Reformation Observances: 1517-2017 Philip D. W. Krey, 2017-08-09 The year 2017 marks the five hundredth anniversary of the Reformation if that event is dated from the posting of Martin Luther's Ninety Five Theses Admittedly 2017 is an arbitrary and somewhat artificial milestone Nevertheless anniversaries can be special occasions that allow for an appreciation and evaluation of memorable persons and events As a number of Reformation anniversaries approach the historical significance of the Reformation merits increased attention Employing a variety of historiographical methods from intellectual history to postcolonial theory this volume demonstrates how four major traditions observed the Reformation Lutheran Anglican Reformed and Roman Catholic The foreword and preface place the essays into the contemporary and broader historical contexts in the history of reform Commemorations of the Reformation varied in different periods often influenced by immediate historical contexts How are

those sixteenth century events which caused both renewal and conflict in church and society as well as divisions between those expressions to be viewed in the twenty first century in a setting broader than Europe

Heinrich Heshusius and Confessional Polemic in Early Lutheran Orthodoxy Michael J. Halvorson, 2016-04-22 Heinrich Heshusius 1556-97 became a leading church superintendent and polemicist during the early age of Lutheran orthodoxy and played a major role in the reform and administration of several German cities during the late Reformation As well as offering an introduction to Heshusius's writings and ideas this volume explores the wider world of late sixteenth century German Lutheranism in which he lived and worked In particular it looks at the important but inadequately understood network of Lutheran clergymen in North Germany centred around universities such as Rostock Jena K nigsberg and Helmstedt and territories such as Braunschweig Wolfenb ttel in the years after the promulgation of the Formula of Concord 1577 In 1579 Heshusius followed his father Tilemann to the newly founded University of Helmstedt where Heinrich served as a professor on the philosophy faculty and established lasting connections within the Gnesio Lutheran party In the 1590s Heshusius completed his doctoral degree in theology and worked as a pastor and superintendent in Tonna and Hildesheim publishing over seventy sermons as well as a popular catechism based on the Psalms and Luther's Small Catechism As confessional tensions mounted in Hildesheim Heshusius worked as a polemicist for the Lutheran cause pressing for the conversion or expulsion of local Jews At the same time Heshusius began to argue aggressively for the expulsion of Jesuits who had been increasing in number due to the activities of the local bishop and administrator Ernst II of Bavaria By discussing the connection between these two expulsion efforts and the practical activities Heshusius undertook as a preacher catechist and administrator this study portrays Heshusius as a zealous protector of Lutheran traditions in the face of confessional rivals Understanding this zeal and the policies piety and propaganda that came as a result is an important factor in relating how Lutheran orthodoxy gained momentum within Germany in the last decades of the sixteenth century In all this book will reveal the complex characteristics of an important but virtually unknown Lutheran superintendent and theologian active during the era of confessionalization providing a useful resource for the ongoing efforts of scholars hoping to understand the nature of orthodoxy and its importance for early modern Europeans f

Who Do I Say That You Are? William

Schumacher, 2010-01-04 The question of what it means to be a human creature lies at the heart of contemporary wrestling with anthropology and especially anthropology from a theological perspective Through both historical and systematic engagement with the so called Finnish school of Tuomo Mannermaa this study explores and assesses the anthropological dimension of their theology of theosis or deification Mannermaa initiated a minor revolution in Luther studies and in contemporary Lutheran theology by interpreting Luther's doctrine of justification to be a close analog to the Eastern Orthodox doctrine of theosis but his ecumenical interests led him to minimize or overlook key themes in Luther and sharp distinctions between Luther and Orthodox theologians Mannermaa's colleague Simo Peura then developed this thesis with

