes ideas and practices of diasporic community and identity as well as wider social relations In addition to developing a novel theoretical paradigm to make sense of the manner in which diasporic communities construct and live diasporic identity and consciousness in a way that marginalises stigmatises or eradicates only Islam *Secularism and Identity* shows how this approach is used to overcome religiously inculcated ideas and fashion a desirable self thus creating a new space in which to live and thereby attaining freedom Calling into question notions of anti Islamism and Islamophobia whilst examining secularism as a means or mechanism rather than an end this volume offers a new understanding of religion as a marker of migrant identity As such it will appeal to scholars of sociology anthropology and political science with interests in migration and ethnicity diasporic communities the sociology of religion and emerging forms of secularism

*The Greater Good* Claire Gaudiani, 2013-05-07 A persuasive re examination of American prosperity and the generosity that has built our nation For over a century the United States has stood as a beacon of prosperity and democracy proof that big business and big dreams could flourish side by side Yet few Americans realize the crucial role that generosity plays in keeping that fragile balance And now with gated communities oppressive personal debts shrinking government and tax and welfare reform crusades that essential moral glue is at risk of melting away A leading voice for community development former Connecticut College president and scholar Claire Gaudiani explores all these issues as she examines American prosperity from the Constitution to the New Economy bust She traces the push and pull of the robber barons and the progressive movement the New Deal and the postwar boom and the Me Decade and the technology revolution finding that altruism powerfully invests in people property and ingenuity Rather than pitting the capitalists against the populists Gaudiani brings both sides to the table to reseal this fundamental social contract and provide a blueprint for a just future *The Greater Good* is a passionate pragmatic and finally optimistic manifesto for revitalizing the promise of the American economy

**Indigenous Studies and Engaged Anthropology** Paul Sillitoe, 2016-05-23 Advancing the rising field of engaged or participatory anthropology that is emerging at the same time as increased opposition from Indigenous peoples to research this book offers critical reflections on research approaches to date The engaged approach seeks to change the researcher researched relationship fundamentally to make methods more

appropriate and beneficial to communities by involving them as participants in the entire process from choice of research topic onwards The aim is not only to change power relationships but also engage with non academic audiences The advancement of such an egalitarian and inclusive approach to research can provoke strong opposition Some argue that it threatens academic rigour and worry about the undermining of disciplinary authority Others point to the difficulties of establishing an appropriately non ethnocentric moral stance and navigating the complex problems communities face Drawing on the experiences of Indigenous scholars anthropologists and development professionals acquainted with a range of cultures this book furthers our understanding of pressing issues such as interpretation transmission and ownership of Indigenous knowledge and appropriate ways to represent and communicate it All the contributors recognise the plurality of knowledge and incorporate perspectives that derive at least in part from other ways of being in the world **Annual Report of the Waterloo Historical Society** Waterloo Historical Society (Ont.),1916 American Journal of Numismatics ,1911

**Announcements** University of California, San Francisco. School of Medicine,1975 *Proceedings of the American Numismatic and Archæological Society, of New York ...* American Numismatic Society,1907 **The Violet Hour** David Bergman,2004-05-05 The members of the literary circle known as the Violet Quill Andrew Holleran Felice Picano Edmund White Christopher Cox Michael Grumley Robert Ferro and George Whitmore collectively represent the aspirations and the achievement of gay writing during and after the gay liberation movement David Bergman s social history shows how the works of these authors reflected advanced and criticized the values principles and prejudices of the culture of gay liberation In spinning many of the most important stories gay men told of themselves in the short period between the 1969 Stonewall Riots and the devastation of the AIDS epidemic during the 1980s the Violet Quill exerted an enormous influence on gay culture The death toll of the AIDS epidemic including four of the Violet Quill s seven members has made putting such recent events into a historical context all the more important and difficult The work of the Violet Quill expresses the joy suffering grief hope activism and caregiving of their generation The Violet Hour meets the urgent need for a history of the men who bore witness not only to the birth but also to the decimation of a culture UCSF School of Medicine Bulletin University of California, San Francisco. School of Medicine,1978 **The Law of Possession** William Sturman Sax,Helene Basu,2015 Rituals combining healing with spirit possession and court like proceedings are found around the world and throughout history For example a person suffers from an illness that cannot be cured and in order to be healed he performs a ritual involving prosecution and defense a judge and witnesses Divine beings give evidence through human oracles spirits possess their human victims and are exorcized and local gods intervene to provide healing and justice Such practices seem to be the very antithesis of modernity and many modern secular states have systematically attempted to eliminate them Why are such rituals largely absent from modern societies and what happens to them when the state attempts to expunge them from their health and justice systems or even to criminalize them Despite the prevalence of rituals involving some or all of these

elements The Law of Possession represents the first attempt to compare and analyze them systematically The volume brings together historical and contemporary case studies from East Asia South Asia and Africa and argues that despite consistent attempts by states to discourage eliminate and criminalize them such rituals persist and even thrive because they meet widespread human needs      **Proceedings of the American Numismatic Society, Annual Meeting** American Numismatic Society (1907- ),1910      **Historical Papers and Addresses of the Lancaster County Historical Society** Lancaster County Historical Society (Pa.),1906
