Martin Buber's Theopolitics Samuel Hayim Brody, 2018-02-16 How did one of the greatest Jewish thinkers of the 20th century grapple with the founding of Israel and the Israeli Palestinian conflict one of the most significant political conflicts of his time Samuel Hayim Brody traces the development of Martin Buber's thinking and its implications for the Jewish religion for the problems posed by Zionism and for the Zionist Arab conflict Beginning in turbulent Weimar Germany Brody shows how Buber's debates about Biblical meanings had concrete political consequences for anarchists socialists Zionists Nazis British and Palestinians alike Brody further reveals how Buber's passionate

commitment to the rule of God absent an intermediary came into conflict in the face of a Zionist movement in danger of repeating ancient mistakes Brody argues that Buber's support for Israel stemmed from a radically rich and complex understanding of the nature of the Jewish mission on earth that arose from an anarchist reading of the Bible Writing Habits Jaime Goodrich, 2021-10-12 An in depth examination of a significant but marginalized body of literature the texts produced in English Benedictine convents on the Continent between 1600 and 1800 *Encounters of the Children of Abraham from Ancient to Modern Times* Antti Laato, Pekka Lindqvist, 2010-09-14 The 16 contributions to this volume written by scholars from various fields of religious studies lead the reader to comprehend the plurality of interreligious encounters hostile yet also peaceful between the Children of Abraham i.e. Judaism Christianity and Islam **God in All Moments** Or N. Rose, 2004 Spiritual direction for today's spiritual seeker from the wisdom of the Hasidic rabbis **Reclaiming the Feminist Vision** Janet L. Freedman, 2014-05-14 It's called consciousness raising CR Asking questions about our experiences and sharing insights and analyses with others can be the basis for informed activism for positive social change CR provided the entry point for feminists who shaped the women's liberation movement in the late 1960s and 1970s and is now being revitalized across class race and geography in face to face groups and on the internet Reclaiming the Feminist Vision traces the origins principles and impact of consciousness raising reveals how the process migrated to other settings sometimes maintaining the original political intent and sometimes diluting it The book calls for the renewal of the practice to help feminists regain their voices and their power in shaping social movement history **An Introduction to Modern Jewish Philosophy** Claire Elise Katz, 2013-11-19 How Jewish is modern Jewish philosophy The question at first appears nonsensical until we consider that the chief issues with which Jewish philosophers have engaged from the Enlightenment through to the late 20th century are the standard preoccupations of general philosophical inquiry Questions about God reality language and knowledge metaphysics and epistemology have been of as much concern to Jewish thinkers as they have been to others Moses Mendelssohn for example was a friend of Kant Hermann Cohen's philosophy is often described as neo Kantian Franz Rosenzweig wrote his dissertation on Hegel And the thought of Emmanuel Levinas is indebted to Husserl In this much needed textbook which surveys the most prominent thinkers of the last three centuries Claire Katz situates modern Jewish philosophy in the wider cultural and intellectual context of its day indicating how broader currents of British French and German thought influenced its practitioners But she also addresses the unique ways in which being Jewish coloured their output suggesting that a keen sense of particularity enabled the Jewish philosophers to help define the whole modern era Intended to be used as a core undergraduate text the book will also appeal to anyone with an interest how some of the greatest minds of the age grappled with some of its most urgent and fascinating philosophical problems The Committed Self Victor A. Shepherd, 2015-01-03 The Committed Self is a clear and compelling introduction to Existentialism the root of Postmodernism and according to Victor A Shepherd still the most significant philosophy of our times Focusing on Hegel

Kierkegaard Nietzsche Buber Heidegger and Sartre and their passionate commitment to the authenticity of the self Shepherd maintains that Existentialism has much to say to Christians with its understanding of What it is to be a human being How diverse forces operative in the world and in the psyche shape human self awareness The manner in which radical commitment forges and forms that self which is nothing less than a new birth Shepherd believes that an acquaintance with Existentialism will aid Christians in negotiating the minefield they think life has become And he persistently draws attention to the manner in which Existentialism recalls theology to its proper vocation whenever theology appears to be in danger of becoming a species of rationalism that uses religious vocabulary