specific reference to anthropology in a way reminiscent of the sixteenth century reformer Andreas Osiander On closer inspection the project of Mannermaa and his Finnish colleagues fails to understand adequately both Luther's sources and his own theological development In this study a theological anthropology which is more consistent with Luther's theology is developed an anthropology which is determined by God's address to his human creatures what God himself says we are and what he makes us by that word Such an answer to the anthropological question refuses to flee from creation but instead upholds the complex and paradoxical nature of human beings as creatures sinners and saints **Martin Luther** Larry D. Mansch, Curtis H. Peters, 2016-05-19 Combining biographical narrative and analytical essays this book provides a new comprehensive view of Martin Luther's life and times along with a new examination of the radical theology that sparked the Reformation and changed the Christian world forever Drawing on sources new and old the authors chronicle the fascinating turbulent life of the Great Reformer from a historical point of view Luther's revolutionary thoughts on scripture and salvation are explored from a theological perspective offering a fresh appraisal of the doctrine that irrevocably divided the Roman Catholic Church Luther, Conflict, and Christendom Christopher Ocker, 2018-08-30 Martin Luther was the subject of a religious controversy that never really came to an end The Reformation was a controversy about him 1517 Peter Marshall, 2017-07-25 Martin Luther's posting of the 95 Theses to the door of the Castle Church in Wittenberg on 31 October 1517 is one of the most famous events of Western history It inaugurated the Protestant Reformation and has for centuries been a powerful and enduring symbol of religious freedom of conscience and of righteous protest against the abuse of power But did it actually really happen In this engagingly written wide ranging and insightful work of cultural history leading Reformation historian Peter Marshall reviews the available evidence and concludes that very probably it did not The theses posting is a myth And yet Marshall argues this fact makes the incident all the more historically significant In tracing how and why a non event ended up becoming a defining episode of the modern historical imagination Marshall compellingly explores the multiple ways in which the figure of Martin Luther and the nature of the Reformation itself have been remembered and used for their own purposes by subsequent generations of Protestants and others in Germany Britain the United States and elsewhere As people in Europe and across the world prepare to remember and celebrate the 500th anniversary of Luther's posting of the theses this book offers a timely contribution and corrective The intention is not to debunk or to belittle Luther's achievement but rather to invite renewed reflection on how the past speaks to the present and on how all too often the present creates the past in its own image and likeness *Christian Prophecy* Niels Christian Hvidt, 2007-04-19 Throughout the Hebrew Bible God guides and saves his people through the words of his prophets When the prophets are silenced the people easily lose their way What happened after the incarnation death and resurrection of Christ Did God fall silent The dominant position in Christian theology is that prophecy did indeed cease at some point in the past if not with the Old Testament prophets then with John the Baptist with Jesus with the last apostle or with the closure of the canon of the New

Testament Nevertheless throughout the history of Christianity there have always been acclaimed saints and mystics most of them women who displayed prophetic traits In recent years the charismatic revival in both Protestant and Catholic circles has once again raised the question of the place and function of prophecy in Christianity Scholarly theological attitudes toward Christian prophecy range from modest recognition to contempt Mainstream systematic theology both Protestant and Catholic has mostly marginalized or ignored the gift of prophecy In this book however Niels Christian Hvidt argues that prophecy has persisted in Christianity as an inherent and continuous feature in the life of the church Prophecy never died he argues but rather proved its dynamism by mutating to meet new historical conditions He presents a comprehensive history of prophecy from ancient Israel to the present and closely examines the development of the theological discourse that surrounds it Throughout though there is always an awareness of the critical discernment required when evaluating the charism of prophecy The debate about prophecy Hvidt shows leads to some profound insights about the very nature of Christianity and the church For example some have argued that Christianity is a perfect state and that all that is required for salvation is acceptance of its doctrines Others have emphasized how God continues to intervene and guide his people onto the right path as the full implementation of God's salvation in Christ is still far away This is the position that Hvidt forcefully and persuasively defends and develops in this ambitious and important work *Luther's Aesop* Carl P. E.

Springer, 2011-10-15 Reformer of the church biblical theologian and German translator of the Bible Martin Luther had the highest respect for stories attributed to the ancient Greek author Aesop He assigned them a status second only to the Bible and regarded them as wiser than the harmful opinions of all the philosophers Throughout his life Luther told and retold Aesop's fables and strongly supported their continued use in Lutheran schools In this volume Carl Springer builds on the textual foundation other scholars have laid and provides the first book in English to seriously consider Luther's fascination with Aesop's fables He looks at which fables Luther knew how he understood and used them and why he valued them Springer provides a variety of cultural contexts to help scholars and general readers gain a deeper understanding of Luther's appreciation of Aesop **Experiencing Gospel** Gordon A. Jensen, 2023 Jensen's analysis of the 1534 Luther Bible uncovers a central truth of Luther's translation his commitment to producing this object was founded in his desire that receiving the gospel might become a lived experience Jensen demonstrates how the seven words and phrases Luther highlighted in his edition summarize his entire theological message *Luther's Theology of the Cross* Dennis Ngien, 2018-06-11 Luther was fundamentally a preacher pastor a care taker of souls whose ingenuity lies in his usage of the biblical message as a source of pastoral encouragement This book seeks to capture the often overlooked pastoral side of the Reformer through an examination of his sermons on John's gospel The sermons on John show the intrinsic close and causal link between doctrine and consolation They are an exercise of his vocation as a pastor or more precisely as a theologian of the cross who seeks to inculcate the good news of justification by faith in his people leading them to experience it within the dialectic of law and