Beyond Zion Laura Almagor, 2022-05-01 Finalist for National Jewish Book Award for Writing Based on Archival Material 2022 Jewish political and cultural behaviour during the first half of the twentieth century comes to the fore in this portrayal of a forgotten movement with contemporary relevance Commencing with the Zionist rejection of the Uganda proposal in 1905 the Jewish Territorialist Movement searched for areas outside Palestine in which to create settlements of Jews This study analyses the Territorialists ideology and activities in the Jewish context of the time but their thought and discourse also reflect geopolitical concerns that still have resonance today in debates about colonialist attitudes to peoplehood territory and space As the colonial world order rapidly changed after 1945 the Territorialists did not abandon their aspirations in overseas lands Instead in their attempts to find settlement solutions for Europe's surplus Jews they moved from negotiating predominantly with the European colonizers to negotiating also with the ever more powerful non Western leaders of decolonizing nations This book reconstructs the rich history of the activities and changing ideologies of Jewish Territorialism represented by Israel Zangwill's Jewish Territorial Organisation the ITO and later by the Freeland League for Jewish Colonization under the leadership of Isaac Steinberg Via Uganda Angola Madagascar Australia and Suriname this story eventually leads us to questions about yidishkeit and to forgotten early twentieth century ideas of how to be Jewish

Indigenous Vanguard Ben Conisbee Baer, 2019-03-26 Anticolonial struggles of the interwar epoch were haunted by the question of how to construct an educational practice for all future citizens of postcolonial states In what ways vanguard intellectuals asked would citizens from diverse subaltern situations be equally enabled to participate in a nonimperial society and world In circumstances of cultural and social crisis imposed by colonialism these vanguards sought to refashion modern structures and technologies of public education by actively relating them to residual indigenous collective forms In *Indigenous Vanguard* Ben Conisbee Baer provides a theoretical and historical account of literary engagements with structures and representations of public teaching and learning by cultural vanguards in the colonial world from the 1920s to the 1940s He shows how modernizing educative projects existed in complex tension with impulses to indigenize national liberation movements and how this tension manifests as a central aspect of modernist literary practice Offering new readings of figures such as Alain Locke L opold Senghor Aim C saire D H Lawrence Rabindranath Tagore Mahatma Gandhi and Tarashankar Bandyopadhyay Baer discloses the limits and openings of modernist representations as

they attempt to reach below the fissures of class that produce them Establishing unexpected connections between languages and regions Indigenous Vanguardism is the first study of modernism and colonialism that encompasses the decisive way public education transformed modernist aesthetics and vanguard politics **Public Righteousness** Abimbola A.

Adelakun,2023-05-25 Public Righteousness The Performative Ethics of Human Flourishing is driven by the idea that part of what manifests as a disorderly display of virtue in public culture is underlined by the desire to see a more righteous society and an expression of the will to enact such an ideal world into reality This book re structures the ferment of such public displays and fashions an ethic that overturns the ostentatious signals of self righteousness and the fierce contest of animating visions This book engages the work of social ethicist Nimi Wariboko to explore an idea of public righteousness In place of smug superiority and phony pieties the performative ethics that inaugurate this public righteousness offer an intellectual and moral competence that establishes rectitude and culminates in human flourishing **Horror Film and Otherness** Adam

Lowenstein,2022-07-19 What do horror films reveal about social difference in the everyday world Criticism of the genre often relies on a dichotomy between monstrosity and normality in which unearthly creatures and deranged killers are metaphors for society's fear of the others that threaten the normal The monstrous other might represent women Jews or Blacks as well as Indigenous queer poor elderly or disabled people The horror film's depiction of such minorities can be sympathetic to their exclusion or complicit in their oppression but ultimately these images are understood to stand in for the others that the majority dreads and marginalizes Adam Lowenstein offers a new account of horror and why it matters for understanding social otherness He argues that horror films reveal how the category of the other is not fixed Instead the genre captures ongoing metamorphoses across normal self and monstrous other This transformative otherness confronts viewers with the other's experience and challenges us to recognize that we are all vulnerable to becoming or being seen as the other Instead of settling into comforting certainties regarding monstrosity and normality horror exposes the ongoing struggle to acknowledge self and other as fundamentally intertwined Horror Film and Otherness features new interpretations of landmark films by directors including Tobe Hooper George A Romero John Carpenter David Cronenberg Stephanie Rothman Jennifer Kent Marina de Van and Jordan Peele Through close analysis of their engagement with different forms of otherness this book provides new perspectives on horror's significance for culture politics and art **Winged Words: Benjamin,**