gospel St John said Luther is the master in the article of justification Luther's theological method namely his theology of the cross permeates and governs the exposition of the text and all major themes of his theology Christology Trinity and soteriology appear in his exegesis of John Aspects of Reforming Michael Parsons, 2014-07-08 The book illustrates the fact that in reforming theology sixteenth century theologians also reformed practice or the imperatives of Christian living Experts in reformation studies identify and elucidate areas of sixteenth century reforming activity in Martin Luther John Calvin and other leading reformers to demonstrate the thoroughgoing nature of the reformation agenda The interpretation of Scripture the centrality of Jesus Christ the Jewish question freedom and pastoral insight form the contents of an important section on Luther The use of feminine imagery for God the Augsburg Confession deification education and the gospel are treated in relation to Calvin The final section deals with Oecolampadius the Son of Man texts in Matthew justification texts on difficult deaths and a Trinitarian exegesis of Scripture By careful reading of both the historical situation and the primary texts this volume adds significantly to our understanding of the period *The Reformation of the Literal* Erik Lundeen, 2025-01-23 What does it mean to read the Bible literally Recent debates on the Protestant reformers have focused on whether they were stridently literal interpreters or maintained a place for allegorical readings However in this nuanced book Lundeen argues that the question of what in fact constituted the Bible's literal sense was also a key question in early modern debates There is no clean binary of literal versus allegorical instead reformers subtly produced a variety of competing literalisms There was not one literal sense in the Reformation but many To make this case Lundeen comparatively analyzes Reformation era commentaries on the prophet Isaiah He further highlights the little known but influential works of the Basel reformer Johannes Oecolampadius who was the first Christian to publish commentaries on most of the biblical prophets in the sixteenth century By placing Oecolampadius in conversation with a host of his better known Christian and Jewish predecessors and contemporaries this book reframes a central aspect of Reformation era biblical exegesis while also providing a constructive resource for those who seek to read the Bible's ancient prophets as Christian scripture today

The Routledge Research Companion to Johann Sebastian Bach Robin Leaver, 2016-11-25 The Ashgate Research Companion to Johann Sebastian Bach provides an indispensable introduction to the Bach research of the past thirty fifty years It is not a lexicon providing information on all the major aspects of Bach's life and work such as the Oxford Composer Companion J S Bach Nor is it an entry level research tool aimed at those making a beginning of such studies The valuable essays presented here are designed for the next level of Bach research and are aimed at masters and doctoral students as well as others interested in coming to terms with the current state of Bach research Each author covers three aspects within their specific subject area firstly to describe the results of research over the past thirty fifty years concentrating on the most significant and controversial such as the debate over Smend's NBA edition of the B minor Mass Blume's conclusions with regard to Bach's religion in the wake of the new chronology Rifkin's one to a vocal part interpretation the rediscovery of the

Berlin Singakademie manuscripts in Kiev the discovery of hitherto unknown manuscripts and documents and the re evaluation of previously known sources Secondly each author provides a critical analysis of current research being undertaken that is exploring new aspects reinterpreting earlier assumptions and or opening up new methodologies For example Martin W B Jarvis has suggested that Anna Magdalena Bach composed the cello suites and contributed to other works of her husband another controversial hypothesis whose newly proposed forensic methodology requires investigation On the other hand research into Bach s knowledge of the Lutheran chorale tradition is currently underway which is likely to shed more light on the composer s choices and usage of this tradition Thirdly each author identifies areas that are still in need of investigation and research
